painting is reputed to be by John Sanders of Worcester England As a retirement project the engineer whose grandmother kept the family treasure under her bed embarked on authenticating the portrait the forensic analyses that followed have proven it without doubt to the period In a remarkable publishing coup Knopf Canada has gathered around Stephanie Nolen s story a group of the world s leading Shakespeare scholars and art and cultural historians to delve into one of the most fascinating literary mysteries of our times Is this the face of genius Excerpt from Chapter 1 of Shakespeare s Face by Stephanie Nolen By the late afternoon I was beginning to go a little cross eyed I had examined countless documents and read the test results from the painting s painstaking forensic analysis I now had everything I needed to write my story except for one crucial item Is he here I asked almost in a whisper The owner laid the package carefully on the cluttered table He gently pulled back the kraft paper wrapping underneath which was a layer of bubble wrap Then he peeled back this second layer to reveal his treasure I was caught off guard by how small the portrait was and how vivid The colours in the paint seemed too rich to be 400 years old Except for the hairline cracks in the varnish the face could have been painted yesterday And there was nothing austere or haughty about it nothing of the great man being painted for posterity It was a rogue s face a charmer s face that looked back at me with a tolerant mischievous slightly world weary air It was painted on two pieces of solid board so expertly joined that the seam was barely visible A date Ano 1603 was painted in small red letters in the top right hand corner The right side had been nibbled by woodworms I stood and gazed quelling an instinctive urge to pick the portrait up and hold it in my hands And as my professional skepticism crumpled for a moment I found myself wanting desperately to believe that this was indeed Shakespeare s face
