The Sociology of Religion Grace Davie, 2013-02-06 A new edition of a successful book from one of the biggest names in the field of the sociology of religion The first edition is widely adopted and cited throughout the world and readers will be keen to see this revised and updated version Sacro-Egoism John S. Knox, 2016-05-10 *Sacro Egoism* The Rise of Religious Individualism in the West discusses the relationship between secularization participation in religious practices and belief and the emergence of radical individualized expressions of faith in the West Using McMinnville Oregon as a case study it presents the data collected and analyzed from several churches denominations and spiritual settings in that unassuming town and compares it to the results of Heelas and Woodhead s *Spiritual Revolution* project arriving at a provocative

conclusion Rather than abandoning Christianity for alternative spirituality practices McMinnville citizens still feel strongly about their Christian faith taking their spiritual walk to a more personal level than ever before in church history Utilizing both quantitative and qualitative research along with personal stories of faith and exploration from McMinnville residents themselves *Sacro Egoism The Rise of Religious Individualism in the West* tells a story of radical individualists who have become the highest religious authority in their lives even over the church the Bible and traditional Christian society

Inside Alpha James Heard, 2012-06-01 UK church attendance hemorrhaging and one course is hailed as the most effective tool for turning back the tide From small beginnings in the early 1970s Alpha has grown to become a global success Churches from across the denominational spectrum have enthusiastically seized upon the course seeing it as the remedy for declining church attendance *Inside Alpha* explores such claims through richly grounded qualitative research on six Alpha courses It assesses Alpha s primary aim of converting non churchgoers and its longer term goal of spiritual maturity Colossians 1 28 29 It questions whether the Alpha program is as successful as it claims at uniting evangelism and discipleship mission and spiritual formation This is an invaluable study for those in the academy and the church who have an interest in ecclesiology and mission How exactly is one to understand conversion What is it to be Christian How does ambiguity and doubt fit within one s journey of faith The importance of this work is in discovering through an engagement with Alpha how people might appropriately be initiated into and discipled within the Christian faith in contemporary culture
