## **Peacemakers The Paris Conference Of 1919 And Its Attempt To End War:**

**Peacemakers** Margaret MacMillan, 2001 After the war to end all wars men and women from all over the world converged on Paris for the Peace Conference At its heart were the three great powers Woodrow Wilson Lloyd George and Clemenceau but thousands of others came too each with a different agenda Kings prime ministers and foreign ministers with their crowds of advisers rubbed shoulders with journalists and lobbyists for a hundred causes from Armenian independence to women s rights Everyone had business that year T E Lawrence Queen Marie of Romania Maynard Keynes Ho Chi Minh There had never been anything like it before and there never has been since For six extraordinary months the city was effectively the centre of world government as the peacemakers wound up bankrupt empires and created new countries This book brings to life the personalities ideals and prejudices of the men who shaped the settlement They pushed Russia to the sidelines alienated China and dismissed the Arabs struggled with the problems of Kosovo or the Kurds and of a homeland for the Jews The peacemakers it has been said failed dismally and above all failed to prevent another war Margaret MacMillan argues that they have been made scapegoats for the mistakes of those who came later They tried to be evenhanded but their goals could never in fact be achieved by diplomacy

*Paris 1919* Margaret MacMillan, 2007-12-18 A landmark work of narrative history Paris 1919 is the first full scale treatment of the Peace Conference in more than twenty five years It offers a scintillating view of those dramatic and fateful days when much of the modern world was sketched out when countries were created Iraq Yugoslavia Israel whose troubles haunt us still Winner of the Samuel Johnson Prize Winner of the PEN Hessel Tiltman Prize Winner of the Duff Cooper Prize Between January and July 1919 after the war to end all wars men and women from around the world converged on Paris to shape the peace Center stage for the first time in history was an American president Woodrow Wilson who with his Fourteen Points seemed to promise to so many people the fulfillment of their dreams Stern intransigent impatient when it came to security concerns and wildly idealistic in his dream of a League of Nations that would resolve all future conflict peacefully Wilson is only one of the larger than life characters who fill the pages of this extraordinary book David Lloyd George the gregarious and wily British prime minister brought Winston Churchill and John Maynard Keynes Lawrence of Arabia joined the Arab delegation Ho Chi Minh a kitchen assistant at the Ritz submitted a petition for an independent Vietnam For six months Paris was effectively the center of the world as the peacemakers carved up bankrupt empires and created new countries This book brings to life the personalities ideals and prejudices of the men who shaped the settlement They pushed Russia to the sidelines alienated China and dismissed the Arabs They struggled with the problems of Kosovo of the Kurds and of a homeland for the Jews The peacemakers so it has been said failed dismally above all they failed to prevent another war Margaret MacMillan argues that they have unfairly been made the scapegoats for the mistakes of those who came later She refutes received ideas about the path from Versailles to World War II and debunks the widely accepted notion that reparations imposed on the Germans were in large part responsible for the Second

World War Praise for Paris 1919 It's easy to get into a war but ending it is a more arduous matter It was never more so than in 1919 at the Paris Conference This is an enthralling book detailed fair unfailingly lively Professor MacMillan has that essential quality of the historian a narrative gift Allan Massie The Daily Telegraph London **Six Months that Changed the World** Margaret MacMillan, 2003 In this course University of Toronto history professor Margaret MacMillan takes us back to Paris in 1919 when for six months U S President Woodrow Wilson British Prime Minister David Lloyd George and French Prime Minister George Clemenceau met to discuss the peace settlements that would end World War I *Der Papierkrieg zwischen Washington und Wien 1917/18* Kurt Bednar, 2017-09-15 Eine Aufarbeitung der Geschehnisse rund um den Krieg zwischen der einstigen Donaumonarchie und der heutigen Weltmacht Am 7 Dezember 1917 erklärten die USA Österreich Ungarn den Krieg Offen blieb und bleibt bis heute welche Gründe zu diesem drastischen Schritt geführt haben Die Auseinandersetzungen fanden aber weder auf Schlachtfeldern noch mittels Angriffen in der Luft oder auf hoher See sondern hauptsächlich auf Papier statt waren also diplomatischer Natur Zwischen den amerikanischen Soldaten und jenen der Donaumonarchie gab es zumindest kaum Konflikte Die Anerkennung einer unabhängigen Tschechoslowakei brachte die Monarchie schließlich ins Wanken den Rest besorgten die zum Teil undurchsichtigen Vorgänge auf der Pariser Friedenskonferenz 1919 Kurt Bednar legt mit seinen umfangreichen Nachforschungen sowohl in Österreich als auch in den USA offen dass der Konflikt unter den Nationalitäten von außen kräftig angeheizt wurde Die heutige Weltmacht USA damals noch international unerfahren stieg spät in den Krieg ein und versuchte mit enormem Rechercheaufwand Informationen über Europa zu sammeln und sich so auf die Verhandlungen in Paris vorzubereiten Der gute Wille geriet jedoch rasch unter die Räder der europäischen Machtpolitik Der Autor hat es sich zur Aufgabe gemacht die Beziehungen zwischen den USA und Österreich Ungarn zu untersuchen und verständlich darzustellen Auf Grundlage seiner ausgedehnten Recherchen in namhaften Archiven und Bibliotheken u a Library of Congress National Archives Universitäten von Columbia bis Yale österreichisches Staatsarchiv schildert er spannend und detailreich die Geschichte eines unausgefochtenen ausgefochtenen Krieges **The War that Ended Peace** Margaret MacMillan, 2013-10-17 WINNER of the International Affairs Book of the Year at the Political Book Awards 2014 Longlisted for the Samuel Johnson Prize 2013 The First World War followed a period of sustained peace in Europe during which people talked with confidence of prosperity progress and hope But in 1914 Europe walked into a catastrophic conflict which killed millions of its men bled its economies dry shook empires and societies to pieces and fatally undermined Europe's dominance of the world It was a war which could have been avoided up to the last moment so why did it happen Beginning in the early nineteenth century and ending with the assassination of Arch Duke Franz Ferdinand award winning historian Margaret MacMillan uncovers the huge political and technological changes national decisions and just as important the small moments of human muddle and weakness that led Europe from peace to disaster This masterful exploration of how Europe chose its path towards war will change and enrich how we see this defining moment in our history

**Frieden durch Recht?** Marcus M. Payk, 2018-05-22 This study presents the Paris Peace Treaties of 1919/20 in a new light. Going beyond conventional narratives about the dictated peace of Versailles and the failures of the peacemakers, the book offers a fresh and comprehensive look at the five peace treaties with Germany, Austria-Hungary, Bulgaria, and the Ottoman Empire. Marcus Payk exhibits the influence of late 19th-century normative expectations and demonstrates how the entire peace settlement was deeply imbued by notions of international law, justice, and legality. The study examines the political power as well as the intrinsic logic of legal arguments in foreign affairs, arguing for a more nuanced picture of a juridification of international politics.

Sintflut Adam Tooze, 2015-03-30 Wie aus den Trümmern des Ersten Weltkriegs eine neue Welt entstand. Wie eine Sintflut riss der Erste Weltkrieg die alte Ordnung hinweg, wirbelte gesellschaftliche, politische und ökonomische Vormachtstellungen durcheinander, lie ganze Reiche zerbrechen und neu entstehen. In einem weltumspannenden Panorama beschreibt Adam Tooze die fundamentalen Verschiebungen der Zwischenkriegszeit und legt dar, wie fatal sich vor allem die Rolle der USA auswirkte. Die neue Weltmacht scheiterte letztlich daran, dauerhaft für Frieden zu sorgen. In seiner beeindruckenden Darstellung der Zwischenkriegszeit zeigt Adam Tooze, wie in den Jahren von 1916 bis 1931 eine neue Weltordnung entstand. Auch als das Töten auf den Schlachtfeldern des Ersten Weltkriegs schon lange vorbei war, tobte der Kampf um Macht und Einflusssphären weiter. Am Ende der Epoche hatte sich die Welt fundamental verändert. Die Vereinigten Staaten waren Weltmacht und wollten doch keine Verantwortung für die von ihnen geschaffene Friedensordnung übernehmen. So konnten radikale Kräfte Kommunismus und Faschismus zunehmend an Einfluss gewinnen, und die Welt bald unaufhaltsam einem zweiten globalen Konflikt entgegenreiben. Mit seinem glänzend erzählten Buch liefert Tooze eine neue Deutung der großen Umwälzungen und des verlorenen Friedens nach dem Ersten Weltkrieg.

The Origins of the Second World War: An International Perspective Frank McDonough, 2011-09-22 Major international experts offer new interpretations of the key aspects of the origins of the Second World War.

*Peacemaking, Peacemakers and Diplomacy, 1880-1939* Gaynor Johnson, 2010 This book is a collection of essays by leading scholars of the international history of the late nineteenth and early twentieth centuries that aims to explore the dynamics of the way in which diplomacy was conducted before, during, and after the First World War. It is a history of the origins, nature, and conduct of the so-called new diplomacy. The phrase often used by historians of this period but not fully understood. Other key themes include changes in the way war as a diplomatic tool was viewed in this period, primarily from the perspective of the British and American governments. This book also contributes to the growing literature on how the Paris Peace Conference and the peace treaties it produced were viewed from outside as well as inside Europe.

Konrad, Wolfgang Maderthaner, 2008 To no small extent anniversaries structure the interest and attention of historians and their audience alike In Austria the founding of the republic in 1918 was commemorated in 2008 not least with a large exhibition in the representative columned hall of the Parliament in Vienna The building modeled on a Greek temple was erected between 1873 and 1883 for the Imperial Council of the Habsburg Monarchy On November 12 1918 after Emperor Karl had renounced government business the German speaking deputies proclaimed the Republic of German Austria on the ramp in front of it Shortly after the multiple anniversary year 2005 60 years of the Second Republic 50 years of the State Treaty 10 years of EU membership in addition to other smaller round anniversaries for the trade union federation the armed forces the Burgtheater and State Opera as well as television another opportunity presented itself to celebrate Austria However the focus on 90 years of the Republic of Austria largely hides the fact that this is by no means an uninterrupted development in a few years between 1938 and 1945 Austria did not even exist on the map as a sovereign state Which of course says nothing about the participation of Austrians in the events and above all in the crimes of the time During the Nazi era the parliament building was used as the seat of the district administration of Vienna However the parliament had already been switched off four years earlier by the Christian Social Chancellor Dollfuss in favor of a clerical authoritarian corporate state The story is more complicated and far less linear than the number magic of the anniversaries suggests The road to establishing democracy in Austria and also an independent Austrian identity as it presents itself to us today was long and winding Helmut Konrad Professor of Contemporary History in Graz and Head of the Ludwig Boltzmann Institute for Social and Cultural History and Wolfgang Maderthaner Managing Director and Scientific Director of the Association for the History of the Labor Movement in Vienna both distinguished by a large number of works in the fields of Cultural and social history as well as science managers took the Republic's anniversary as an opportunity to gather more than 30 international authors from various disciplines all recognized experts in their fields of research and focus on the difficult founding and early years of the First Republic allow The result was two volumes with a total of almost 700 pages covering the end of the First World War border issues political The claim to bring a standard work onto the market is obvious and was openly formulated by Helmut Konrad at the book presentation in the Federal Chancellery not in Parliament The equipment is accordingly high quality the volumes contain a large number of photographic testimonies central documents are reproduced in an appendix and four reprinted maps are also enclosed Here too it seems inevitable that it will very quickly become state supporting Federal President Heinz Fischer and now ex Federal Chancellor Alfred Gusenbauer both Social Democrats have contributed a foreword and foreword Contemporary Austria is reflected in history In fact the Second Republic understands itself as Fischer himself a lawyer and qualified political scientist emphasizes both as a continuation of the First Republic not least by resorting to the constitution and as an alternative to it which succeeded in overcoming the distortions and contradictions between the political camps which ultimately led to the civil war and the Anschluss to the German Reich have led to balance The Second

Republic is no longer a state that nobody wants although a look at the history of the years from 1918 to 1933/34 and 1938 to 1945 can still open up rifts. There is practically no consensual picture of this time across the camps. The title *The Rest is Austria* takes up a statement made by French Prime Minister Clemenceau at the peace conference in Saint Germain when the former Habsburg Empire was divided up. But the early years of the First Republic and its constitutive ambivalences which the two editors focus on cannot of course be understood without taking a look at the formative forces of the First World War. Consequently there are two contributions at the beginning that deal with the end and the traumatic experiences of the Great War and their lasting political but also cultural/historical consequences: Manfred Rauchensteiner, Lutz Musner. Not only the form and constitution of the new state. In the second large section of the first volume the specifics of Austrian development are placed in the context of the upheavals in Central Europe after the end of the war: Wolfgang Maderthaner, the special role of Otto Bauer is acknowledged, Ernst Hanisch and the political camps, Red Vienna, Helmut Konrad, the Christian Socials, Dieter A. Binder and the German Nationals, Kurt Bauer as well as the role of Jews and women, Malachi Hacohe, Gabriella Hauch. The lines of conflict between the various social groups and the willingness to use physical violence, Gerhard Botz are examined as are the development of the constitution, Alfred J. Noll and the denominational situation in Austria which is dominated by the Catholic Church, Andreas Weigl. Part of the second volume is devoted to economic and social/historical aspects and thus to the central question of the viability of the new small state which initially was no more than the rest of the Habsburg Empire: inflation and monetary policy are just as much a topic here as the associated issues: speculative capitalism, Fritz Weber, Herbert Matis, Niko Wahl. The situation of the bourgeoisie, Peter Berger and the position of women in society and the world of work, Karin M. Schmidlechner are analyzed. The socialization and socialization practices in economic life are treated alongside the flourishing economic theory: production of these years using the examples of Joseph Schumpeter, Ludwig Mises and Othmar Spann, Johann Brazda, Robert Schediwy, Robert St. ger. Finally the last section is devoted to art and culture. In a more culture theoretical essay the emergence of avant garde and mass culture, the crisis of perception and visual culture as an effect of the world war is described here, Siegfried Mattl. Individual contributions then turn to the literary scene and theater life in Vienna but also to the spectator/spectacle of football with which the social underclass conquered new possibilities of articulation and their own public: Alfred Pfoer, Julia Danielczyk, Birgit Peter, Roman Horak. Finally Eugenie Schwarzwald's reform pedagogical activities, Freud's mass psychological theory which emerged from the experiences of the World War. Konrad Maderthaner and their authors do not present an overall account of the history of the First Republic. However they offer a cleverly composed panorama of their early years which thanks to its broad thematic range and the excellent selection of the contributors is convincingly able to fulfill the claim of a standard work and offers an important basis for any further study of the First Republic. In view of this one might miss at most a concluding summary by the editors which formulates further research perspectives on the basis of what has been presented or a more weighted and content oriented foreword.
