## **Sexual Textual Politics Feminist Literar:**

Sexual/textual Politics Toril Moi, 2002 This book examines the strengths and limitations of the two main strands in feminist criticism the Anglo American and the French paying particular attention to the works of Cixous Irigaray and Kristeva What are the political implications of a feminist critical practice How do the problems of the literary text relate to the priorities and perspectives of feminist politics as a whole Sexual Textual Politics addresses these fundamental questions and examines the strengths and limitations of the two main strands in feminist criticism the Anglo American and the French It pays particular attention to the works of Cixous Irigaray and Kristeva and since publication this book has rightly attained the status of a classic Although written for readers with little knowledge of the subject Sexual Textual Politics makes its own intervention into key debates arguing provocatively for committedly political and theoretical criticism rather than a textual or apolitical approach With a new afterword in this edition Sexual Textual Politics is a brilliantly accessible must read for all those interested in feminist literary theory *Encyclopedia of Contemporary Literary Theory* Irene Rima

Makaryk, 1993-01-01 The last half of the twentieth century has seen the emergence of literary theory as a new discipline As with any body of scholarship various schools of thought exist and sometimes conflict within it I R Makaryk has compiled a welcome guide to the field Accessible and jargon free the Encyclopedia of Contemporary Literary Theory provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years Some 170 scholars from around the world have contributed their expertise to this volume Their work is organized into three parts In Part I forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose The essays also discuss the uses and limitations of the various schools and the key issues they address Part II focuses on individual theorists It provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of Part I This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context Part III deals with the vocabulary of literary theory It identifies significant complex terms places them in context and explains their origins and use Accessibility is a key feature of the work By avoiding jargon providing mini bibliographies and cross referencing throughout Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture

Feminist Literary Criticism Mary Eagleton, 2014-06-06 Looks at the work of a range of critics including Elaine Showalter Kate Millett Gayatri Chakravorty Spivak and the French feminists The critical approaches encompass Marxist feminism and contemporary critical theory as well as other forms of discourse It also provides an overview of the developments in feminist literary theory and covers all the major debates within literary feminism including male feminism **The Cambridge Introduction to**

**Virginia Woolf** Jane Goldman, 2006-09-14 For students of modern literature the works of Virginia Woolf are essential reading In her novels short stories essays polemical pamphlets and in her private letters she explored questioned and

refashioned everything about modern life cinema sexuality shopping education feminism politics and war Her elegant and startlingly original sentences became a model of modernist prose This is a clear and informative introduction to Woolf's life works and cultural and critical contexts explaining the importance of the Bloomsbury group in the development of her work It covers the major works in detail including *To the Lighthouse* *Mrs Dalloway* *The Waves* and the key short stories As well as providing students with the essential information needed to study Woolf Jane Goldman suggests further reading to allow students to find their way through the most important critical works All students of Woolf will find this a useful and illuminating overview of the field

Pop-Feminist Narratives Emily Spiers, 2018-04-12 In *Pop Feminist Narratives* Emily Spiers explores the recent phenomenon of pop feminism and pop feminist writing across North America Britain and Germany Pop feminism is characterised by its engagement with popular culture and consumerism its preoccupation with sexuality and transgression in relation to female agency and its thematisation of intergenerational feminist discord portrayed either as a damaging discursive construct or as a verifiable phenomenon requiring remediation Central to this volume is the question of theorising the female subject in a postfeminist neoliberal climate and the role played by genre and narrative in the articulation of contemporary pop feminist politics The heightened visibility of mainstream feminist discourse and feminist activism in recent years especially in North America Britain and Germany means that the time is ripe for a coherent comparative scholarly study of pop feminism as a transnational phenomenon This volume provides such an account of pop feminism in a manner which takes into account the varied and complex narrative strategies employed in the telling of pop feminist stories across multiple genres and platforms including pop literary fiction the popular guide to feminism film music and the digital

The Politics of Authenticity Joachim C. Häberlen, Mark Keck-Szajbel, Kate Mahoney, 2018-10-19 Following the convulsions of 1968 one element uniting many of the disparate social movements that arose across Europe was the pursuit of an elusive authenticity that could help activists to understand fundamental truths about themselves their feelings aspirations sexualities and disappointments This volume offers a fascinating exploration of the politics of authenticity as they manifested themselves among such groups as Italian leftists East German lesbian activists and punks on both sides of the Iron Curtain Together they show not only how authenticity came to define varied social contexts but also how it helped to usher in the neoliberalism of a subsequent era

Kopyczinski,1995-05-09 Diese berblicksdarstellung gibt einen Einblick in den derzeitigen Stand einer feministisch orientierten Literaturwissenschaft und stellt zugleich Ergebnisse ihrer Anwendung auf die französische Literatur vom Mittelalter bis zur Gegenwart vor Der Sammelband enthält neben theoretisch orientierten Beiträgen erste Modelle einer Integration von traditionellen Methoden und Ansätzen aus den Bereichen der Frauenforschung Gender studies und Differenzforschung     **Mapping the World of Anglo-American Studies at the Turn of the Century** Marija

Knežević,2015-10-05 This volume revisits the most important issues that Anglo American studies are facing at the beginning of the twenty first century with regards to both research and teaching Given the English language's status as a lingua franca the culture that produced it and that has been changing it the literature written in English and relevant linguistic and literary discourse have come to largely dominate critical theory globally Therefore the subjects of Anglo American studies and their traditional and modern concepts must be approached from a multidisciplinary perspective and must also be problematized in and determined by other spheres of the world especially at the universities at which they are studied This book consequently approaches both mainstream cultural literary linguistic and academic achievements and often by way of comparison those smaller more distant and marginalized fields traditionally subordinate studies as well as instances of cultural hybridization Given its concern with a broad field of culture literature linguistics and methodology of teaching English as a foreign language this book consists of two main parts comprising the closest research and teaching fields one attending to culture and literature and the other approaching linguistics and methodology     *Einführung in die Literaturtheorie* Terry
