SHAKESPEARE MADE FIT

REPRESENTING THE WORKS OF SHAKESPEARE
IN THE MODERN WORLD

EDITED BY
SANDRA CLARK

Shakespeare Made Fit Restoration Adaptations Of Shakespeare

Jennifer Tallman

Shakespeare Made Fit Restoration Adaptations Of Shakespeare:

Shakespeare Made Fit Sandra Clark,1997 Shakespeare's plays had to be made fit to suit the new theatrical conditions and were drastically revised. Because the list of revisions and reworkings goes on almost indefinitely in this volume Sandra Clark has brought together five important and intriguing pieces which have particular relevance to readers now.

Shakespeare's Rise to Cultural Prominence Emma Depledge,2018-07-26 Shakespeare's rise to prominence was by no means inevitable. While he was popular in his lifetime the number of new editions and revivals of his plays declined over the following decades. Emma Depledge uses the methodologies of book and theatre history to provide a reassessment of the reputation and dissemination of Shakespeare during the Interregnum and Restoration. She demonstrates the crucial role of the Exclusion Crisis 1678-1682, a political crisis over the royal succession as a foundational moment in Shakespeare's canonisation. The period saw a sudden surge of theatrical alterations and a significantly increased rate of new editions and stage revivals. In the wake of the Exclusion Crisis Shakespeare's plays were made available on a scale not witnessed since the early seventeenth century, thus reversing what might otherwise have been a permanent disappearance of his drama from canonical familiarity and firmly establishing Shakespeare's work in the national cultural imagination. Shakespeare's Theatre Hugh Macrae Richmond,2004-01-01 Under an alphabetical list of relevant terms, names and concepts, the book reviews current knowledge of the character and operation of theatres in Shakespeare's time with an explanation of their origins. *Adaptation Before Cinema* Lissette Lopez Szwydky, Glenn Jellenik,2023-01-19 *Adaptation Before Cinema* highlights a range of pre-cinematic media forms including theater novelization, painting and illustration, transmedia art, children's media, and other literary and visual culture. The book expands the primary scholarly audience of adaptation studies from film and media scholars to literary scholars and cultural critics working across a range of historical periods, genres, forms, and media. In doing so, it underscores the creative diversity of cultural adaptation practiced before cinema came to dominate the critical conversation on adaptation. Collectively, the chapters construct critical bridges between literary history and contemporary media studies, foregrounding diverse practices of adaptation and providing a platform for innovative critical approaches to adaptation, appropriation, or transmedia storytelling popular from the Middle Ages through the invention of cinema. At the same time, they illustrate how these forms of adaptation not only influenced the cinematic adaptation industry of the twentieth century but also continue to inform adaptation practices in the twenty-first century transmedia landscape. Written by scholars with expertise in historical literary and cultural scholarship ranging from the medieval period through the nineteenth century, the chapters use discourses developed in contemporary adaptation studies to shed new lights on their respective historical fields, authors, and art forms. **Getting Published in the Humanities** Jeffrey Kahan,2014-01-10 In academia, the mantra "publish or perish" is more than a cliché. In most humanities fields, securing tenure proves impossible without at least one book under your belt. Yet, despite the obvious importance of academic

publishing the process remains an enigma to most young scholars In this helpful guide a seasoned author offers essential advice for novice academic writers seeking publication He explains why not all publications are equal why e books are not as widely respected as printed books in the academic world how to schedule publications prior to tenure how to spot a publishable idea how to approach the right publisher and a host of other useful tips that greatly increase one s chances of publication By outlining a step by step approach to publishing this indispensable manual removes much of the mystery surrounding an essential component of an academic career Gender and Power in Shrew-Taming Narratives, 1500-1700

D. Wootton,G. Holderness,2010-05-11 Explores dramatic narrative and polemical versions of the taming of the shrew story from the Middle Ages to the Restoration in light of recent historical work on the position of early modern women in society Its essays address shrew narratives as an extended cultural dialogue debating issues of gender and sexual politics

Medieval and Early Modern Authorship Guillemette Erne, Lukas Bolens,2014-10-16 *Shakespeare Quarterly* ,1998

The Oxford Companion to Shakespeare Michael Dobson,Stanley Wells,2001-11-29 Illustrated with more than 100 photos and boasting contributions from a team of internationally renowned scholars this is the ultimate resource on the Bard of Avon 2 maps **The Rough Guide to Shakespeare** Andrew Dickson,2005 Featuring full coverage of all 38 plays this guide to the works of William Shakespeare includes a synopsis character list stage history and full critical essay for each play It also includes a brief summary of Shakespeare s life as well as an account of how each play was originally performed

Shakespeare Survey Allardyce Nicoll,2001 An annual survey of Shakespearian study and production The Shakespeare Riots Nigel Cliff,2007 Sample Text **The English Clown Tradition from the Middle Ages to Shakespeare** Robert Hornback,2009 English theatrical clowns carried a weighty cultural significance from the late medieval period through to the seventeenth century only to have it stripped from them sometimes violently at the close of the Renaissance when the license of fooling was revoked This survey of clown traditions during the period looks at their history and reveals their hidden cultural contexts and legacies It has far reaching implications not only for a general understanding of English clown types but also for understanding their considerable role in defining social religious and racial boundaries The study begins with an exploration of previously misconstrued early representations of blackness in medieval psalters cycle plays and Tudor interludes arguing that such depictions are more emblematic of folly and ignorance than of evil Other elements of the clown tradition examined here include the patronage of a clownish iconoclastic Lord of Misrule by Protestants at Cambridge and at court during the reigns of Henry VIII and Edward the Puritan clown of the Elizabethan stage and the Fool in King Lear about whom fresh and provocative conclusions are reached The epilogue focuses on the satirical clowning which took place surreptitiously in the Interregnum and the causes and manner of the revoking of licensed foolery Book Jacket **Perspectives on Restoration Drama** Susan J. Owen,2002 This book introduces students to drama from the Restoration of Charles II in 1660 to the early 18th Century Susan Owen offers representative coverage of new forms of

drama in this period and of ways in which old forms are altered Her study covers heroic drama comedy tragedy tragi comedy and Shakespeare adaptations by focusing on specific dramatic highlights and giving close reading of particular plays **The History of King Lear** William Shakespeare, Gary Taylor, 2000 King Lear widely considered Shakespeare s most deeply moving passionately expressed and intellectually ambitious play has almost always been edited from the revised version printed in the First Folio of 1623 with additions from the quarto of 1608 Acting on recent discoveries this volume presents the first full scholarly edition to be based firmly on the quarto now recognized as the base text from which all others derive A thorough attractively written introduction suggests how the work grew slowly in Shakespeare s imagination fed by years of reading thinking and experience as a practical dramatist Analysis of the great range of literary and other sources from which he shaped the tragedy and of its critical and theatrical history indicates that the play felt as shocking and original to early audiences as it does now Its challenges have often been evaded notably in Nahum Tate s notorious adaptation During the twentieth century however deeper understanding of the conventions of Shakespeare s theatre restored confidence in the theatrical viability of his original text while the play has also generated a remarkable range of offshoots in film television the visual arts music and literature The commentary to this edition offers detailed help in understanding the language and dramaturgy in relation to the theatres in which King Lear was first performed Additional sections reprint the early ballad ignored by all modern editors which was among its earliest derivatives and provide additional guides to understanding and appreciating one of the greatest masterworks of Western civilization *Shakespearean R/Evolutions* Jennifer Tallman, 2004
An Essay on the Idea of Comedy, and of the Uses of the Comic Spirit George Meredith, 2001 **Shakespearean and Other Tragedy** Kenneth Muir, 1967 *Restoration and 18th Century Theatre Research Bibliography, 1961-1968* Carl Joseph Stratman, 1969 *Native Domesticity* Shannon Alma Bush, 2005
