Sextette Translations From The French Symbolists:

Sextette Dorothy Martin,1928 *English Responses to French Poetry 1880-1940* Jennifer Higgins,2017-12-02 Between 1880 and 1940 English responses to French poetry evolved from marginalised expressions of admiration associated with rebellion against the establishment to mainstream mutual exchange and appreciation The translation of poetry underwent a simultaneous evolution from attempts to produce definitive renderings to definitions of translation as an ongoing generative process at the centre of literary debate This study traces the impact of French poetry in England via a wide range of translations by major poets of the time as well as renderings by now forgotten writers It explores poetry and translations beyond the limits of the usual canon and identifies key moments of influence from late 19th century English homages to Victor Hugo as a liberal icon to Ezra Pound re interpreting Charles Baudelaire for the 20th century **Challenges of**

Translation in French Literature Richard Bales,2005 In celebrating the academic career and practice of a distinguished scholar of French literature this volume concentrates on one of Peter Broome s major preoccupations and attainments translation Eschewing a dogmatic theoretical approach the contributors former colleagues and students tackle four rich areas of study modern anglophone poets reactions to and translations of authors with whom they have closely identified Racine the Symbolists Saint John Perse Val ry problematics of translating specific poets of recent centuries Rimbaud Mallarm Val ry C saire some contemporary poets reception and interaction in two foreign countries Australia Spain and a more fluid interpretation of translation moving the notion across into wider realms of literary expression Mallarm Proust Assia Djebar A focalising feature punctuating the volume are Peter Broome s own translations of hitherto unpublished poems by five major contemporary French writers Jean Paul Auxem ry Marie Claire Bancquart Louise Herlin V nus Khoury Ghata and Jean Charles Vegliante The book thus intertwines theory and practice in a non prescriptive manner which invites further elaboration and analysis **Sextette.
