Driftwood Jessica K. Whitehead, 2025-02-25 I need a flood in my soul to carry off all the old drift and the flimsy habits that have extended down to the water's edge Harlan Hubbard Journals Writer artist and sustainability pioneer Harlan Hubbard 1900 1988 lived a quiet unassuming life and yet he is thoroughly embedded in Kentucky's historical memory While some may know of Hubbard's shantyboat sojourn on the Ohio and Mississippi Rivers with his wife Anna or of Payne Hollow their hand built homestead few know the full story After four decades of transformation Hubbard emerged in middle age as the rightful heir to the Transcendentalist ethos ready to envision a unique existence of simplicity and wild beauty akin to that of the revered Henry David Thoreau In this comprehensive biography Jessica K Whitehead reveals why Hubbard is beloved by his fellow Kentuckians and has been an inspiration to generations of readers interested in art adventure and environmentalism Driftwood delves into Hubbard's family background education and relationships and into his theories on art writing music and philosophy Using journals letters paintings manuscripts and sketches Whitehead pieces together the distinct phases of Hubbard's life providing new insights into his character and legacy By examining his perspectives on creativity and responsible living Whitehead connects the early Hubbard who grappled with his identity and yearned for travel with the confident and intentional Hubbard of Payne Hollow Driftwood The Life of Harlan Hubbard is a complex portrait of a person who deserves a place alongside other iconic American thinkers and artists in the nation's broad cultural history It offers a vivid depiction of Hubbard the traces he left behind and his template for sustainability in our modern ecological landscape

Anna Hubbard Mia Cunningham, 2014-07-11 Anna Eikenhout 1902 1986 was an honors graduate of Ohio State University a fine arts librarian a skilled pianist and an avid reader in three languages Harlan Hubbard 1900 1988 a little known painter and would be shantyboater seemed an unlikely husband but together they lived a life out of the pages of Thoreau's Walden Much of what is known about the Hubbards comes from Harlan's books and journals Concerning the seasons and the landscape his writing was rapturous yet he was emotionally reticent when discussing human affairs in general or Anna in particular Yet it was through her efforts that their life on the river was truly civilized Visitors to Payne Hollow recall Anna as a generous gracious hostess whose intelligence and artistry made the small house seem grander than a mansion

Kentucky's Thoreau and his journals are intimate records of a life lived in harmony with nature. For more than fifty years the artist, writer, and homesteader described daily activities and recorded keen observations as he sought to live simply and authentically. The third and climactic volume of his journals, *Payne Hollow Journal*, contains entries from the years he and his wife Anna lived at their Payne Hollow home along the Ohio River's Kentucky shore. There they mastered the arts of country life, building their own stone and timber house in 1952 and raising their own food. To live with nature was not a novel experience for the couple; earlier they had floated down the Ohio and Mississippi rivers to New Orleans on their homemade shantyboat. Hubbard described this journey in *Shantyboat Journal*, the basis for his *Shantyboat* and *Shantyboat on the Bayous*. By turns poetic and practical, *Payne Hollow Journal* celebrates nature's intense beauty and sometimes harsh realities as perhaps only an artist can see them. Here Hubbard reveals how dedication to work that provides sustenance—gardening, wood chopping, fishing, foraging, and raising goats—can also be fulfilling. Don Wallis's arrangement of the *Payne Hollow* entries reflects the seasonal changes in Hubbard and his life as well as in the natural world around him. At the beginning of this volume, Hubbard writes: "When we are away from Payne Hollow, that place does not seem real or possible. It is hard to explain our situation to give reasons for our living this way to people who have no understanding or sympathy." A visit to the Hubbards' home through *Payne Hollow Journal* is ample explanation for anyone who has yearned to lead a life of simplicity and purpose.

Shantyboat Harlan Hubbard, 1953 The Living Wilderness, 1974 **The History of the Descendants of Elder John Strong, of Northampton, Mass.** Benjamin Woodbridge Dwight, 1871 *Thoreau's Sense of Place* Richard J. Schneider, 2000-05. Recent Thoreau studies have shifted to an emphasis on the green Thoreau, on Thoreau the environmentalist rooted firmly in particular places and interacting with particular objects. In the wake of Buell's *Environmental Imagination*, the nineteen essayists in this challenging volume address the central questions in Thoreau studies today: how green, how immersed in a sense of place was Thoreau really, and how has this sense of place affected the tradition of nature writing in America? The contributors to this stimulating collection address the ways in which Thoreau and his successors attempt to cope with the basic epistemological split between perceiver and place inherent in writing about nature. Related discussions involve the kinds of discourse most effective for writing about place. They focus on the impact on Thoreau and his successors of culturally constructed assumptions deriving from science, politics, race, gender, history, and literary conventions. Finally, they explore the implications surrounding a writer's appropriation or even exploitation of places and objects.
