Peacekeeping On Arab Israeli Fronts Lessons From The Sinai And Lebanon:

Peacekeeping On Arab-Israeli Fronts Nathan A Pelcovits, 2019-06-04 Since 1948 the United Nations has sponsored virtually every third party peacekeeping mission on Arab Israeli fronts Three recent events however have been responsible for significantly altering the pattern of peacekeeping in the region the Camp David accords which because they were opposed in the U N by the Soviet Union and most Arab nations prevented U N sponsorship of a Sinai peacekeeping force the June 1982 Israeli invasion of Lebanon during which the U N Interim Force was made to look ineffectual and the Sabra Shatila massacres in South Beirut three months later which prompted the deployment of a multinational peacekeeping force Dr Pelcovits analyzes these events to answer the questions they raise about peacekeeping in the Middle East What advantages are afforded by U N peacekeepers compared with non U N missions What net benefits are derived from American participation in a non U N multinational operation And how do they compare to the classic U N peacekeeping rationale of insulating disputed areas from super power confrontation Finally what determines the success of such operations geopolitical circumstance or institutional affiliation

National Contingents in United Nations Peace-Keeping Forces Robert C R Siekmann, 1991-09 Are member states obliged to provide troops for United Nations peace keeping operations What criteria apply for the composition of UN forces Does the host state have any say in this respect And may national contingents be withdrawn at any time Who pays the cost of participation How are criminal trials of military personnel organized and what is their status What influence do troop contributing states have in the operational phase with regard to their own contingent and their members This book sets out to answer these and many other relevant questions examining operational practice in detail and assessing the results according to international law criteria With the growing role of UN peace keeping forces Siekmann has produced an essential handbook for diplomats legal advisers and the military
