*Shakespeare and the New Bibliography* Frank Percy Wilson, 1970      *Shakespeare and the New Bibliography* Frank Percy Wilson, 1970      Shakespeare and the New Bibliography [by] F.P. Wilson Frank Percy Wilson, Dame Helen Louise Gardner, 1970      The Cambridge Bibliography of English Literature Frederick Wilse Bateson, 1940      **Shakespeare - deutsch** Hansjürgen Blinn, Wolf Gerhard Schmidt, 2003-10-14 Zielgruppen Anglisten Germanisten Komparatisten bersetzungsforscher Theaterwissenschaftler Dozenten Studenten Lehrer Bibliotheken Institute      *The Struggle for Shakespeare's Text* Gabriel Egan, 2010-10-21 We know Shakespeare's writings only from imperfectly made early editions from which editors struggle to remove errors The New Bibliography of the early twentieth century refined with technological enhancements in the 1950s and 1960s taught generations of editors how to make sense of the early editions of Shakespeare and use them to make modern editions This book is the first complete history of the ideas that gave this movement its intellectual authority and of the challenges to that authority that emerged in the 1980s and 1990s Working chronologically Egan traces the struggle to wring from the early editions evidence of precisely what Shakespeare wrote The story of another struggle between competing interpretations of the evidence from early editions is told in detail and the consequences for editorial practice are comprehensively surveyed allowing readers to discover just what is at stake when scholars argue about how to edit Shakespeare      *F.P. Wilson* Helen Gardner, 1970      A Selective Bibliography of Shakespeare James G. McManaway, Jeanne Addison Roberts, 1978-07 This bibliography provides easy access to the most important Shakespeare studies in the past four decades Brief annotations a detailed table of contents cross references and a complete index make this bibliography especially useful      *A Catalogue of the Bibliographies of Special Subjects in the Boston Public Library* James Lyman Whitney, 1890      **A Reference Guide for English Studies** Michael J. Marcuse, 1990-01-01 This ambitious undertaking is designed to acquaint students teachers and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature Within each of 24 major sections Marcuse lists and annotates bibliographies guides reviews of research encyclopedias dictionaries journals and reference histories The annotations and various indexes are models of clarity and usefulness and cross references are liberally supplied where appropriate Although cost conscious librarians will probably consider the several other excellent literary bibliographies in print such as James L. Harner's *Literary Research Guide* Modern Language Assn of America 1989 larger academic libraries will want Marcuse's volume Jack Bales Mary Washington Coll Lib Fredericksburg Va Library Journal      **Selling Shakespeare** Adam G. Hooks, 2016-02-15 *Selling Shakespeare* tells a story of Shakespeare's life and career in print a story centered on the people who created bought and sold books in the early modern period The interests and investments of publishers and booksellers have defined our ideas of what is Shakespearean and attending to their interests demonstrates how one version of

Shakespearean authorship surpassed the rest In this book Adam G Hooks identifies and examines four pivotal episodes in Shakespeare's life in print the debut of his narrative poems the appearance of a series of best selling plays the publication of collected editions of his works and the cataloguing of those works Hooks also offers a new kind of biographical investigation and historicist criticism one based not on external life documents nor on the texts of Shakespeare's works but on the books that were printed published sold circulated collected and catalogued under his name

Jiménez, 2018-09-14 The contents of the Shakespeare canon have come into question in recent years as scholars add plays or declare others only partially his work Now new literary and historical evidence demonstrates that five heretofore anonymous plays published or performed during his lifetime are actually his first versions of later canonical works Three histories The Famous Victories of Henry the Fifth The True Tragedy of Richard the Third and The Troublesome Reign of John a comedy The Taming of a Shrew and a romance King Leir are products of Shakespeare's juvenile years Later in his career he transformed them into the plays that bear nearly identical titles Each is strikingly similar to its canonical counterpart in terms of structure plot and cast though the texts were entirely rewritten Virtually all scholars critics and editors of Shakespeare have overlooked or disputed the idea that he had anything to do with them This addition of five plays to the Shakespeare canon introduces a new facet to the authorship debate and supplies further evidence that the real Shakespeare was Edward de Vere seventeenth Earl of Oxford *The New Variorum Shakespeare* Louis Marder, 1965 **Catalog of the Shakespeare Collection** Folger Shakespeare Library, 1972 **A Shakespeare Bibliography** Walther Ebisch, Levin Ludwig Schücking, 1937
