J. Tulchinsky, 2008-01-01 Canada's Jews covers the 240 year period from the beginnings of the Jewish community in the 1760s to the present day illuminating the golden chain of Jewish tradition religion language economy and history as established and renewed in the northern lands *A History of Human Rights in Canada* Janet Miron, 2009 Human rights equality and social justice are at the forefront of public concern and political debate in Canada Global events especially the war on terrorism have fostered further interest in the abuse of human rights especially when sanctioned or perpetuated by democratic governments This groundbreaking contributed volume seeks to shed light on this topic by uniting original essays that examine the history of human rights in Canada Contributors explore a variety of themes integral to the post confederation period including immigration and ethnicity gender sexuality class disability state formation and provincial federal relations Three key issues emerge throughout incidents of discrimination in both government and society the efforts of human rights and civil liberties activists to create a more open and tolerant society and the implementation of state legislation designed to protect or enhance civil rights *Riding to the Rescue* Steve Hewitt, 2006-01-01 The Mountie may be one of Canada's best known national symbols yet much of the post nineteenth century history of the Royal Canadian Mounted Police remains unexamined particularly the period between 1914 and 1939 when the RCMP underwent enormous transformation The nature of this transformation as it took place in Alberta and

Saskatchewan where the Mounties have traditionally dominated policing is the focus of Steve Hewitt's *Riding to the Rescue*. During the 1914 to 1939 period the nineteenth century model of the RCMP was evolving into a twentieth century version and the institution that emerged responded to a nation that was being transformed as well. Forces such as industrialization, mass immigration, urbanization and political radicalism compelled the Mounties to look away from the frontier and toward a new era. Incorporating previously classified material which explores the RCMP both in the context of its ordinary policing role and in its work as Canada's domestic spy agency, Hewitt demonstrates how much of the impetus behind the RCMP's transformation was ensuring its own survival and continued relevance. *Riding to the Rescue* is a provocative and incisive look behind one of Canada's most enduring icons at the cusp of the modern era. Shades of Right Martin Robin, 1992

Fascism Outside Europe Stein Ugelvik Larsen, 2001 **Nations and Nationalism** **The Prairie West as Promised Land** R. Douglas Francis, Chris Kitzan, 2007 Millions of immigrants were attracted to the Canadian West by promotional literature from the government in the late 19th century to the First World War bringing with them visions of opportunity to create a Utopian society or a chance to take control of their own destinies. Antisemitism Susan Sarah Cohen, 1998 **Left History**, 1994 **Parties, Leaders, and Ideologies in Canada** Colin Campbell, William Christian, 1996 *Canadian Books in Print*, 2003 **Jahresbibliographie** Bibliothek für Zeitgeschichte (Germany), 1994 International Perspectives on Intercultural Education Kenneth Cushner, 1998 *International Perspectives on Intercultural Education* offers a comprehensive analysis of intercultural education activity as it is practiced in the countries of Australia, New Zealand, Malaysia, the Netherlands, Romania, Spain, England, South Africa, Ghana, Nigeria, the United States, Canada and Mexico. Chapters by key scholars and practitioners from these nations inform the reader of current educational practice related to diversity. Each author responding to a common series of guiding questions presents a brief description of the national educational system in her or his country, descriptive data on demographics in these countries including data on various subgroups and subcultures and their experiences with the mainstream educational system, a discussion of the perceived obstacles to addressing intercultural issues in schools and solutions to overcoming these obstacles and a comprehensive analysis of intercultural information on how teacher preparation institutions address intercultural education at the present time. An overall concern of each chapter author is how intercultural approaches can be employed to solve the difficulties faced by both individuals and schools while maintaining the cultural integrity of the child. **Loyal But French** Mark Paul Richard, 2008 Richard's work challenges prevailing notions of assimilation. As he shows, acculturation better describes the roundabout process by which some ethnic groups join their host society. He argues that for more than a century the French Canadians in Lewiston, Maine pursued the twin objectives of ethnic preservation and acculturation. These were not separate goals but rather intertwined processes. Underscored with statistics compiled by the author, *Loyal but French* portrays the French Canadian history of Lewiston from the 1880s through the 1990s in this light.
