Peasant Russia Family And Community In The Post Emancipation Period:

Peasant Russia Christine Worobec,1995 *Peasant Russia* Christine Worobec,1991 Peasant Russia is a comprehensive examination of peasant life in central Russia in the decades immediately following serf emancipation Using interdisciplinary methods of family history anthropology ethnography and women s studies Christine Worobec explores the world of peasant households and communities elements of which live on in today s Soviet Union In full detail she shows how peasant Russia retained its traditional institutions and customary practices in the face of the economic changes associated with industrialization and urbanization The book draws on previously unexamined judicial folklore and household records to assess the durability of the extended Russian peasant family and the customs linking it to the community The Russian peasants portrayed here actively shaped their society developing a variety of economic and social strategies to cope with their harsh environment and the demands of the state Discussing their efforts to safeguard their way of life through courtship and marriage rituals and through such social restrictions as property devolution practices a misogynist patriarchalism and severe penalties for deviant behavior Worobec reveals that peasant traditionalism impeded the impact of modernization and cushioned its effects

Land Reform in Russia, 1906-1917 Judith Pallot,1999-05-20 Since the collapse of the USSR there has been a growing interest in the Stolypin Land Reform as a possible model for post Communist agrarian development Using recent theoretical and empirical advances in Anglo American research Dr Pallot examines how peasants throughout Russia received interpreted and acted upon the government s attempts to persuade them to quit the commune and set up independent farms She shows how a majority of peasants failed to interpret the Reform in the way its authors had expected with outcomes that varied both temporally and geographically The result challenges existing texts which either concentrate on the policy side of the Reform or if they engage with its results use aggregated official statistics which this text argues are unreliable indicators of the pre revolutionary peasants reception of the Reform

Der Kolchoz-Archipel im Privatisierungsprozess Peter Lindner,2015-07-15 Die Reorganisation der Kollektivbetriebe im l ndlichen Raum Russlands stellt das gr te jemals durchgef hrte Privatisierungsprojekt behaupt dar Einbezogen waren ber 10 Mio Besch ftigte und eine Fl che die dem f nffachen Staatsgebiet der Bundesrepublik Deutschland entsprach Sie musste meist gegen den Willen der Betroffenen durchgesetzt

werden und erreichte ihr ursprüngliches Ziel die Etablierung kleinbäuerlicher Strukturen nicht einmal in Ansätzen. Die Studie geht den Ursachen dieses Scheiterns nach und setzt sich dabei insbesondere kritisch mit der verbreiteten These auseinander, kulturell verankerter Kollektivismus und Egalitarismus determinierten die Entwicklungen im ländlichen Raum. Stattdessen wird gezeigt, dass der Schlüssel zum Verständnis des Verlaufs der Transformation in der symbiotischen Beziehung zwischen Hofwirtschaften und Großbetrieben zu sehen ist, deren Auflösung durch die Einführung marktwirtschaftlicher Strukturen erzwungen wird.

Geschichte Russlands Manfred Hildermeier, 2013-04-25 Von den dunklen Anfängen in der Kiever und der mongolischen Epoche führt dieses Buch uns in das Zeitalter Iwans des Schrecklichen, das Jahrhundert Peters des Großen und durch das 18. und 19. Jahrhundert bis zum Untergang des Zarenreiches. Sowohl die internationale Forschung beherrschend gekannt in der Darstellung differenziert in seinen Interpretationen, bietet Manfred Hildermeier eine Gesamtgeschichte Russlands, die sich einreicht in den Kreis der großen Gesamtdarstellungen der letzten Jahrzehnte. Nach seiner großen Geschichte der Sowjetunion, die 1998 erschien und als Standardwerk gilt, legt der renommierte Historiker Manfred Hildermeier nun eine Gesamtdarstellung der Russischen Geschichte vor, die im Mittelalter einsetzt und dort endet, wo der vorangegangene Band beginnt: Politik und Herrschaftsordnung, soziale Verfassung, Wirtschaft, Industrie und Handel sowie die materielle und geistige Kultur bilden dabei die zentralen Achsen. Der rote Faden des Werkes ist das Verhältnis zu Europa, aus dem sich auch die klare These ergibt: Vor Ausbruch des Weltkriegs gehörte Russland so eng zu Europa wie nie zuvor. Erst die Sowjetunion hat dies geändert, und ihr Zusammenbruch stellt die alte Schicksalsfrage Russlands wieder auf die Tagesordnung.

The Russian Peasantry 1600-1930 David Moon, 2014-07-16 This impressive work set to become the standard history on the subject offers a definitive survey of peasant society in Russia from the consolidation of serfdom and tsarist autocracy in the 17th century through to the destruction of the peasant's traditional world under Stalin. Over three quarters of Russian society were peasants in these years, and David Moon explores all aspects of their life, including the rural economy, peasant households, village communities, and their political role, including protest against the landowning elites. In the process, he presents a fresh perspective on the history of Russia itself. A big book in every way, and compellingly readable.

The Locus of Care Peregrine Horden, Richard Smith, 2013-01-11 The care of the needy and the sick is delivered by various groups, including immediate family, the wider community, religious organisations, and the State-funded institutions. The Locus of Care provides an historical perspective on welfare, detailing who carers were in the past, where care was provided, and how far the boundary between family and state or informal and organised institutions has changed over time. Eleven international contributors provide a wide-ranging

examination of themes such as child care mental health and provision for the elderly and question the idea that there has been a recent evolutionary shift from informal provision to institutional care Chapters on Europe and England use case studies and link evidence from ancient and medieval periods to contemporary problems and the recent past whilst studies on China and South Africa look to the future of welfare throughout the world By placing welfare in its historical social cultural and demographic contexts Locus of Care reassesses community and institutional care and the future expectations of welfare provision Russische Dichterinnen und Schriftstellerinnen Elisabeth Cheauré,1996 Negotiating Soviet Inheritance Law, 1917-1965 Marcie Katherine Cowley,2009 **Veröffentlichungen des Osteuropa-Institutes München** ,1974
