**Preaching That Speaks to Women** Alice P.

Mathews, 2003-05-01 In most twenty first century congregations women outnumber men by as much as fifty percent or more Unfortunately masculine anecdotes and a lack of understanding of the different ways women and men listen learn and perceive ideas of leadership and power leave many women feeling detached from the messages conveyed from the pulpit How can a pastor effectively minister to both men and women How do the ways in which women understand sermons differ from those of men Preaching That Speaks to Women invites preachers to consider how gender affects the way sermons are understood and calls them to preaching that relates to the entire congregation Drawing from her experience as a teacher of ministry students as well as her experience as a missionary conference speaker and radio Bible teacher Alice Mathews explores both the myths and legitimate boundaries for speaking about women as listeners She considers the ways women think about themselves make ethical decisions handle stress learn and view leadership and power and applies the results to the task of preaching Mathews advocates effective preaching that does not ignore women or merely typecast women in narrowly defined roles

**Decolonizing Preaching** Sarah

Travis, 2014-11-13 Colonialism and imperialism continue to impact the personal and social identities of North American preachers and listeners In Decolonizing Preaching Sarah Travis argues that sermons have a role in shaping the identity and ethics of listeners by helping them formulate responses to empire and colonization Travis employs postcolonial theories to provide important insights for the practice of preaching today She also turns to the social doctrine of the Trinity to offer a vision of the divine human community that effectively deconstructs colonizing discourse This book offers preachers and other practical theologians a gentle introduction to colonial history postcolonial theories and Social Trinitarian theology while equipping them with tools to decolonize preaching and strategies for preventing resisting and responding to colonizing discourse Travis effectively casts a vision of a perichoretic space in which preacher and listener encounter the living God in Trinity and are transformed reconciled and sent out to others in the church and beyond

*Sermons* John Albert Broadus, 1897      *The mission of the Comforter, and other sermons* Julius Charles Hare, 1876      The Homiletic quarterly [afterw.] magazine Homiletic magazine, 1880      How Effective Sermons End Ben Awbrey, 2022-07-21  
 Extremely rare is the preacher whose preaching could not be improved substantially by readdressing his sermon conclusions. Moreover, a sermon conclusion marks the typical preacher's greatest need for improvement in his preaching. This most significant element of a sermon has been championed for its importance in a sermon and yet the conclusion is trivialized in if not omitted from the preaching of sermons. Whether textual, topical, or expository in preaching methodology, the typical preacher has a greater understanding and better implementation of everything else related to preaching in contrast to what is understood and done in concluding sermons. Much is not done and much more is not understood to conclude sermons with clarity, strength, and persuasiveness. *How Effective Sermons End* provides a comprehensive approach and thorough examination of the sorely needed and long overlooked instruction regarding that most vital of all elements of a sermon, the sermon conclusion. This book fills the existing void in homiletical pedagogy about concluding sermons, a void that prevents preachers from reaching their full potential of effectiveness in the ministry of preaching the Word of God. The pathway of better preaching is knowledge and skill to effectively conclude sermons, and this book floods that pathway with light.      *The Baptist Quarterly Review*, 1884      **The Metropolitan Tabernacle Pulpit** Charles Haddon Spurgeon, 1875      **The Practices of Christian Preaching** Jared E. Alcántara, 2019-09-17  
 Leading homiletician Jared Alcántara offers a practice-centered, collaborative, technologically innovative next-generation introductory preaching textbook. The book breaks new ground by adopting a practice-based approach to teaching preaching and by using innovative technological delivery to enhance the educational experience of learners. Alcántara introduces the basics of Christian preaching and emphasizes the skills preachers must cultivate throughout their lives. He shows that preachers can learn effective preaching by paying keen attention to five key competencies: conviction, context, clarity, concreteness, and creativity. Featuring the perspectives of a diverse team of collaborators, *The Practices of Christian Preaching* is designed to prepare effective communicators for the church's multicultural future. Callouts in the book direct readers to a companion website for further information or practice. The online resources include audio and video sermons, video responses from the author, and contributions from collaborators, enabling Alcántara to coach students by showing them instead of just telling them. A Spanish language edition is also available.
