Peacemaking In The 1990s A Guide For Canadians:

Peacemaking in the 1990s Thomas L. Perry, 1991 Peacekeeping in the 1990s offers a varied and comprehensive agenda of peace related issues They range across the spectrum of military budgets arms control Canadian defence policy the environment nuclear energy the role of science education parenting low intensity welfare and the Gulf War They also include several poignant and moving personal accounts such as the nuclear devastation of Nagasaki and the civil war in Nicaragua What should we know how should we act Fortunately Thomas Perry provides a succinct abstract of each article thought interspersing biographical data with the introduction is confusing from review by Henry Wiseman Dept of Political Studies U of Guelph *A Bargain for Humanity* Douglas Roche, 1993 With this timely and illuminating book Douglas Roche has again demonstrated that he is one of the most perceptive and prophetic harbingers of the new world order and of the indispensable role of the United Nations in achieving it **Canadian Books in Print. Author and Title Index**, 1975 *Creating Canada's Peacekeeping Past* Colin McCullough, 2016-10-07 Peacekeeping Despite efforts to relegate it to the past what was once a central pillar in Canada's national identity has been making a comeback in recent years *Creating Canada's Peacekeeping Past* illuminates how participation in the United Nations peacekeeping efforts from 1956 to 1997 became central to national self identification in both English and French Canada Delving into four decades worth of political rhetoric newspaper coverage textbooks and more Colin McCullough outlines continuity and change in the production and reception of messages about peacekeeping He demonstrates that those who produced messages about peacekeeping often overlooked the particularities of individual missions preferring to link their cultural products to political discourses about national identity Engaging in debates about Canada's international standing as well as its broader national character this book is a welcome addition to the history of Canada's changing national identity **Strategies for the Year 2000** Deborah Stienstra, Barbara Ann Roberts, 1995 How well has Canada measured up to its obligations under the two agreements it signed during the UN Decade of Women The authors of this book detail the terms of the conventions the Convention for the Elimination of all Forms of Discrimination Against Women and the Forward Looking Strategies for the Advancement of Women by the Year 2000 and have painstakingly chronicled the progress the provincial territorial and federal governments have made towards fulfilling their legal obligations in areas such as women's participation in decision making childcare violence against women and so on All levels of governments are found wanting As an assessment of progress on women's equality in Canada it is fascinating reading and a thorough resource This book also has a second purpose It is a how to manual for women in Canada and elsewhere who wish to assess the progress made by their governments in implementing women's equality obligations incurred by the signing of the two international agreements The authors explain what these agreements entail and show how readers can select their own priority issues gather information from official and popular sources and work with women's organizations to analyze how their governments have complied with ignored or violated these commitments The book

includes step by step examples of each stage of the process and suggests some educational lobbying and other activities groups might wish to undertake Each chapter contains a brief list of Canadian and international references with suggestions for obtaining further resources Canadian Books in Print ,2001 *Peace Magazine* ,1992 **Canadian Books in Print 2002** Edited by Butler Marian,Marian Butler,2002-02 Containing more than 48000 titles of which approximately 4000 have a 2001 imprint the author and title index is extensively cross referenced It offers a complete directory of Canadian publishers available listing the names and ISBN prefixes as well as the street e mail and web addresses **Canada's International Security Policy** David Brian Dewitt,David Leyton-Brown,1995 **Canadian Library Journal** ,1992 Canadiana ,1991 Peacemaking, Peacemakers and Diplomacy, 1880-1939 Gaynor Johnson,2020-05-22 This book is a collection of essays by leading scholars of the international history of the late nineteenth and early twentieth centuries that aims to explore the dynamics of the way in which diplomacy was conducted before during and after the First World War It is a history of the origins nature and conduct of the so called new diplomacy a phrase often used by historians of this period but not full understood Other key themes include changes in the way war as a diplomatic tool was viewed in this period primarily from the perspective of the British and American governments This book also contributes to the growing literature on how the Paris Peace Conference and the peace treaties it produced were viewed from outside as well as inside Europe **Luc Reyhler: A Pioneer in Sustainable Peacebuilding Architecture** Luc Reyhler,Arnim Langer,2020-05-07 This book provides a unique personal perspective on the field of peace research It not only highlights Luc Reyhler s significant contributions to the theory and praxis of sustainable peacebuilding but also offers important reflections on the evolution of peace research as an independent discipline The central concept of this book and of Reyhler s academic career for that matter is sustainable peacebuilding architecture Reyhler introduced this concept in order to draw attention to the architectural principles and considerations that have to be addressed in sustainable peacebuilding processes Reyhler s work on sustainable peacebuilding architecture has been groundbreaking and has not lost any of its relevance in the twenty first century By bringing together Reyhler s seminal texts on sustainable peacebuilding architecture the current book aims to offer academics students and policymakers an essential guide to understanding studying and applying this crucial concept Provides a unique personal view of the development of peace research Lists the necessary building blocks for sustainable peacebuilding Offers tools for monitoring and evaluating interventions Discusses the scientific nature and often provocative findings of peace research Discusses ten lessons learned and the future Peace Research III A Bibliography of Works on Canadian Foreign Relations, 1991-1995 Jennifer McNenly,Canadian Institute of International Affairs,1998 **Canadian Periodical Index** ,1996 *The Pauling Catalogue: Newspaper clippings.
