NOUVEAU études de cas pour le NCLEX de nouvelle génération NGN MD sur le site Evolve. *Volume 3: Philosophy of Action* Guttorm Fløistad, 2012-12-06 This publication is a continuation of two earlier series of chronicles: Philosophy in the Mid-Century Firenze 1958-59 and Contemporary Philosophy Firenze 1968, edited by Raymond Klimansky. Like the other series, these chronicles provide a survey of important trends in contemporary philosophical discussion from 1966 to 1978. The need for such surveys has, I believe, increased rather than decreased over the last years. The philosophical scene appears for various reasons more complex than ever before. The continuing process of specialization in most branches, the emergence of new schools of thought, particularly in philosophical logic and the philosophy of language, the convergence of interest, though not necessarily of opinion, of different traditions upon certain problems, and the increasing attention being paid to the history of philosophy in discussions of contemporary problems are the most important contributory factors. Surveys of the present kind are a valuable source of knowledge of this complexity and may, as such, be an assistance in renewing the understanding of one's own philosophical problems. The surveys it is to be hoped may also help to strengthen the Socratic element of modern philosophy: the dialogue or Kommunikationsgemeinschaft. So far, four volumes have been prepared for the new series. The present chronicles in Philosophy of Action Vol. 3 follow upon chronicles in the Philosophy of Language and Philosophical Logic V. 01.1 and chronicles in the Philosophy of Science Vol. Philosophie de L'action Guttorm Fløistad, 1986. This publication is a continuation of two earlier series of chronicles: Philosophy in the Mid-Century Firenze 1958-59 and Contemporary
