Sexuality In The Confessional A Sacrament Profaned:

Sexuality in the Confessional Stephen Haliczer, 1996 Drawing upon a wealth of actual cases and trial evidence left by the Spanish Inquisition this work documents the eroticizing of the confessional between 1530 and 1819 It argues that the Counter Reformation Church actually helped to foster sexual solicitation in the confessional Laywomen and the Making of Colonial Catholicism in New Spain, 1630-1790 Jessica L. Delgado, 2018-08-16 In the first history of laywomen and the church in colonial Mexico Jessica L Delgado shows how laywomen participated in and shaped religious culture in significant ways by engaging creatively with gendered theology about women sin and guilt in their interactions with church sacraments institutions and authorities Taking a thematic approach using stories of individuals institutions and ideas Delgado illuminates the diverse experiences of urban and rural women of Indigenous Spanish and African descent By centering the choices these women made in their devotional lives and in their relationships to the aspects of the church they regularly encountered this study expands and challenges our understandings of the church's role in colonial society the role of religion in gendered and racialized power and the role of ordinary women in the making of colonial religious culture *Involuntary Confessions of the Flesh in Early Modern France* Nora Martin Peterson, 2016-09-14 *Involuntary Confessions of the Flesh in Early Modern France* was inspired by the observation that small slips of the flesh involuntary confessions of the flesh are omnipresent in early modern texts of many kinds These slips which bear similarities to what we would today call the Freudian slip disrupt and destabilize readings of body self and text three categories whose mutual boundaries this book seeks to soften but also in their very messiness participate in defining them *Involuntary Confessions* capitalizes on the uncertainty of such volatile moments arguing that it is instability itself that provides the tools to navigate and understand the complexity of the early modern world Rather than locate the body within any one discourse Foucauldian psychoanalytic this book argues that slips of the flesh create a liminal space not exactly outside of discourse but not necessarily subject to it either *Involuntary confessions of the flesh* reveal the perpetual and urgent challenge of early modern thinkers to textually confront and define the often tenuous relationship between the body and the self By eluding and frustrating attempts to contain it the early modern body reveals that truth is as much about surfaces as it is about interior depth and that the self is fruitfully perpetuated by the conflict that proceeds from seemingly irreconcilable narratives Interdisciplinary in its scope *Involuntary Confessions of the Flesh in Early Modern France* pairs major French literary works of the sixteenth and seventeenth centuries by Marguerite de Navarre Montaigne Madame de Lafayette with cultural documents confession manuals legal documents about the application of torture and courtly handbooks It is the first study of its kind to bring these discourses into thematic rather than linear or chronological dialog In so doing it emphasizes the shared struggle of many different early modern conversations to come to terms with the body's volatility Published by University of Delaware Press Distributed worldwide by Rutgers University Press *Queer (re)readings in the French Renaissance* Gary Ferguson, 2008 Reading

works of Renaissance literature against their ancient classical sources this book examines representations of homosexuality in sixteenth century France and stresses the historical coexistence of different models of homosexuality The texts and topics covered include the Decameron and its translation and reception in France the poetry of Ronsard Montaigne s Essais works in praise of and satirising Henri III Brant me s Dames galantes and the figures of the androgyne and the hermaphrodite

Masculinity and Morality Larry May, 2018-09-05 What does it mean to be a morally responsible man Psychology and the law have offered reasons to excuse men for acting aggressively In these philosophically reflective essays Larry May argues against standard accounts of traditional male behavior discussing male anger paternity pornography rape sexual harassment the exclusion of women and what he terms the myth of uncontrollable male sexuality While refuting the platitudes of the popular men s movement his book challenges men to reassess and change behavior that has had detrimental effects on the lives of women and of men In May s view the key to solving many problems is to understand how individual actions may combine to produce large scale harmful consequences May is eager to reconceptualize male roles in ways that build on men s strength rather than rendering them androgynous Each chapter in his book suggests strategies to effect changes based on May s views on the nature of moral responsibility Examining separatism and the socialization of youth in athletics and the military specifically at Virginia Military Institute and the Citadel May analyzes the moral implications of the way all male environments are constructed Rejecting the standard arguments for them he speculates about the positive ways they might be used to transform the socialization of young men

Sin and Confession in Colonial Peru Regina Harrison, 2014-06-01 A central tenet of Catholic religious practice confession relies upon the use of language between the penitent and his or her confessor In the sixteenth and seventeenth centuries as Spain colonized the Quechua speaking Andean world the communication of religious beliefs and practices especially the practice of confession to the native population became a primary concern and as a result expansive bodies of Spanish ecclesiastic literature were translated into Quechua In this fascinating study of the semantic changes evident in translations of Catholic catechisms sermons and manuals Regina Harrison demonstrates how the translated texts often retained traces of ancient Andean modes of thought despite the didactic lessons they contained In Sin and Confession in Colonial Peru Harrison draws directly from confession manuals to demonstrate how sin was newly defined in Quechua lexemes how the role of women was circumscribed to fit Old World patterns and how new monetized perspectives on labor and trade were taught to the subjugated indigenous peoples of the Andes by means of the Ten Commandments Although outwardly confession appears to be an instrument of oppression the reformer Bartolom de Las Casas influenced priests working in the Andes through their agency confessional practice ultimately became a political weapon to compel Spanish restitution of Incan lands and wealth Bringing together an unprecedented study and translation of Quechua religious texts with an expansive history of Andean and Spanish transculturation Harrison uses the lens of confession to understand the vast and telling ways in which language changed at
