The religion of philosophy or The unification of knowledge Raymond St. James Perrin, 1885 **The Edinburgh New Philosophical Journal**, 1829 **Elements of Physics, Or, Natural Philosophy** Neil Arnott, 1879 **The Science of Breath and the Philosophy of the Tattvas** Rama Prasad, 1897 Small Press, 1996 *Elocution, Or, Mental and Vocal Philosophy* C. P. Bronson, 1845 *The Religion of Philosophy* Raymond St. James Perrin, 1885 It is well known that religion as well as philosophy depends upon language for the expression of its truths This seems a simple proposition but what are its consequences If language is the sole medium of development of the higher thoughts and feelings in its genesis may we not hope to discover the deepest truths of life and mind Before the complex symbols which we call words came into use and hence before the mind acquired the faculty of forming thoughts or extended comparisons activities or motions were the only medium of expression between sentient beings Language is the development of these expressive actions and so highly complex has it become so far removed from its rude beginnings that it seems another order of creation a system of miraculous origin But when we remember that intelligence is a concomitant development with language that thought or spirit is but a building up of words into ideas and that these words are merely condensed memories common experiences which have become current from tongue to tongue is it not evident that there is no impenetrable mystery in speech and that its product mind is a synthesis of simple and familiar truths Again when we retrace sensibility or feeling from which language has been gradually evolved to its beginnings in organic life we find no absolute demarcations we find that all life whether mental or physical is interdependent Introduction Handbook of American Romanticism Philipp Löffler, Clemens Spahr, Jan Stievermann, 2021-07-05 The Handbook of American Romanticism presents a comprehensive survey of the various schools authors and works that constituted antebellum literature in the United States The volume is designed to feature a selection of representative case studies and to assess them within two complementary frameworks the most relevant historical political and institutional contexts of the antebellum decades and the consequent re appropriations of the Romantic period by academic literary criticism in the twentieth and early twenty first centuries **The London, Edinburgh and Dublin Philosophical Magazine and Journal of Science**, 1889 **Rachel Kell, Or, The Philosophy of Courtship** Rachel Kell, 1858 **Secrets of the Hunting Pros**, 1993 **Pears' Shilling Cyclopaedia** Pelham Books, Limited, Penguin Publishing Group, 1898 **Philosophical Magazine**, 1889 Philosophical Transactions of the Royal Society of London Royal Society (London), 1874 *Philosophical Transactions of the Royal Society of London*, 1874 **Philosophical Transactions of the Royal Society of London** Royal Society (Great Britain), 1880 **Handbook of Natural Philosophy** Dionysius Lardner, 1874
