Shakespeare Una Guía:

El mundo de la historia. Una guía para explorarlo Dario Migliucci, 2024-01-17 Al historiador lo hemos imaginado como un explorador a punto de aventurarse por tierras aún por descubrir. Lo hemos condenado a moverse por un territorio virgen pero delimitado por fronteras muy bien definidas por un lado las grandes estructuras por el otro la agencia de los individuos a un extremo la historia de los grandes hombres al otro la historia desde abajo en un polo la realidad en el otro su representación y así sucesivamente. Es entre estos límites donde el historiador establece su campo de acción. El presente libro pretende proporcionar a los amantes de la historia una guía que los prepare para afrontar sus primeras exploraciones a través del tiempo.

The Phonetic Guide to Italian Matthew Lawry, 2012-07-27 This book is about learning the phrases and sentences and getting to grips with saying the language without going into the grammar first. In that way you can have fun learning how to say certain things and also you do not come up against stumbling blocks and frustrations. The idea behind this thinking was because when I was a child my parents used to tell me words before they taught me how to learn the alphabet so I thought that was a better way round. Get used to the language first. I wrote this book to how I thought the student of the language could assimilate and understand it and get a basic grounding of the language. I thought to myself what was the best thing to learn first for instance what the differences between masculine and feminine are what does the accent mean so I put this information in the chapter header pages so then I could use more space to actually learn the language. I have also put in a conceptual stage so then you can think about the language for instance English has quite a few routes to it like Latin so quite a few words are very similar even though the accent can throw us off. It sounds like proper English for instance disgraceful which means scandaloso in Italian which is nearly the same in English. I believe there is no right or wrong way to learn it depends on what you want it for. You may want to practise it on holidays or you may want to read the Italian newspapers so sometimes you do not necessarily have to learn the alphabet or the grammar. I like to read newspapers on holidays and watch films in Italian that is why I wanted to learn it. It can also be useful in attaining knowledge for quizzes. The only good criticism is a constructive one not a destructive one. Matthew Lawry I hope you enjoy this book as much as I have in writing it.

Una guía de la Antigüedad para la vida moderna Natalie Haynes, 2011-07-27 Vivimos en una época, nos dice Natalie Haynes, que ha eliminado el latín y el griego de la educación y que conoce el mundo de la Antigüedad a través de una visión deformada por mitos y prejuicios. Pero este pasado está lleno de gente común como nosotros mismos, gente que tuvo vidas ordinarias en tiempos extraordinarios y de la que tenemos mucho que aprender. Por ello se ha propuesto contarnos una colección de algunas de las mejores historias del mundo antiguo: historias que son interesantes, divertidas, tristes o espectaculares y especialmente algunas que parecen sorprendentemente actuales aunque ocurrieron hace dos mil años. No se trata, sin embargo, de una mera colección de anécdotas sino que la autora utiliza estas historias para elaborar con ellas una visión amena pero bien informada de cómo eran los gobiernos, las leyes, el saber, la vida de las mujeres o los espectáculos como era en suma la existencia cotidiana de los griegos y romanos de la Antigüedad. Y nos muestra lo mucho que hay en este pasado que puede servirnos de guía para la vida moderna.
