of films both fiction and non fiction including *The Open Road* *The Glorious Adventure* *This is Colour* *Blithe Spirit* *This Happy Breed* *Black Narcissus* *The Red Shoes* *The Tales of Hoffmann* and *Moulin Rouge* Beautifully illustrated with full colour film stills this important study provides fascinating insights into the complex process whereby the challenges and opportunities of new technologies are negotiated within creative practice The book also includes a Technical Appendix by Simon Brown Kingston University UK which provides further details of the range of colour processes used by British film makers *The Publishers' Trade List Annual* ,1973 *The British National Bibliography Cumulated Subject Catalogue* ,1970 The British National Bibliography Arthur James Wells,1967 **Re-reading The Excursion** Sally Bushell,2002 Re Reading The Excursion Narrative Response and the Wordsworthian Dramatic Voice transforms contemporary critical understanding of The Excursion and of the place of this long poem in the Wordsworthian canon Sally Bushell argues that the poem which has suffered at the hands of critics for most of the twentieth century has been unfairly judged according to a Coleridgean rather than a Wordsworthian definition of philosophy that it has been read as a didactic work rather than one which uses its dramatic form to teach its readers to think for themselves She offers a new reading based on her view that The Excursion is about providing the readers with moral habits and mental constructs by which to learn not simply telling them what to think The conclusion reached is that Wordsworth is not just the egotistical poet of *The Prelude* interested largely in the development of his own imaginative powers but one who goes on to explore the limits of subjectivity and the importance of different kinds of imaginative links between individuals
