Sexual Morality A Catholic Perspective:

Sexual Morality Philip S. Keane, 1977 In Pursuit of Love Vincent J. Genovesi, 1996 While retaining the basic structure of the original book this new edition has been thoroughly updated in light of some official Catholic documents and other theological writings dealing with sexual morality that have appeared since 1986 The Catechism of the Catholic Church Pope John Paul II's encyclicals *Veritatis splendor* and *Evangelium vitae* and the 1986 and 1992 statements of the Congregation for the Doctrine of the Faith on pastoral care of homosexuals and the issue of discrimination against them are among the more recent magisterial publications considered in this text This edition also contains several new sections the misuses of sex adultery pornography prostitution sexual violence four rationales for viewing a committed love relationship as the only appropriate context for sexual intercourse marriage as a sacrament and marital sexuality and love as embodiments of commitment intimacy and passion and public policy and the civil rights of homosexuals This edition also includes an expanded discussion of topics such as sexism sexually transmitted diseases especially HIV AIDS and the moral questions raised by new family planning methods Norplant Depo Provera RU 486 postcoital hormonal interventions against pregnancy the start of human life and abortion Vincent J Genovesi SJ received his PhD in Christian ethics from Emory University He is a professor at St Joseph's University in Philadelphia His articles have appeared in such journals as *The Thomist* *The Way* *America* and *Review for Religious* **Christian Perspectives on Sexuality and Gender** Elizabeth Stuart, Adrian

Thatcher, 1996 This collection of articles presents a variety of broadly Christian responses to issues such as sexuality and gender sexuality and spirituality gay and lesbian sexuality sexuality and violence sexuality and singleness and the family

Sex and Virtue John S. Grabowski, 2003 This book discusses the moral dimensions of human sexuality from a Roman Catholic perspective **Justice Through Diversity?** Michael J. Sweeney, 2016-08-30 Arguably the most transformative

force in contemporary society is the commitment to justice through diversity A prime example is the change justice through diversity has wrought on who enters teaches and administers the university It has changed the content of what is taught and the mission statements that define the purpose of higher education What is rarely defined however is justice and how it is related to diversity If justice is equality are all differences equal Are all differences in race gender sexual orientation national origin ethnicity religion and culture equal Should such differences be weighted differently and thus hierarchically On what basis are those differences to be weighted and ranked to ensure equality Justice Through Diversity brings together a Who's Who of contemporary scholars to explore these questions and others in an attempt to understand one of the central commitments in the modern world *Multi-Religious Perspectives on a Global Ethic* Myriam Renaud, William

Schweiker, 2020-11-29 Ratified by the Parliament of the World's Religions in 1993 and expanded in 2018 Towards a Global Ethic An Initial Declaration or the Global Ethic expresses the minimal set of principles shared by people religious or not Though it is a secular document the Global Ethic emerged after months of collaborative interreligious dialogue dedicated to

identifying a common ethical framework This volume tests and contests the claim that the Global Ethic's ethical directives can be found in the world's religious spiritual and cultural traditions The book features essays by scholars of religion who grapple with the practical implications of the Global Ethic's directives when applied to issues like women's rights displaced peoples income and wealth inequality India's caste system and more The scholars explore their respective religious traditions ethical response to one or more of these issues and compares them to the ethical response elaborated by the Global Ethic The traditions included are Hinduism Engaged Buddhism Shi'i Islam Sunni Islam Confucianism Protestantism Catholicism Judaism Indigenous African Religions and Human Rights To highlight the complexities within traditions most essays are followed by a brief response by an expert in the same tradition Multi Religious Perspectives on a Global Ethic is of special interest to advanced students and scholars whose work focuses on the religious traditions listed above on comparative religion religious ethics comparative ethics and common morality Sexual Ethics Todd A. Salzman, Michael G. Lawler, 2012-05-18

Two principles capture the essence of the Catholic tradition on sexual ethics that each and every marriage act must remain open to the transmission of life and that any human genital act must occur within the framework of marriage In the Catholic tradition moral sexual activity is institutionalized within the confines of marriage and procreation and sexual morality is marital morality But theologians Todd Salzman and Michael Lawler contend that there is a disconnect between many of the Church's absolute sexual norms and other theological and intellectual developments explicitly recognized and endorsed in the Catholic tradition especially since the Second Vatican Council These developments include the shift from a primary static worldview to a historically conscious worldview one that recognizes reality as dynamic evolving changing and particular By employing such a historically conscious worldview alternative claims about the moral legitimacy of controversial topics such as contraception artificial reproduction and homosexual marriage can faithfully emerge within a Catholic context Convinced of the central role that love desire and fertility play in a human life and also in the life of Christian discipleship the authors propose an understanding of sexuality that leads to the enhancement of human sexual relationships and flourishing This comprehensive introduction to Catholic sexual ethics complete with thought provoking study questions at the end of each chapter will be sure to stimulate dialogue about sexual morality between Catholic laity theologians and the hierarchy Anyone seeking a credible and informed Catholic sexual ethic will welcome this potentially revolutionary book **Human Sexuality** United States Catholic Conference, 1991

Provides educational and informational guidance on the difficult questions and problems involved with human sexuality *New Directions in Sexual Ethics* Kevin T. Kelly, 1998 As a result of his visit to Uganda on behalf of the Catholic Fund for Overseas Development theologian Kevin Kelly made the discovery that poverty and marginalization create windows of opportunity for the transmission of AIDS In this book Kelly brings together the whole of his thinking and experience as a teacher moral theologian and parish priest to challenge the thinking of the Church on sex and sexuality as moral issues for our time

Curran, 2008 In this magisterial volume Charles E Curran surveys the historical development of Catholic moral theology in the United States from its 19th century roots to the present day He begins by tracing the development of pre Vatican II moral

theology that with the exception of social ethics had the limited purpose of training future confessors to know what actions are sinful and the degree of sinfulness Curran then explores and illuminates the post Vatican II era with chapters on the effect of the Council on the scope and substance of moral theology the impact of *Humanae vitae* Pope Paul VI's encyclical condemning artificial contraception fundamental moral theology sexuality and marriage bioethics and social ethics Curran's perspective is unique For nearly 50 years he has been a major influence on the development of the field and has witnessed first hand the dramatic increase in the number and diversity of moral theologians in the academy and the Church No one is more qualified to write this first and only comprehensive history of Catholic moral theology in the United States

Transition and Tradition in Moral Theology Charles E. Curran, 1979-06 **Dynamic Catholicism** Thomas

Bokenkotter, 1986-08-05 Formerly *Essential Catholicism* this book has been retitled to reflect how through the centuries the Roman Catholic Church has evolved in many aspects of its teaching The new title also reflects how theologians today grapple with ever new ways of understanding many facets of Catholic belief and practice Who is Jesus Or Mary Who are the saints How are theologians trying to understand such topics as marriage divorce homosexuality What of social justice The relationship of conscience to papal authority Thomas Bokenkotter masterfully shows how these questions and many others have been answered in different ways through the centuries He also translates the latest theological writings on these topics into plain language My aim he says has been to sift through and select what seems most helpful and enlightening for those who seek an understanding of the essentials of Catholicism today Here then is a book for all Catholics those assured in their belief and those questioning it

Sexuality, Religion, and Magic Michael A. Kőszegi, 1994 **Moral Theology After Humanae Vitae** Vincent

Twomey, 2010 The author discusses some of the major developments in fundamental moral theology which were sparked off by the publication of the hugely controversial encyclical *Humanae Vitae* 1968 as well as the impact of its rejection by many leading moral theologians Within the broader cultural background of modernity Professor Twomey analyzes this dissent and attempts to sketch an alternative moral theology based on the recovery of virtue as the context for moral reflection and on a new appreciation of the nature of sexuality He also attempts a positive appreciation of the generally neglected doctrinal content of Pope Paul VI's encyclical that shook the world when it appeared in order to explain why *Humanae Vitae* remains to this day a sign of contradiction within the Church and beyond
