## **Sexuality In Eighteenth Century Britain:**

Sexuality in Eighteenth-century Britain Paul-Gabriel Boucé, 1982      **Pregnant Women's Sexuality in Early Modern England** Paige Donaghy, 2025-12-25 Pregnant women in the past had sex yet we know nearly nothing about their sexual desires or what people thought about sex during pregnancy While there is much research on the sexual maternal body studies of pregnancy and sex are lacking This Palgrave Pivot provides the first history of pregnant women's sexuality in England from 1550 to 1800 with discussion of Northern European perspectives on pregnancy sex It explores a range of medical literature for descriptions of pregnancy and sexuality including popular medical and midwifery books as well as Latin scientific treatises Alongside these texts it considers popular culture materials including novels ballads pornography marital guides and diaries and correspondence Drawing on methodologies from gender and queer history the book attempts to locate pregnant women's articulations of desire in this period Moreover the book reveals the paradoxical nature of early modern attitudes to sex and pregnancy women's gravid sexuality was portrayed as natural and desirable but also excessive potentially dangerous and disruptive to the foetus      *Women, Work And Sexual Politics In Eighteenth-Century England* Bridget Hill, 2005-08-04 The author offers a reassessment of how women's experience of work in 18th century England was affected by industrialization and other elements of economic social and technological change This study focuses on the household the most important unit of production in the 18th century Hill examines the work done by the women of the household not only in housework but also in agriculture and manufacturing and explains what women lost as the household's independence as a unit of economic production was undermined Considering the whole range of activities in which women were involved including many occupations unrecorded in censuses which have therefore been largely ignored by historians Hill charts the increasing sexual division of labour and highlights its implications She also discusses the role of service in husbandry and apprenticeship as sources of training for women and the consequences of their decline The final part of the book considers how the changing nature of women's work influenced courtship marriage and relations between the sexes Among the topics discussed are the importance of the women's contribution to setting up and maintaining a household labouring women's attitudes to marriage and divorce and the customary alternatives to them and the role of spinsters and widows The author concludes by asking to what extent the industrial revolution improved the overall position of women and the opportunities open to them This series aims to re-establish women's history and to challenge the assumptions of much mainstream history Focusing on the modern period and encouraging perspectives from other disciplines it seeks to concentrate upon areas of focal importance in the history of Britain and continental Europe Bridget Hill is the author of *Eighteenth Century Women An Anthology* and *The First English Feminist*      *Empire and Sexuality* Ronald Hyam, 1990 A study of British imperial history intended for those who are interested in exploring the underlying realities of British expansion on the world stage This book deals specifically with sex and its effect on the Empire      *Sexual Perversions,*

1670-1890 J. Peakman,2009-07-30 A fascinating glimpse into the history of sexual perversions and diversions including fetishism cross dressing effeminate men and masculinized women sodomy tribadism masturbation necrophilia rape paedophilia flagellation and sado masochism asking how these sexual inclinations were viewed at a particular time in history

**Lascivious Bodies** Julie Peakman,2004 In Lascivious Bodies Julie Peakman presents a history of sex in 18th century Britain a period of wide ranging experimentation that led to the birth of modern sexuality as we now know it *Mighty Lewd Books* J. Peakman,2003-06-24 *Mighty Lewd Books* describes the emergence of a new home grown English pornography Through the examination of over 500 pieces of British erotica this book looks at sex as seen in erotic culture religion and medicine throughout the long eighteenth century and provides a radical new approach to the study of sexuality *Histories of Sexuality* Stephen Garton,2014-12-18 This book presents the first assessment of one of the most rapidly expanding fields of research the history of sexuality From the early efforts of historians to work out a model for sexual history to the extraordinary impact of French philosopher Michel Foucault to the vigorous debates about essentialism and social constructionism to the emergence of contemporary debates about historicism queer theory embodiment gender and cultural history we now have vast and diverse historical scholarship on sex and sexuality *Histories of Sexuality* highlights the key historical moments and issues pederasty and cultures of male passivity in ancient Greece and Rome the impact of early Christianity and ideals of renunciation on the sexual cultures of late antiquity the sustained existence of homosexual cultures in medieval and renaissance Europe the invention of homosexuality and heterosexuality in eighteenth century Europe and America the truth behind Victorian sexual repression the work of reformers and scientists such as Havelock Ellis Marie Stopes Stella Browne Margaret Sanger Alfred Kinsey William Masters and Virginia Johnson **Making Love** Paul Kelleher,2015-07-16 In *Making Love* Sentiment and Sexuality in Eighteenth Century British Literature Paul Kelleher revises the history of sexuality from the vantage point of the literary history of sentimentalism Kelleher demonstrates how eighteenth century British philosophers essayists and novelists fundamentally reconceived the relations among sentiment sexuality and moral virtue It is his contention that sentimental discourse both philosophical and literary posited heterosexual desire as the precondition of moral feeling and conduct The author further suggests that sentimental writers fashioned the ideal of conjugal love as an ideological antidote to the theories of self love and self interest found in the works of Thomas Hobbes and Bernard Mandeville Heterosexual desire and its culmination in conjugal love in other words were represented as the privileged means for an individual to transcend self love and to develop a moral sensibility attuned to the thoughts and feelings of others At the same time Kelleher suggests other pleasures and desires particularly those rooted in same sex eroticism were increasingly depicted as antithetical to conjugal love and thus were morally devalued and socially disenfranchised Kelleher s argument unfolds through close readings of a variety of texts including Shaftesbury s *Characteristics of Men Manners Opinions Times* Joseph Addison and Richard Steele s *the Tatler* and *the Spectator* Eliza

Haywood's *Love in Excess* Samuel Richardson's *Pamela* and Henry Fielding's *Tom Jones* Although these texts embody diverse rhetorical strategies and thematic concerns he shows how they collectively reinforce an overarching sentimental ideology on the one hand heterosexual desire and conjugal love become synonymous with sympathy benevolence and moral goodness while on the other hand same sex desire is pathologized as a selfish withdrawal from procreation domesticity sociability and ultimately humanity itself

**Eighteenth-Century British Erotica, Part II Vol 5** Rictor Norton, 2004-03-31 Comprises a variety of topics from prostitution to flatulence and paints a picture of the real and imaginative worlds inhabited by the people of eighteenth century Britain This title features a volume dedicated to homosexuality It is intended for students of eighteenth century culture queer theory history of sexuality and book history

**British Women's History**, 1996 This is one of a series of bibliographical guides designed to meet the needs of undergraduates postgraduates and their teachers in universities and colleges of further education All volumes in the series share a number of common characteristics They are selective manageable in size and include those books and articles which are considered most important and useful All are edited by practising teachers of the subject in question and are based on their experience of the needs of students The arrangement combines chronological with thematic divisions Most of the items listed receive some descriptive comment

**Spectacular Flirtations** Gillian Perry, 2007 During the Georgian period there was a remarkable proliferation of seductive visual imagery and written accounts of female performers Focusing on the close relationship between the dramatic and visual arts at this time this beautiful and stimulating book explores popular ideas of the actress as coquette whore celebrity muse and creative agent charting her important symbolic role in contemporary attempts to professionalize both the theatre and the practice of fine art Gill Perry shows how artists such as Gainsborough Reynolds Hoppner or Lawrence produced complex images of female performers as fashion icons coquettes dignified queens or creative artists The result is a rich interdisciplinary study of the Georgian actress Published for the Paul Mellon Centre for Studies in British Art

**A Sociology of Sex and Sexuality** Gail Hawkes, 1996 This book offers an historical sociological analysis of ideas about expressions of sexual desire combining both primary and secondary historical and theoretical material with original research and popular imagery in the contemporary context

**The Culture of Sensibility** G. J. Barker-Benfield, 1992 During the eighteenth century sensibility which once denoted merely the receptivity of the senses came to mean a particular kind of acute and well developed consciousness invested with spiritual and moral values and largely identified with women How this change occurred and what it meant for society is the subject of G J Barker Benfield's argument in favor of a culture of sensibility in addition to the more familiar cult Barker Benfield's expansive account traces the development of sensibility as a defining concept in literature religion politics economics education domestic life and the social world He demonstrates that the cult of sensibility was at the heart of the culture of middle class women that emerged in eighteenth century Britain The essence of this culture Barker Benfield reveals was its articulation of women's consciousness in a world being transformed by

the rise of consumerism that preceded the industrial revolution The new commercial capitalism while fostering the development of sensibility in men helped many women to assert their own wishes for more power in the home and for pleasure in the world beyond Barker Benfield documents the emergence of the culture of sensibility from struggles over self definition within individuals and above all between men and women as increasingly self conscious groups He discusses many writers from Rochester through Hannah More but pays particular attention to Mary Wollstonecraft as the century s most articulate analyst of the feminized culture of sensibility Barker Benfield s book shows how the cultivation of sensibility while laying foundations for humanitarian reforms generally had as its primary concern the improvement of men s treatment of women In the eighteenth century identification of women with virtue in distress the author finds the roots of feminism to the extent that it has expressed women s common sense of their victimization by men Drawing on literature philosophical psychology social and economic thought and a richly developed cultural background *The Culture of Sensibility* offers an innovative and compelling way to understand the transformation of British culture in the eighteenth century *Interpreting Sexual Violence, 1660-1800* Anne Leah Greenfield,2015-10-06 The essays in this collection explore representations of and responses to sexual violence over the course of the long eighteenth century Contributors examine the underlying ideologies that spawned these representations confronting the social political legal and aesthetic conditions of the day *Journal of the History of Sexuality* ,2006 *Englische Autorinnen des 18. Jahrhunderts* Claudia Lauth,2001 *Homme, europäische Zeitschrift für feministische Geschichtswissenschaft* ,2002 **A revolution in sentiments, manners, and moral opinions** Vera Nünning,1998 **English Sexualities, 1700-1800** Tim Hitchcock,1997-03-05 This fascinating and wide ranging analysis of gender and sexualities brings together the disparate literatures on demography love and marriage the body homosexuality lesbianism and the regulation of sexuality It makes available to both undergraduates and professionals these complex literatures in an accessible and readable form and in the process changes our understanding of the nature of the origins and development of modern sexual roles and gender relations
