Shakespeare's Histories on Screen Jennie M. Votava, 2023-06-29 This volume reframes the critical conversation about Shakespeare's histories and national identity by bringing together two growing bodies of work early modern race scholarship and adaptation theory Theorizing a link between adaptation and intersectionality it demonstrates how over the past thirty years race has become a central and constitutive part of British and American screen adaptations of the English histories Available to expanding audiences via digital media platforms these adaptations interrogate the dialectic between Shakespeare's cultural capital and racial reckonings on both sides of the Atlantic and across time By engaging contemporary representations of race ethnicity gender sexuality disability and class adaptation not only creates artefacts that differ from their source texts but also facilitates the conditions in which race and its intersections in the plays become visible At the centre of this analysis stand two landmark 21st century history adaptations that use non traditional casting the British TV miniseries The Hollow Crown 2012 2016 and the American independent film H4 2012 an all Black Henry IV conflation In addition to demonstrating how the 21st century screen history illuminates both past and present constructions of embodied difference these works provide a lens for reassessing two history adaptations from Shakespeare's 1990s box office renaissance when actors of colour were first cast in cinematic versions of the plays As exemplified by these formal adaptations reappropriations of race in history non traditional Shakespearean casting practices are also currently shaping digital culture s conversations about race in non Shakespearean period dramas such as Bridgerton **History Plays** Robert Watt, 2014-06-11 Shakespeare's history plays are central to his dramatic achievement In recent years they have become more widely studied than ever stimulating intensely contested interpretations due to their relevance to central contemporary issues such as English national identities and gender roles Interpretations of the history plays have been transformed since the 1980s by new theoretically informed critical approaches Movements such as New Historicism and cultural materialism as well as psychoanalytical and post colonial approaches have swept away the humanist consensus of the mid twentieth century with its largely conservative view of the plays The last decade has seen an emergence of feminist and gender based readings of plays which were once thought overwhelmingly masculine in their concerns This book provides an up to date critical anthology representing the best work from each of the modern theoretical perspectives The introduction outlines the changing debate in an area which is now one of the liveliest in Shakespearean criticism

**Shakespeare's Tudor History: A Study of Henry IV Parts 1 and 2** Tom McAlindon,2017-11-01 This title was first published in 2002 An intensive study of Shakespeare s most ambitious and complex achievement in the historical mode The book offers an account of the play s critical history from 1700 until the 1980s deals with the aspects of Tudor history relevant to an understanding and offers close readings of the text structured around what the author believes to be the play s three dominant concepts time truth and grace In an attempt to correct what he sees as a certain falsification of critical history the

author aligns his account of the play s reception with one of its major preoccupations the inescapable and informing presence **Memory in Shakespeare's Histories** Jonathan Baldo, 2011-12-22 A distinguishing feature of Shakespeare's of the past later histories is the prominent role he assigns to the need to forget This book explore the ways in which Shakespeare expanded the role of forgetting in histories from King John to Henry V as England contended with what were perceived to be traumatic breaks in its history and in the fashioning of a sense of nationhood For plays ostensibly designed to recover the past and make it available to the present they devote remarkable attention to the ways in which states and individuals alike passively neglect or actively suppress the past and rewrite history Two broad and related historical developments caused remembering and forgetting to occupy increasingly prominent and equivocal positions in Shakespeare's history plays an emergent nationalism and the Protestant Reformation A growth in England's sense of national identity constructed largely in opposition to international Catholicism caused historical memory to appear a threat as well as a support to the sense of unity The Reformation caused many Elizabethans to experience a rupture between their present and their Catholic past a condition that is reflected repeatedly in the history plays where the desire to forget becomes implicated with traumatic loss Both of these historical shifts resulted in considerable fluidity and uncertainty in the values attached to historical memory and forgetting Shakespeare's histories in short become increasingly equivocal about the value of their own acts of recovery and Shakespeare's History Plays: Richard II to Henry V, the Making of a King C W R D Moseley, 2009-01-01 Part I recollection examines the context for Shakespeare's history plays including the a treatment of Elizabethan cosmology and its relevance to political order Part 2 explores the Ricardian plays under the following headings Mirrors of our Fickle State Hawks and Handsaws Modes and Genres of the Plays This Blessed Plot Husbandry and the Garden Passing Brave to be a King Richard II This Royal Throne of Kings Henry IV parts 1 and 2 This Sceptred Isle Henry V A Trim Reckoning Language Poetics and Shakespeare's "Histories" Lily Bess Campbell,1958 Rhetoric **Shakespeare's Festive History** David Ruiter, 2003 David Ruiter examines festivity as one of the components of time in the Shakespearean history plays He argues that it is not a sometime participant in the movement of time and history that stays with us but instead a fulltime figure like Falstaff that stays in our minds even when it is not on stage or page The Publishers' Trade List Annual ,1877 Catalog of the **Shakespeare Collection** Folger Shakespeare Library, 1972 **History of the English Language and Literature** Friedrich Julius Bierbaum, 1883 Shakespeare's Histories Emma Smith, 2008-04-15 This Guide steers students through four centuries of critical writing on Shakespeare's history plays enhancing their enjoyment and broadening their critical repertoire Guides students through four centuries of critical writing on Shakespeare's history plays Covers both significant early views and recent critical interventions Substantial editorial material links the articles and places them in context Annotated suggestions for further reading allow students to investigate further **Shakespeare's Minor Plays** Gary Carey, 1991 Summaries and critical commentaries including Henry VI parts 1 2 3 Titus Andronicus King John The merry
