Shake Hands With The Serpent:

Shake Hands with the Serpent Charles David Lipsig, 2003-09-01 Lipsig's first poetry collection ranges from political sonnets to musings on the smell of an aspirin bottle to the futuristic ballad of a space faring goat *The Serpent's Song* S. Robertson, 2015-05-26 In the previous book *The Celtic Serpent* after a diagnosis of cancer and the death of her grandmother Angi Talismann found herself on an incredible journey Shackled to an unstable piece of ancient technology in the form of a medallion she and her colleagues were forced to locate lost medallion gemstones which had been scattered to different countries in the seventeenth century Close on their heels was a resolute killer bent on acquiring the medallion Tracking down the descendants of old Irish and Scottish families assigned to protect this ancient treasure proved a daunting task Eventually locating the gemstones the initial stage of their venture ended with twelve individuals stepping through a golden serpent gate on the Hill of Tara in Ireland propelling them into another world While stating they would return in three months its assurance was uncertain The journey continues in this book Angi and her companions quickly adapt to their new environment on Tir na nOg the land of the Tuatha de Danann deemed to be the ancient gods of the Irish Here they learn that their escort Sirona is a distinguished member of the kingdom and her ancestor Myttrwn is a gifted scientist and magician supposedly centuries old in Earth terms Under Myttrwn's guidance the twelve discover a different perspective of the universe learn the healing and destructive powers of light and sound and gain some insight into their future role while Angi takes her first steps in mastering the complexities of her medallion Yet with all the goodwill a powerful individual Zolar is displeased with their presence in Tir na nOg and Angi's possession of such advanced technology He sets out to rectify this matter in his own treacherous way The journey to Tir na nOg for the twelve travellers would create an indelible imprint on their lives *The Serpent's Gift* Ernest Gibson, 2011-09 Justin Grant a professor at a Christian based college in the Midwest is struggling to come to terms with the death of his wife and child During a leave of absence he is hiking through the mountains near a friend's cabin in Kentucky He looks up and watches as a man slowly floats towards the ground He blinks then thinks Where is the parachute Is that a halo Thoughts vanish as the man plummets the last hundred feet to the ground Justin runs to where the broken man lies carries him to the cabin and soon finds out that the man recuperating on his sofa is not of this world As the stranger's wounds heal Justin and the man he now knows as Sandel talk of many things and Justin finds that he likes this mysterious man As Justin listens the story his new friend tells threatens to shatter everything Justin has ever known and in the end uncovers the greatest hoax ever perpetrated against mankind Ernest Gibson lives in the Midwest far enough away from a major city to enjoy small town living Ernest is a graduate of Purdue University He is a reformed designer in the auto industry he works part time in an electronics store only because his family after he spent a year and a half at home told him to get his ass out of the house and do something He is a lifelong seeker of knowledge and truth and strives to help others do the same The one thing that he finds most abhorrent is a closed mind He has never grown out of the
