Theravādin Ute Husken, 1997 **The Buddhist Revival in Sri Lanka** George Doherty Bond, 1992-01-01 In 1956 Theravada Buddhists in Sri Lanka and throughout Southeast Asia celebrated the 2500th anniversary of the Buddha's entry into Nirvana and of the establishment of the Buddhist tradition This book examines this revival of Theravada Buddhism among the laity of Sri Lanka analysing its origins and its growth up to the present day Within the spectrum of reinterpretations that have comprised the revival the book focuses on four important types or patterns of reinterpretation and response It examines the rational reformism of the early Protestant Buddhists led by Anagarika Dharmapala and the

conservative neotraditionalism of the Jayanti period Particular attention is given to two of the most recent and dynamic reforms the insight meditation movement breaking with tradition has opened the path of meditation to lay people enabling them to seek Nirvana without renouncing the world The sarvodaya Shramadana movement has addressed the social context reinterpreting the Buddhist heritage to derive authentic forms of Buddhist social development Comprising this series of interpretations and options for lay Buddhists the Buddhist revival represents a new gradual path to Nirvana Buddhism Kevin Trainor,2004 In this strikingly illustrated and authoritative volume readers have an introduction to one of the world s greatest living faiths 200 color photos maps drawings **Defining Buddhism(s)** Karen Derris,Natalie Gummer,2016-04-08 Defining Buddhism s explores the multiple ways in which Buddhism has been defined and constructed by both Buddhists and scholars In recent decades scholars have become increasingly aware of their own role in the construction of how Buddhism is represented a process in which multiple representations of Buddhism compete with and complement one another The reader brings together key essays by leading scholars to examine the central methods and concerns of Buddhism The essays aim to illuminate the challenges involved in defining historical social and political contexts and reveal how definitions of Buddhism have always been contested **Buddhismus, Staat und Gesellschaft in den Ländern des Theravāda-Buddhismus** Heinz Bechert,1967 Die Laokoon-Gruppen German Hafner,1992 **Abhandlungen der Akademie der Wissenschaften in Göttingen, Philologisch-Historische Klasse** Akademie der Wissenschaften in Göttingen.
