Shadow Of The Shroud The Story Of Christs Burial Cloth:

Shadow of the Shroud L. E. London, 1999-11 Follow Christianity s Greatest Relic as it travels the Mediterranean world in a 2 000 year journey of faith hope and love Learn where the Shroud has been and why its early history was hidden **The Shroud and the Controversy** Kenneth Stevenson, Gary R. Habermas, 1990 From scientific medical historical archaeological and biblical vantage points the authors give new evidence that further supports the claim that the image on the famous Shroud of Turin is the crucified Christ Photos [The Living Church](#) ,1981-07 *Lighthouse Faith* Lauren Green, 2017-03-14 Is God Just a Distant Concept An Award Winning Religion Correspondent is Convinced the Answer is No and Explores the Possible Relationship with Our Creator Fox News Religion Correspondent Lauren Green uses her wealth of stories vast network of contacts and her own extensive study of theology to take the reader on a unique journey of spiritual discovery With few female authors writing in the field of theology Green provides an important perspective to all who wish to move closer to not only a deeper relationship with God but an understanding of what makes that possible Green gathers insight from some amazing guides along the way through personal conversations with some of the leading minds in the world on the topic of Christianity These include Timothy Keller John Piper Alister McGrath William Lane Craig John Lennox Sir John Polkinghorne Amy Beckman Elizabeth Lev and many more Is God simply an accessory that we carry with us Something similar to what we might download from a music site to suit our personal tastes a personal assistant in a way Or is He His law His structure and His authoritative Word contained in the Holy Scripture an objective reality to which you daily shape your life If we believe or know we should believe that it s the latter how do we make this happen How do we live joyfully under God s will in a world so drenched in the will of human desire *Lighthouse Faith* explores the heart of the Christian doctrine and a pathway of perceiving God as an interactive hands on presence a caring and loving being The first commandment is a life giving force loaded with information about the world in which we live This law stands atop the other nine commandments as a beacon of light illuminating the created order just as a lighthouse lamp shines in a darkened space heralding a way to safety *Christians and Muslims in the Middle Ages* Michael Frassetto, 2019-11-12 The conflict and contact between Muslims and Christians in the Middle Ages is among the most important but least appreciated developments of the period from the seventh to the fourteenth century Michael Frassetto argues that the relationship between these two faiths during the Middle Ages was essential to the cultural and religious developments of Christianity and Islam even as Christians and Muslims often found themselves engaged in violent conflict Frassetto traces the history of those conflicts and argues that these holy wars helped create the identity that defined the essential characteristics of Christians and Muslims The polemic works that often accompanied these holy wars was important Frassetto contends because by defining the essential evil of the enemy Christian authors were also defining their own beliefs and practices Holy war was not the only defining element of the relationship between Christians and Muslims during the Middle Ages and Frassetto explains that

everyday contacts between Christian and Muslim leaders and scholars generated more peaceful relations and shaped the literary intellectual and religious culture that defined medieval and even modern Christianity and Islam

The Crusades and the Far-Right in the Twenty-First Century Charlotte Gauthier, 2024-09-04 Engaging the Crusades is a series of concise volumes up to 50 000 words which offer initial windows into the ways in which the crusades have been used in the last two centuries demonstrating that the memory of the crusades is an important and emerging subject Together these studies suggest that the memory of the crusades in the modern period is a productive exciting and much needed area of investigation This volume explores how crusading rhetoric iconography and historiography have been purposed by far right nationalist and related groups in the recent past through case studies as varied as Brenton Tarrant who killed 51 people at a mosque and Islamic centre in New Zealand in March 2019 a modern American military order that uses memes to recruit members and spread its ideology and the bestselling video game Assassin s Creed As nationalist and far right ideologies have gained adherents in Europe and the Americas understanding how ideologues have misused the crusading past for their own ends is more important than ever The Crusades and the Far Right in the Twenty First Century is useful for all students and scholars interested in the intersection between the history of the crusades and far right ideology in the modern age
