*Peace And Its Discontents* Edward W. Said, 2012-10-24 In works such as *Culture and Imperialism* Said compelled us to question our culture's most privileged myths With this impassioned and incisive book the foremost Palestinian American intellectual challenges the official version of the Middle East peace process He challenges and stimulates our thinking in every area Washington Post Book World

**The End of the Peace Process** Edward W. Said, 2007-12-18 In this unflinching cry for civic justice and self determination Said promotes not a political agenda but a transcendent alternative the peaceful coexistence of Arabs and Jews enjoying equal rights and shared citizenship Eloquent impassioned and beautifully written Foreign Affairs Soon after the Oslo accords were signed in September 1993 by Israel and Palestinian Liberation Organization Edward Said predicted that they could not lead to real peace In these essays most written for Arab and European newspapers Said uncovers the political mechanism that advertises reconciliation in the Middle East while keeping peace out of the picture Said argues that the imbalance in power that forces Palestinians and Arab states to accept the concessions of the United States and Israel prohibits real negotiations and promotes the second class treatment of Palestinians He documents what has really gone on in the occupied territories since the signing He reports worsening conditions for the Palestinians critiques Yasir Arafat's self interested and oppressive leadership denounces Israel's refusal to recognize Palestine's past and in essays new to this edition addresses the resulting unrest

*The End of the Peace Process* Edward W. Said, 2002 A collection of essays by literary and cultural critic Edward W Said It provides a commentary on the peace process in the last six years of the 20th century in which Said has been virtually a lone voice in the West supporting the rights of the Palestinian people Now revised and updated by the author

*The Discourse of Palestinian-Israeli Relations* Sean F. McMahon, 2010-04-15 This Foucault inspired analysis of the degeneration of the Oslo Process into direct Palestinian Israeli violence critically examines the ideas and practices that define Palestinian Israeli relations The text offers a radically different peace proposal that moves far beyond exhausted calls for confidence building measures and or an end to settlement construction

*Hamas: Der politische Islam in Palästina* Helga Baumgarten, 2024-11-13 In ihrem bahnbrechenden Werk das urspr nglich im Jahr 2006 ver ffentlicht wurde taucht die renommierte Journalistin Historikerin und Nahostwissenschaftlerin Helga Baumgarten tief in die Feinheiten der Hamas ein und bietet eine umfassende und aufschlussreiche Untersuchung die heute noch genauso relevant ist wie bei ihrer ersten Ver ffentlichung Indem sie die Hamas in ihren breiteren soziopolitischen Kontext einordnet beleuchtet Baumgarten die Komplexit t und die Herausforderungen mit denen die pal stinensische Gesellschaft konfrontiert ist sowie die breitere Dynamik die die Region pr gt

*The Palestine-Israel Conflict* Gregory Harms, Todd M Ferry, 2012-06-14 The Palestine Israel conflict is the most notorious and ingrained conflict of the twentieth and now twenty first century Yet the way it is reported in the media is often confusing leading many to assume the hostilities stretch back to an ancient period The Palestine Israel Conflict is the first book to provide a clear accessible and annotated

introduction that covers the full history of the region from Biblical times until today Perfect for the general reader as well as students it offers a comprehensive yet lucid rendering of the conflict setting it in its proper historical context Harms and Ferry show how today's violence is very much a product of recent history with its roots in the twentieth century This balanced account is now fully up to date including the ongoing situation in Gaza making it a valuable resource for anyone who wants a clear guide to the conflict between Israel and the Palestinian territories and its place in the history of Middle Eastern affairs Dialogue in Palestine Nadia Naser-Najjab, 2020-01-23 Since 1993 various international donors have poured money into a People to People P2P diplomacy programme in Palestine This grassroots initiative still funded by prominent external donors today seeks to foster public engagement through contact and therefore remove deeply embedded barriers This book examines the limited nature of this contact and explains why the P2P framework which was ostensibly concerned with the promotion of peace ultimately served to reinforce conflict and power relations The book is based on the author's own experience of the solidarity activities during the First Intifada and her first hand involvement as a coordinator of the P2P projects implemented during the 1990s It provides a much needed critical account of the internationally sponsored peace process and develops new theoretical analyses of settler colonialism **Human Rights and a Middle**

**East Peace Process** Stefan August Lütgenau, 2007 Since 1967 the Middle East conflict has been a key obstacle to peaceful and prosperous development of the entire region Israeli occupation of the Palestinian Territories is the root cause of a wide range of violations against human rights and humanitarian law Although the international community has produced a number of peace plans to settle the conflict none of the plans supported by the international community and the Middle East Quartet of the United Nations the United States Russia and the European Union tackle the problems of deteriorating human rights on the ground In a joint effort a group of internationally renewed experts of international law conflict resolution history human rights and humanitarian law from Israel Palestine Europe and the United States have evaluated the preconditions of reintroducing human rights into the international political discourse on the Middle East conflict in this indispensable book

*Medien und Meinungsfreiheit in Palästina* Christoph Reuter, Irmtraud Seibold, 2000 **Blind Spot** Khaled Elgindy, 2019-04-02 A critical examination of the history of US Palestinian relations The United States has invested billions of dollars and countless diplomatic hours in the pursuit of Israeli Palestinian peace and a two state solution Yet American attempts to broker an end to the conflict have repeatedly come up short At the center of these failures lay two critical factors Israeli power and Palestinian politics While both Israelis and Palestinians undoubtedly share much of the blame one also cannot escape the role of the United States as the sole mediator in the process in these repeated failures American peacemaking efforts ultimately ran aground as a result of Washington's unwillingness to confront Israel's ever deepening occupation or to come to grips with the realities of internal Palestinian politics In particular the book looks at the interplay between the U S led peace process and internal Palestinian politics namely how a badly flawed peace process helped to

weaken Palestinian leaders and institutions and how an increasingly dysfunctional Palestinian leadership in turn hindered prospects for a diplomatic resolution. Thus while the peace process was not necessarily doomed to fail, Washington's management of the process with its built-in blind spot to Israeli power and Palestinian politics made failure far more likely than a negotiated breakthrough. Shaped by the pressures of American domestic politics and the special relationship with Israel, Washington's distinctive blind spot to Israeli power and Palestinian politics has deep historical roots dating back to the 1917 Balfour Declaration and the British Mandate. The size of the blind spot has varied over the years and from one administration to another but it is always present.

**The Middle East**, 2005 Presents an introduction to the Middle East and discusses issues of economic, political and cultural significance including the Arab Israeli conflict, US policy, the Persian Gulf oil and Islam with profiles of twelve Middle Eastern countries, chronology of events in the region from 1900 to 2004

**Straight Power Concepts in the Middle East** Gregory Harms, 2010-05-15 A highly accessible introduction to the history of US foreign policy in the Middle East and why it remains deeply significant in the present day

Kindlers Literatur Lexikon Heinz Ludwig Arnold, 2009 *Vixens Disturbing Vineyards* Harry Fox, 2010 Written in a variety of disciplines, these essays rethink canonical texts through Harry Fox's rubric, contributing to the understanding of historical and textual moments of embarrassment and embrace. Contributors include Yaakov Elman, Paul Heger, Tirzah Meacham, Yosef Tubi and the late Chana Safrai as well as many students, colleagues and friends of Professor Fox
