Science and Technology Advice for Congress Millett Granger Morgan, Jon M. Peha, 2003 Table of contents *Science and Technology Advice* William T. Golden, 2017-09-08 This volume aims to attract attention to the necessity for quality advice on science and technology issues to the president of the United States to the Congress and to the judiciary It emphasizes reconsideration and improvement of existing organizations and mechanisms mindful of the need to adapt to changing circumstances Golden has gathered facts and opinions useful to a wide range of people government officials and staffs in all three branches journalists scholars and students of political science science policy and the history of science policy members of the industrial and financial communities and the concerned citizenry The eighty five prominent experts include both of President Reagan s science advisors President Gerald R Ford congressional leaders and distinguished members of the judiciary *Science and Technology Advice for Congress* Jon M. Peha, 2018 When issues are rooted in science or technology Members of Congress often need assistance in framing issues identifying legislative options and assessing all the pros and cons of each option so they can make informed decisions that are consistent with their own values and priorities Today Congress has no reliable impartial source available to provide detailed analysis of this type with the possible exception of a limited pilot effort within GAO It is time for Congress to move beyond pilots and to establish a permanent technology assessment capability When creating a permanent solution the greatest challenges will be to ensure that this new technology assessment program has careful and balanced bipartisan and bicameral oversight and that its staff and funding levels will remain stable even through heated controversies and budget crises Ideally they should receive sufficient resources to offer a significant amount of support for Congress but stability is more important than size *Toward More Effective Science and Technology Advice for Congress* Peter D. Blair, 2021-04-15 *Toward More Effective Science and Technology Advice for Congress* traces the historical roots of science and technology advice for Congress and chronicles the creation and evolution of the four organizations that provided this advice over the past half century 1 the National Research Council 2 the Congressional Research Service 3 the former Office of Technology Assessment and 4 the Government Accountability Office Key characteristics for providing effective S T advice for Congress are defined and then used to evaluate the relative strengths and weaknesses of these organizations today and to identify prospective organizational improvements in each to meet today s needs *Science, Technology, and Government for a Changing World* Carnegie Commission on Science, Technology, and Government, 1993 **Science and Technology Advice for Congress** M.
