Shakespeare And Domestic Loss Forms Of Deprivation Mourning And Recuperation:

Shakespeare and Domestic Loss Heather Dubrow, 2004-01-05 This 1999 book examines Shakespeare's engagement with forms of deprivation which threatened domestic security in early modern England

Shakespeare's Domestic Tragedies Emma Whipday, 2019-01-03 Reassess the relationship between Shakespeare's Hamlet Othello Macbeth and the emerging genre of domestic tragedy by other early modern playwrights

Ovid and the Politics of Emotion in Elizabethan England C. Fox, 2009-11-23 Elizabethan English culture is saturated with tales and figures from Ovid's Metamorphoses. While most of these narratives interrogate metamorphosis and transformation, many tales such as those of Philomela, Hecuba, or Orpheus also highlight heightened states of emotion, especially in powerless or seemingly powerless characters. When these tales are translated and retold in the new cultural context of Renaissance England, a distinct politics of Ovidian emotion emerges. Through intertextual readings in diverse cultural contexts, *Ovid and the Politics of Emotion in Elizabethan England* reveals the ways these representations helped redefine emotions and the political efficacy of emotional expression in sixteenth-century England.

At Home in Shakespeare's Tragedies Geraldo U. de Sousa, 2016-04-15 Bringing together methods, assumptions, and approaches from a variety of disciplines, Geraldo U. de Sousa's innovative study explores the representation, perception, and function of the house, home, household, and family life in Shakespeare's great tragedies. Concentrating on King Lear, Hamlet, Othello, and Macbeth, de Sousa's examination of the home provides a fresh look at material that has been the topic of fierce debate. Through a combination of textual readings and a study of early modern housing conditions, accompanied by analyses that draw on anthropology, architecture, art history, the study of material culture, social history, theater history, phenomenology, and gender studies, this book demonstrates how Shakespeare explores the materiality of the early modern house and evokes domestic space to convey interiority, reflect on the habits of the mind, interrogate everyday life, and register elements of the tragic journey. Specific topics include the function of the disappearance of the castle in King Lear, the juxtaposition of home-centered life in Venice and nomadic unhoused wandering in Othello, and the use of special lighting effects to reflect this relationship. Hamlet's psyche in response to physical space and the redistribution of domestic space in Macbeth. Images of the house, home, and household become visually and emotionally vibrant and thus reflect, define, and support a powerful tragic narrative.

The Shakespearean Death Arts William E. Engel, Grant Williams, 2022-05-05 This is the first book to view Shakespeare's plays from the prospect of the premodern death arts, not only the *ars moriendi* tradition but also the plurality of cultural expressions of memento mori, funeral rituals, commemorative activities, and rhetorical techniques and strategies fundamental to the performance of the work of dying, death, and the dead. The volume is divided into two sections: first, critically nuanced examinations of Shakespeare's corpus, and then, second, of Hamlet exclusively as the ultimate proving ground of the death arts in practice. This book revitalizes discussion around key and enduring themes of mortality by reframing Shakespeare's plays within a newly conceptualized

historical category that posits a cultural divide at once epistemological and phenomenological between premodernity and the Enlightenment Shakespeare-Jahrbuch ,1995 **Archiv für das Studium der neueren Sprachen und Literaturen** ,2002 Vols for 1858 include Sitzungen der Berliner Gesellschaft für das Studium der neuen Sprachen **Shakespeare Quarterly** ,2004 **Frühneuzeit-Info** ,2000 *Domestic Arrangements in Early Modern England* Kari Boyd McBride,2002 This book provides a varied and rich array of perspectives on a wide range of early modern English social roles and relationships as well as cultural norms and areas of contestation It demonstrates the many ways in which the attitudes and activities that pertain to the domestic sphere are not in any way peripheral to the study of the period domestic arrangements are political arrangements This rich collection of 11 essays illuminates the many ways in which the domestic sphere served as a stage for playing out the pressing questions that perplexed the writers and thinkers of early modern England questions about family householding marriage children and parenting as well as questions about emerging political realities While home may seem to invoke blood ties the mother with a child at her breast or siblings at play it is finally the bonds that replace blood that demand the mythos of domestic arrangements in all their variety from the legal social economic and cultural ties of marriage sealed by the exchange of women from man to man and house to house to the relationships of stepparents and stepchildren to the even more tenuous ties that bind class to class and citizen to citizen *Quoting Death in Early Modern England* Scott L. Newstok,2009-01-15 An innovative study of the emergent Renaissance practice of making epitaphic gestures within other English genres This book argues that the post Reformation preoccupation with textual remembrance led to a remarkable proliferation of epitaphs beyond the putative tomb A poetics of quotation uncovers the ways in which writers have recited these texts within new contexts This book modifies conventional genre studies by detailing the situatedness of quoted text a compositional habit that became markedly prevalent with the continued expansion of printing and literacy in the sixteenth and seventeenth centuries BOOK JACKET **Shakespearean Criticism** ,1984 *Cahiers Élisabéthains* ,2000 études sur la pr renaissance et la renaissance anglaises *Speaking Grief in English Literary Culture* Margo Swiss,David A. Kent,2002 Grief is a universal emotion expressed in response to numerous forms of loss or bereavement Expressing grief has been subject to varying degrees of religious and social constraint in different periods of history and in different cultures and traditions This collection of 12 essays by both established and newer scholars explores the question of grief expression in a wide variety of writers and genres in the period from Shakespeare to Milton Contributors examine lyric poems and plays as well as prose works such as sermons diaries and medical treatises to disclose the challenges faced by writers of both sexes in dealing with the trauma of loss The roots of grief expression in personal experience or collective loss or as described in scientific speculation or literary forms demonstrate both the complexity and the centrality of this subject in the social and literary history of the period Actors debate the topic of sorrow poets wrestle with decorum and sincerity women diarists confide their private feelings clerics admonish the grieving with the consolations

of faith and writers discover the limitations of language and articulation in seeking to express sorrow In the aftermath of deconstructive analyses of literature there has been a discernible turn toward rediscovering the emotional textures of literature The subject of grief is a good example of this trend and this collection is one of the first efforts to address this theme in relation to a specific period of literary history **Renaissance Et Réforme** ,2010 *Sexual Surveillance and Textual Scapes* Richelle Munkhoff,2000 **Metamorphosing the Renaissance Female Subject** Cora Virginia Fox,2002

Solon and Thespis Dennis Kezar,2007 In the archetypal confrontation between the Athenian lawmaker Solon and the Greek poet Thespis Solon confronts Thespis after seeing him act in a tragedy He asks Thespis if he is not ashamed to tell so many lies before so many people In response to Thespis s reply that it was no harm to say or do so in a play Solon vehemently blames Thespis for a professional deceit that threatens to pervade society Solon s criticism of Thespis points to a fundamental motivation for Solon and Thespis an exploration of the long standing antagonism between law and theater between drama s inconsequential fiction and the real world s socially consequential fact at a crucial moment the sixteenth century in England s cultural and legal formation The literary critics and historians in this volume examine that antagonism and find it revelatory of English Renaissance law and Renaissance theater s institutional connections and interdependences at a time when both were emerging as powerful forces in English society Renaissance legal processes were subject to dramatic and public representation appropriation and evaluation Renaissance commercial theater often populated by law students and practitioners was both subject to the law and subversive of it The contributors demonstrate that theater and law were not simply relevant to each other in the early modern period they explore the physical spaces in which early modern law and drama were performed the social and imaginative practices that energized such spaces and the rhetorical patterns that make the two institutions far less discrete and far more collaborative than has previously been recognized *Language and Otherness in Renaissance Culture* Ann Lecercle,Yan Brailowsky,2008 *The Shakespearean International Yearbook* ,1999
