*In the Realm of Hungry Ghosts* Gabor Maté, 2018-10-04 To heal addiction you have to go back to the start Dr Gabor Maté is one of the world's most revered thinkers on the psychology of addiction His radical findings based on decades of work with patients challenged by catastrophic drug addiction and mental illness are reframing how we view all human development In this award winning modern classic Gabor Maté takes a holistic and compassionate approach to addiction whether to alcohol drugs sex money or anything self destructive He presents it not as a discrete phenomenon confined to a weak willed few but as a continuum that runs through and even underpins our society not as a medical condition but rather the result of a complex interplay of personal history emotional development and brain chemistry Distilling cutting edge research from around the world *In the Realm of Hungry Ghosts* avoids glib self help remedies instead promoting self understanding as the first key to healing and wellness Blending personal stories and science with positive solutions and written in spellbinding prose it is a must read that will change how you see yourself others and the world 10th anniversary edition updated with new chapter on the Opioid crisis

*Shades of Black* Richard Siklos, 2004 At the turn of the new millennium Conrad Black was living the dream he had imagined for his entire life he was married to a beautiful intelligent woman who shared his political outlook and love of a lavish lifestyle a Gulfstream jet ferried the couple among palatial homes in London Toronto Palm Beach and New York and he owned among many other newspapers the Daily Telegraph in London England the Jerusalem Post and the Chicago Sun Times He would soon be granted a peerage and a seat in Britain's House of Lords his parties and company boards were packed with luminaries and he was planning to write a biography of Franklin Delano Roosevelt that would build his stature and presence in the United States the country he worshipped What a difference

four years make Today Conrad Black's career and reputation are in free fall He has been kicked out of Hollinger International his main U S company by its board of directors and his prize possession the Daily Telegraph has been sold out from under him The U S Securities and Exchange Commission and the FBI are investigating and lawsuits are flying in every direction In this definitive biography of the most famous Canadian businessperson of this generation Richard Siklos delivers a riveting account of Black's life and for the first time the inside story of his humiliating downfall drawing on scores of new interviews conducted in four countries and on newly disclosed materials It is the story Siklos started to write in the 1995 edition of his bestselling biography of Conrad Black *Shades of Black* and now tells in full gripping detail in this completely revised updated and vastly expanded edition now subtitled *Conrad Black His Rise and Fall* **Handbook of Global Media Ethics** Stephen J.A. Ward, 2021-09-02 This handbook is one of the first comprehensive research and teaching tools for the

developing area of global media ethics The advent of new media that is global in reach and impact has created the need for a journalism ethics that is global in principles and aims For many scholars teachers and journalists the existing journalism ethics e.g. existing codes of ethics is too parochial and national It fails to provide adequate normative guidance for a media that is digital global and practiced by professional and citizen A global media ethics is being constructed to define what responsible public journalism means for a new global media era Currently scholars write texts and codes for global media teach global media ethics analyse how global issues should be covered and gather together at conferences round tables and meetings However the field lacks an authoritative handbook that presents the views of leading thinkers on the most important issues for global media ethics This handbook is a milestone in the field and a major contribution to media ethics

Tunstall produces a well written provocative snapshot at global media today His point of view is relentlessly global he considers the role of the media in the collapse of the Soviet Union the ascendance of the Brazilian and Mexican soap opera the increasing strength of Bollywood the national cinema output of India as well as the relative decline in influence of US media Importantly Tunstall focuses on both the nation state and the geographical and cultural region as crucial levels in today's mass media Both the United States and the US mass media have now lost their previous moral leadership Lone American control of the world news flow has ceased today rather than Global media we see a world media system comprised of interlocking national regional cultural systems Tunstall's assessment is a wake up call for insular American media consumers
