Sex Therapy In Britain:

Sex Therapy in Britain Martin Cole, Windy Dryden, 1988 *Sex Therapy in Britain* Martin Cole, Windy Dryden, 1988 On the nature and causation of sexual dysfunctions therapeutic techniques the needs of specific groups such as sex offenders and those with medical problems and the opportunities for training in sex therapy in the UK Acidic paper Annotation copyrighted by Book News Inc Portland OR *The Wiley Handbook of Sex Therapy* Zoë D. Peterson, 2017-03-13 The Wiley Handbook of Sex Therapy ist ein umfassendes und auf empirischer Basis bearbeitetes Werk zur jüngsten Theorie und Praxis in der psychotherapeutischen Behandlung sexueller Probleme quer durch alle Klientengruppen In vier Abschnitten werden spezifische sexuelle Fehlfunktionen theoretische Ansätze der Sexualtherapie die Arbeit mit der Diversität der Klienten und zukünftige Richtungen in der Sexualtherapie dargestellt Vertritt einen ganzheitlichen Ansatz in der Sexualtherapie fokussiert auf die Anwendung einer Bandbreite psychotherapeutischer Theorien und Techniken mehr als nur auf die gängigen Verhaltensstrategien Fallstudien dokumentieren das breite Spektrum an Zuständen die Klienten erleben können und die Sexualtherapeuten daher im Beratungsraum antreffen Enthält Beiträge von mehr als 60 Experten verschiedener Fachrichtungen *Handbook of Sex Therapy* Joseph LoPiccolo, Leslie LoPiccolo, 2012-12-06 When is it timely to publish a synthesis of previously published and original materials from a specific discipline I believe it to be timely when one has a sufficient amount of high quality material covering the critical areas of that topic when the previously published material is scattered over a wide range of journals and books and when there is no single book that synthesizes the discipline The treatment of sexual dysfunction emerged to the front lines of health delivery only during the past decade with the pioneering work of William Masters and Virginia Johnson In spite of the rash of sex clinics and sex therapists that followed precious little solid research has been conducted on the various strategies of therapy the means of assessing complex interpersonal sexual relationships and the manner by which clinical change is objectively assessed No one reader can keep pace with the multitude of journals that publish key material by sophisticated investigators And no one investigator can cover these salient areas alone with his or her original work in a single volume The critical papers have now been written Ten were written specifically for this volume and thirty three have previously appeared This volume laces them together into a coherent pattern Thus the time for a synthesis in sexual dysfunction **Sex, Attachment and Couple Psychotherapy** Christopher Clulow, 2018-05-08 The contributors to this book have drawn on different mentors to provide a framework for understanding the sexual problems of the couples they see and to inform the work they do But whether Freud Jung Klein or Bowlby has been the progenitor of their own particular therapeutic narrative the spirit of enquiry and curiosity is evident in their approach This has created space to explore the dimensions of sex love hate and power in ways that allow the facts of life to emerge and be discovered as something unique and authentic to each couple It has also created a platform from which new understandings may emerge to inform practice in the future Sex Therapy Keith Hawton, 1985-02-07 Sexual problems are

a major cause of personal distress and marital breakdown affecting as many as one in ten of the general population The author who has had extensive clinical research and teaching experience in the field of sexual dysfunction has written a very practical account of the nature causes assessment and treatment of sexual problems The various stages of treatment are described in sufficient detail for therapists who are about to start sex therapy Experienced therapists will also find this book a source of useful advice The treatment approach includes behavioural psychotherapeutic and educational techniques In addition to the treatment of couples the management of sexual problems of individuals without partners and of the physically disabled are also described Practical guidance is backed up by research findings This book is an up to date straightforward and practical account which should be of considerable interest to anyone involved in the management of sexual problems
