Leiblum, 2006-11-30 This widely adopted text and clinical reference provides a comprehensive guide to assessment and treatment of all of the major female and male sexual dysfunctions. Every chapter includes detailed clinical examples illustrating the process of therapy and the factors that influence treatment outcomes. Winner, Society for Sex Therapy and Research SSTAR Health Professional Book Award *Sex Therapy Today* Patricia Gillan, Richard Gillan, 1977-11-01 **The Art of Sex Therapy Supervision** James C. Wadley, Richard Siegel, 2018-08-06 Winner of the 2019 AASECT Professional Book Award. The Art of Sex Therapy Supervision is a collection of scholarly writings and case narratives that sheds light on issues that sex therapists face as supervisors or supervisees and provides techniques that can be adapted to fit clients' specific needs. Written by experts in a range of fields, this book covers a wide range of perspectives and methodologies for assisting diverse populations, including conservative Christians, LGBTQ clients, and those who exhibit out-of-control sexual behavior. It addresses individual, relational, and systemic engagement in the context of sexual function, dysfunction, and it also discusses obstructions clinicians can face when providing critical feedback to clients. This book will be useful for aspiring supervisors as well as those who supervise clinicians seeking licensure or certification *Systemic Sex Therapy* Katherine M. Hertlein, Nancy Gambescia, Gerald R. Weeks, 2015-02-20 This comprehensive textbook, intended for graduate students in couple and family therapy programs as well as for clinicians of diverse orientations, offers descriptive discussions of sex therapy based on the Intersystem Approach as developed by Gerald Weeks. The Intersystem Approach considers the biology, psychology, couple dyad, family of origin, and larger contextual factors of any sexual disorder or issue. It is grounded in systems theory and represents a new understanding of human sexuality and sexual problems. Appropriate for anyone who wants to progress to a more comprehensive and integrative understanding of sexual dysfunctions, this text will teach the reader how to treat the couple rather than the individual. Now in a second edition, Systemic Sex Therapy presents 12 updated chapters and two new chapters bringing the material up to date with the DSM-5. Each chapter examines the definition and description of a disorder, its etiology, assessment, treatment, research, and future directions. Experts in the field discuss issues ranging from pharmacology, sexual compulsivity, therapy with lesbian and gay couples, to chapters on male and female lack of desire. A standard text in the field, Systemic Sex Therapy integrates couple and sex therapy to inform the treatment of sexual problems and to give beginning and experienced clinicians the abilities and confidence they need to produce viable change in their patients' lives **New Directions in Sex Therapy** Peggy J.
