*Shades of Gold and Green* Nicholas Greenwood,1999      *Shades of Gold and Green* ,1998      **Shades of Gold and Green** ,1998 A collection of anecdotes from the old colonial days in Burma Myanmar It features snippets that commence in the year 1886 and end in 1948      **Historical Dictionary of Burma (Myanmar)** Donald M. Seekins,2017-03-27 Burma Myanmar is a Southeast Asian country that is emerging from crisis after more than a half century of hard line military rule and cultural diplomatic and economic isolation With the dissolution of its military regime the State Peace and Development Council in 2011 a formally civilian but military dominated constitutional government was inaugurated By 2012 Burma s president retired General Thein Sein had established a working relationship with Daw Aung San Suu Kyi the leader of the country s pro democracy movement since 1988 and after a 2012 by election she and members of her opposition party the National League for Democracy NLD entered the new Union Parliament as legislators However even with the election victory of Daw Suu Kyi and the NLD in the General Election of November 2015 Burma faces daunting challenges it is still one of the poorest countries in Southeast fissured by longstanding ethnic conflicts that have made a nationwide peace agreement elusive and its people s security and the environment are threatened by foreign economic exploitation Religious discord is also widely evident as Buddhist militants instigate violence against the country s religious minorities especially Muslims Today Burma s prospects are the most hopeful they have been for over half a century as the country takes steps along the road to a more open society and economy This edition of the Historical Dictionary of Burma Myanmar encompasses not only current developments but also Burma s over 1 500 years old recorded history and the most important features of its cultures ethnicity religions society and economy This is done through achronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture      **Myanmar (Burma) since the 1988 Uprising** Andrew Selth,2022-01-24 Updated by popular demand this is the fourth edition of this important bibliography It lists a wide selection of works on or about Myanmar published in English and in hard copy since the 1988 pro democracy uprising which marked the beginning of a new era in Myanmar s modern history There are now 2 727 titles listed They have been written edited translated or compiled by over 2 000 people from many different backgrounds These works have been organized into thirty five subject chapters containing ninety five discrete sections There are also four appendices including a comprehensive reading guide for those unfamiliar with Myanmar or who may be seeking guidance on particular topics This book is an invaluable aid to officials scholars journalists armchair travellers and others with an interest in this fascinating but deeply troubled country      InterAsian Intimacies Across Race, Religion, and Colonialism Chie Ikeya,2024-09-15 In *InterAsian Intimacies across Race Religion and Colonialism* Chie Ikeya asks how interAsian marriage conversion and collaboration in Burma under British colonial rule became the subject of political agitation legislative activism and collective violence Over the course of the twentieth century

relations between Burmese Muslims Sino Burmese Indo Burmese and other mixed families and communities became flashpoints for far reaching legal reforms and Buddhist revivalist feminist and nationalist campaigns aimed at consigning minority Asians to subordinate status and regulating women s conjugal and reproductive choices Out of these efforts emerged understandings of religion race and nation that continue to vex Burma and its neighbors today Combining multilingual archival research with family history and intergenerational storytelling Ikeya highlights how the people targeted by such movements made and remade their lives under the shifting circumstances of colonialism capitalism and nationalism The book illuminates a history of belonging across boundaries a history that has been overshadowed by Eurocentric narratives about the mixing of white colonial masters and native mistresses InterAsian intimacy was and remains foundational to modern regimes of knowledge power and desire throughout Asia

**Fiery Dragons** Sean Turnell,2009 This book tells the story of Burma s financial system of its banks moneylenders and microfinanciers from colonial times to the present day It argues that Burma s financial system matters and that the careful study of this system can tell us something more general about Burma not least about how the richest country in Southeast Asia at the dawn of the twentieth century became the poorest at the dawn of the twenty first While financial systems and institutions matter in all countries Turnell argues that they especially count in Burma as events in the financial and monetary sphere have been unusually spectacularly prominent in Burma s turbulent modern history The story of Burma s financial system and its players is one that has shaped the country It is a dramatic story of interest beyond the confines of economics and development studies
