Pearl Of Death:

Becoming the Story Lindsay Palmer, 2018-01-31 The September 11 attacks produced great changes in journalism and the lives of the people who practiced it Foreign reporters felt surrounded by the hate of American colleagues for the enemy Americans in combat areas became literal targets of anti U S sentiment Behind the lines editors and bureau chiefs scrambled to reorient priorities while feeling the pressure of sending others into danger *Becoming the Story* examines the transformation of war reporting in the decade after 9 11 Lindsay Palmer delves into times when print or television correspondents themselves received intense public scrutiny because of an incident associated with the work of war reporting Such instances include Daniel Pearl s kidnapping and murder Bob Woodruff s near fatal injury in Iraq the expulsions of Maziar Bahari and Nazila Fathi from Iran in 2009 the sexual assault of Lara Logan and Marie Colvin s 2012 death in Syria Merging analysis with in depth interviews of Woodruff and others Palmer shows what these events say about how post 9 11 conflicts transformed the day to day labor of reporting But they also illuminate how journalists work became entangled with issues ranging from digitization processes to unprecedented hostility from all sides to the political logic of the War on Terror

About to Die Barbie Zelizer, 2010-12-01 Due to its ability to freeze a moment in time the photo is a uniquely powerful device for ordering and understanding the world But when an image depicts complex ambiguous or controversial events terrorist attacks wars political assassinations its ability to influence perception can prove deeply unsettling Are we really seeing the world as it is or is the image a fabrication or projection How do a photo s content and form shape a viewer s impressions What do such images contribute to historical memory *About to Die* focuses on one emotionally charged category of news photograph depictions of individuals who are facing imminent death as a prism for addressing such vital questions Tracking events as wide ranging as the 1906 San Francisco Earthquake the Holocaust the Vietnam War and 9 11 Barbie Zelizer demonstrates that modes of journalistic depiction and the power of the image are immense cultural forces that are still far from understood Through a survey of a century of photojournalism including close analysis of over sixty photos *About to Die* provides a framework and vocabulary for understanding the news imagery that so profoundly shapes our view of the world

War on Words Joanne M. Lisosky, Jennifer R. Henrichsen, 2011-07-13 This unprecedented book provides a comprehensive examination of the issue of protecting journalists in conflict situations from both a practical and humanitarian law perspective Violent criminals and corrupt governmental officials harass co opt and kill local and foreign journalists in countries from Mexico to Afghanistan to Russia and the Philippines Staggeringly there has been little or no prosecution in 89 percent of journalist murders worldwide Such widespread impunity is arguably one of the greatest threats to press freedom A number of international organizations and advocates have developed efforts to mitigate this problem but belligerents continue to act with few restraints and little if any accountability *War on Words Who Should Protect Journalists* is an examination of the deteriorating and dangerous environment facing journalists and what stakeholders are doing to address

this serious problem threatening democracy worldwide The authors explore the peril facing journalists delve into the legal and practical history of press protection evaluate current safety strategies for journalists and gather opinions from an array of local and international correspondents and practitioners on how to improve this untenable situation *Haunted*

Cemeteries of Indiana Ashley Hood, 2018-11-26 From the Hoosier National Forest to the banks of Lake Michigan Indiana's landscape is dotted with urban and rural cemeteries teeming with restless spirits Crown Hill Cemetery is the final resting place of many notable Hoosiers as well as one rather infamous soul but it may also serve as a playground for the spectral children of Community Hill Tales of mournful spirits can be found at Stepp Cemetery and Highland Lawn while other areas such as Forest Hill and the cemeteries of LaPorte have far darker stories to tell Join tour guide and paranormal investigator Ashley Hood on a journey through Indiana's ghostly burial grounds *The Dwellings of Boxford, Essex County, Mass* Sidney Perley, 1893

Crimes of the Centuries Amber Hunt, 2024-01-16 A fascinating pop history dive into the stories behind the incredibly impactful crimes both infamous and little known that have shaped the legal system as we know it When asked why true crime is so in vogue Pulitzer Prize winning journalist and New York Times bestselling author Amber Hunt always has the same answer it's no hotter than it's always been Crimes and trials have captured American consciousness since the Salem Witch Trials in the seventeenth century And these cases over the centuries have fundamentally changed our society and shifted our legal system resulting in the laws we have today and setting the stage for new rights and protections From the first recorded murder trial led by the first legal dream team to one of the earliest uses of DNA these cases will fascinate
