Shakedown And The Whistleblower:

Whistleblowing Roberta Ann Johnson, 2003 An exploration of when and how and to what effect people make the choice to blow the whistle Case studies from the tobacco industry to NASA to the FDA illustrate how individual efforts can and do transform institutions shape public policy and serve as a force for democratization

Disruption? Sean M. Theriault, 2024 What happens when a tradition bound institution encounters an iconoclastic president intent on changing how the government operates In *Disruption* Sean M Theriault has gathered nineteen leading authors from a range of subfields to provide a compelling understanding for if how and to what extent Trump disrupted the Senate As the authors argue Trump became trapped in the norms and rules of the Senate on some dimensions while he became the story to which all senators needed to respond on others This book shows how multiple facets of the Senate changed during Trump s presidency including the legislative process party leadership roll call voting and communications Comprehensive in its coverage of the period and embedding it in a deep historical context this book highlights how these changes reflected back on to not only the Trump administration but also the very legitimacy of the Senate itself

The Courage to Do Nothing Bill Flax, 2010-09 Are you fed up with Washington politicizing our economy and bureaucrats more focused on aggrandizing their power than aiding commerce For many of us the rhetoric emanating from our government doesn t reflect reality In *The Courage to do Nothing* Bill Flax gives a voice to the angry taxpayer articulating our concerns and offering cogent advice to our political leaders Socialism is inherently flawed but instead of allowing the free market to function our politicians employ socialism concealed as compassion Our cultural elites in Washington Academia Media and Hollywood have built a modern Tower of Babel based on progressive fantasies Their idealistic pursuit of Utopia is funded by your tax dollars Socialism is but one pillar in this faulty tower but it is the pillar du jour and America s future if we don t restore the traditional Christian values and limited government our nation was built upon At eighteen Bill Flax enlisted in the Marine Corps to defend the Constitution against all enemies foreign and domestic It s now clear the gravest threat to our liberty comes from Washington itself In *The Courage to do Nothing* Bill interweaves faith economics and patriotism through fascinating perspectives on the economy and relevant historical examples offering solutions for today s issues Read *The Courage to do Nothing* to learn economic truths ignored by the cultural elites determined to change America into a European style socialist boondoggle Bill Flax provides the economic answers America needs to restore prosperity and liberty before it s too late This book is essential reading for anyone desiring to understand how Washington s policies created and now prolong our economic turmoil Learn the truth and the keys to restoring America

America in Retreat Mel Gurtov, 2020-08-17 This deeply researched book offers a comprehensive analysis of the domestic politics and international consequences of Trump s foreign policy Mel Gurtov provides detailed case studies of policy toward key countries and regions including China Russia North Korea Europe and the Middle East He makes a vigorous argument centered on human interest priorities and values for rejecting a foreign policy of

neglect and ineptness when it comes to the major issues of our times climate change China's rise multiple US wars human rights authoritarian leadership and nuclear weapons Gurtov argues that Trump is a nationalist and illiberal populist whose policy views have been molded chiefly by his business practices leading to an obsession with winning elevation of ego and loyalty over expertise and preference for threats over diplomacy Trump holds to a few simple ideas about the US role in the world too expensive too subject to other countries and institutions and too influenced by globalist concerns such as democracy climate crisis human rights and the rule of law Trump will leave a deeply negative mark on the reputation and credibility of the United States and on its policy making process But Gurtov concludes that a liberal successor should be able to reverse the worst features of the Trump era and restore foreign policy to its true purpose exemplifying America's commitment to humane and democratic governance and cooperative economic relations with allies and economic partners

Trump on Trial Kevin Sullivan, Mary Jordan, 2020-08-25 A compelling and masterful account based on fresh reporting of the investigation impeachment and acquittal of President Donald Trump a ferocious political drama that challenged American democracy itself In the spring of 2019 Speaker of the House Nancy Pelosi did not favor pursuing Trump's impeachment Her view was He's just not worth it But by September after a whistleblower complaint suggesting that Trump had used his office for his political benefit Pelosi decided to risk it The impeachment inquiry led to charges of abuse of power and obstruction of Congress a gamble that ultimately meant Trump would be the first impeached president on the ballot in US history Pulitzer Prize winning Washington Post reporters Kevin Sullivan and Mary Jordan have crafted a powerful intimate narrative that concentrates on the characters as well as the dramatic events braiding them together to provide a remarkable understanding of what happened and why Drawing on the deep reporting of Post journalists as well as new interviews Sullivan and Jordan deliver a crisp page turner with exquisite detail and scenes They put readers in the room for both sides of the now famous phone call between Trump and Ukrainian president Volodymyr Zelensky on July 25 2019 revealing the in the moment reactions of those listening to the call in Washington as well as the tension in Kyiv as aides passed notes to Zelensky while he was talking to Trump Sullivan and Jordan deftly illuminate the aims and calculations of key figures Pelosi's evolution from no to yes Trump's mounting fury as the I word became inevitable Senate majority leader Mitch McConnell firmly telling Trump on the phone about the Senate trial You need to trust me Trump on Trial teems with unexpected moments House member Elissa Slotkin a Michigan Democrat alone at the National Archives walking amid the nation's founding documents weighing her vote on impeachment Fiery Republican congressman Matt Gaetz of Florida a favorite Trump warrior deciding to lead the storming of the secure room in the US Capitol basement where witnesses were testifying The authors paint vivid portraits of the men and women branded by the president's supporters as foes from the deep state Ukraine experts Fiona Hill and Lt Col Alexander Vindman ambassadors Marie Yovanovitch and William Taylor The narrative spools out amid Trump's nonstop tweeting and the infinite echo chamber of social media which amplified both parties messages in ways unknown during past

impeachments Sullivan and Jordan aided by editor Steve Luxenberg follow the story into the aftermath of Trump's acquittal and the president's payback for those whom he believed had betrayed him. The retributions took place as the nation reeled from a devastating pandemic and widespread protests about racial injustice with another trial looming the 2020 election.

Management Luis R. Gomez-Mejia,David B. Balkin,Robert L. Cardy,2004 Management 2nd Edition by Gomez Mejia Balkin and Cardy is an exciting all new take on principles of management. Ask your incoming students what management is and they'll talk about the kind of management they know from their own work experience. Managers assign people their hours they give raises or promotions they tell people what job to do the manager in other words is the boss. In most other work settings however management means something far more important and complex. In addition to people managers also manage performance processes relationships and more increasingly in today's world deal with the pressure and flux of constant change. This coupled with the fact that workplaces have steadily become less hierarchical and more team and group driven means the traditional responsibilities of the manager have gradually been dispersed throughout the organization. Students preparing to work in today's business environment may not start in a corner office with an assistant but they still need to think like managers and understand the strategic goals of the organization. Management 2nd Edition prepares your students to join a new kind of workplace one where management is everyone's business and provides many in text and CD ROM applications to emphasize this approach.
