Peace Eyes:

Challenges of Constructing Legitimacy in Peacebuilding Daisaku Higashi, 2015-02-20 Peacebuilding is a critical issue in world politics Surprisingly however there has not been a full examination of concrete policies and implementation strategies to generate legitimacy in host states by either international relations IR theorists or practitioners The objective of this book is to develop an understanding of the mechanisms for constructing or eroding the legitimacy of newly created governments in post conflict peacebuilding environments The book argues that although existing accounts in the literature contend that compliance with key political programs and constructing legitimacy in peacebuilding largely depend on the levels of force guns and resource distribution money aimed at people who are governed there are other significant factors such as inclusive governments reconciling with old enemies and the substantial role of international organizations IOs as credible third parties to establish fairness and impartiality within the political process Highashi focuses on an in depth analysis of the challenges involved in creating a legitimate government in Afghanistan focusing on disarmament programs with powerful warlords and the reconciliation efforts with the insurgency especially the Taliban In the conclusion the book also examines three complimentary cases Iraq East Timor and Sierra Leone which consistently support the argument presented earlier This work will be of interest to students and scholars of peacebuilding and conflict resolution as well as international relations more broadly

If I Were God SRASHTI BEHURE, 2021-06-30 Humans often under dire situations end up cursing and thrashing the belief in the Almighty A man is thankful of Him and His blessings if they work in his favour and aid him to grow and glow Yet there comes a time when nothing in life seems to be going his way and he feels that God just isn't there for him anymore not standing beside him deaf to all his prayers and blind to all his miseries Isn't that the moment when a man's strongest urge is to become a God himself and make every little affliction and sorrow vanish off the face of his life with just one flick of a finger If I Were God is a compendium of several such moments in the form of short stories poems and essays put into relatable words by our remarkable bunch of writers This collection has been anthologized with toil and dedication by compiler Srashti Behure and Divya Renwa Do read and enjoy the near déjà vu instances scribbled in with adoration and kindness

UNDISCLOSED SPIN Ranjeet Prasad, A preface never defines anyone once you understand the emotion conveyed through their assertions and the depth of their words that shape the world This can be seen as the face of the preface while the postface represents the recognition we receive from the preface The preface serves as a means to elaborate on our journey how we come across opportunities to write and the individuals behind it These are the people who inspire us to be compassionate and empathetic towards others making us better individuals It is a self contained question and answer Once you become familiar with the unpredictability of life you will attain or encounter whatever you desire That is the beauty of life In my pursuit of something I have encountered both beautiful human beings and monsters She is as dangerous as poison when it comes to getting sacred by themselves and she is poison but that poison nectar for

somebody and for someday it's become lethal. It depends upon the person's realness. We both like to be real and get acquainted to be real humans only. Nowadays people are like camouflage when where and how they are going to teach you the weirdness of life nobody knows. However her companionship for me is no less than an empyrean complot. We sharpen each other through a little wisdom which we had earlier. Now we both know more than anyone about life people's intentions actions and the dichotomy of their imputations. Our stupid illustration makes us better and we both are mad when it comes to abstract connections. We both develop such a microscopic viewpoint to get something from nothing. Our attitude toward learning pushes us to learn more about things on our own. Earlier we were on trial whenever we discussed something. Now we are becoming 0.1% better than others when it comes to understanding people's emotions and their pain. One day we were talking about something and I mentioned that I had written many articles and wondered if I should convert them into books. She suggested that it could be a book if I wanted to compile it and I agreed to give it a try although I wasn't completely sure about it. Should I make it happen or not? I received a lot of help while writing and she guided me very patiently. I am grateful for her kindness. She is always ready to help anyone in need. Such a beautiful soul focused on the well being of others. I'm very fortunate that I'm in the shadow or we both are in the shadow of each of our wisdom. Initially I didn't know anything but she gradually groomed me without letting me know and now we are both reaping the benefits of her patience. She is the sole inspiration for many things in my life. I don't know whether I will bring about any change in her life or not. But her guidance and helping me understand my flaws made me better able to correct my flaws and become a better person. That's how I got an opportunity to write something about her to preserve our memories and cherish our companionship when we grow old. That's what binds both of us with an invisible energy that connects us wholeheartedly forever. So this book is inspired by her our inspiration in life who is very wise and rational. This book is all about My Okra her life is good or bad. I am no one to categorize into categories. Her life is in itself a dilemma for her but for me not less than an inspiration. I don't care about anyone what they are thinking about her the only thing I know is she is the best in every version with right rationality. In this book you are going to relive your life once again from the beginning to your next birthday and beyond this as well. I will describe you entirely from scratch to bring you back to life once again on the basis of whatever I know about her based on the eyes of darkness to the light of life from understanding not from knowing. As the friend as soil as tree. A lot more I'm going to explain in this book about life people's assumptions and the way of stimulating themselves to guide someone from darkness to light. Without her I wouldn't be able to write such a beautiful book about her. I do like her a lot but I would not have the courage to say otherwise she will kill me outright. I will explain my liking in a few chapters. But it's all about us and our truthfulness. We both resemble each other a lot. You will get to know more about it after delving deeper into the swimming pool of this book. So have patience to read and understand who you are in my eyes and who you are in the eyes of others.
