Sexualizing The Social Power And Organization Of Sexuality:

Sexualizing the Social Lisa Adkins, Vicki Merchant, 1996-06-12 Sociologists are increasingly aware that analyses of social life must include a consideration of how the social may be structured by the sexual. In turn this insight is contributing to a shift in understandings of sociology. This volume drawn from papers from the 1994 British Sociological Association Annual Conference on Sexualities in Social Context brings together a range of writers who are contributing to this exciting new agenda. Various aspects of social life including employment, family life, representations, politics, identities and the workings of the law are considered in terms of how sexuality shapes their organization and they shape sexuality. In so doing a series of ongoing and new controversies and debates are confronted from the relationship of feminism to prostitution to the constitution of the self in late modernity.

The Sexual Self Michael S. Kimmel, 2007 Abstract

Erotic Attunement Cristina L. H. Traina, 2011-06-15 Heightened awareness of the problem of sexual abuse has led to deep anxiety over adults touching children in nearly any context. This book probes the disquieting issue of how we can draw a clear line between natural affection towards children and perverse exploitation of them.

The Age of Consent M. Waites, 2005-08-10 The Age of Consent: Young People, Sexuality and Citizenship addresses the contentious issue of how children's sexual behaviour should be regulated. The text includes a unique history of age of consent laws in the UK analysed via contemporary social theory. A global comparative survey of age of consent laws and relevant international human rights law. A critical analysis of how protectionist agendas shaped new age of consent laws in England and Wales in the Sexual Offences Act 2003. In depth theoretical discussion of the rationale for age of consent laws. An original proposal to reduce the age of consent to 14 for young people who are less than two years apart in age. Responding to contemporary concerns about young people's sexual behaviour, sexual abuse and paedophilia, this book will engage readers in law and socio-legal studies, sociology, history, politics, social policy, youth and childhood studies and gender and sexuality studies and professionals and practitioners working with young people.

Wilson, 2021-07-16 A Clinician's Guide to Disclosures of Sexual Assault provides guidance for service providers on how to interact with survivors of sexual assault defined here as sexual contact or penetration without the explicit consent of the victim.

Sexualizing Power in Naturalism Irene Gammel, 1994 Presenting a revisionary reading of German, Canadian and American texts such as Fanny Essler, Settlers of the Marsh and Sister Carrie, Gammel argues that English U of Prince Edward Island attributes to naturalism a predominantly male genre, the appropriation of a disruptive female sexuality not so much to liberate it from Victorian repression as to contain it within the male boundaries of naturalism.
