Sex Boyd McDonald, 1982 True Homosexual Experiences from STH Writers Volume 3 A welcome re issue of Boyd McDonald's gay classic in which men write without any inhibitions about their true sexual encounters Sexualities: Sexualities and their futures Kenneth Plummer, 2002 Volume 3 Difference and Diversity of Sexualities This section examines the politics power and critique of sexual categories including bisexuality sex addiction prostitution and sadomasochism

Juice Boyd McDonald, 1984 *Culture, Society and Sexuality* Richard Guy Parker, Peter Aggleton, 1999 This work offers an introduction to the central debates in sexuality research Among the issues examined are the social and cultural dimensions of sex human sexuality and sex research **Culture, Society And Sexuality** Peter Aggleton, Richard Parker, 2002-01-04 Since the beginnings of time people have been interested in sex the form it takes the pleasure it can give the circumstances in which it occurs and what it means both for the individuals concerned and to society more generally Often seen as a synonym for love sometimes as an expression of power and infrequently as a means of exploitation and abuse sex is a complex and multi faceted aspect of human behaviour that has been written about by numerous writers and theorists worldwide This book offers an introduction to the central debates in sexuality research Among the issues examined are the social and cultural dimensions of sex human sexuality and sex research It will be of use to students of sociology cultural studies and health and behavioural studies *CUM* Boyd McDonald, 1983 *Wads* Boyd McDonald, 2000-08 The sixth volume from the acclaimed S T H series of gay erotica The hottest stories from the hottest writers telling it like it is about their true life sexual experiences **Articulate Flesh** Gregory Woods, 1987-01-01 Arguing that homosexual poetry is part of the mainstream of poetic writing not a distinct and differentiated category within it Gregory Woods provides a fastidious study of homosexual poetry in the twentieth century that emphasizes the homo erotic themes in the works of D H Lawrence Hart Crane W H Auden Allen Ginsberg and Thom Gunn Woods's controlled and elegant study demonstrates that a critic who ignores the sexual orientation of a poet particularly a love poet risks overlooking the significance of the poetry itself **Gay Roots** Winston Leyland, 1991 Essays fiction and poetry originally published in Gay sunshine journal by Gay Sunshine Press

Secret Historian Justin Spring, 2010-08-17 2010 National Book Award Finalist for Nonfiction Drawn from the secret never before seen diaries journals and sexual records of the novelist poet and university professor Samuel M Steward *Secret Historian* is a sensational reconstruction of one of the more extraordinary hidden lives of the twentieth century An intimate friend of Gertrude Stein Alice B Toklas and Thornton Wilder Steward maintained a secret sex life from childhood on and documented these experiences in brilliantly vivid and often very funny detail After leaving the world of academe to become Phil Sparrow a tattoo artist on Chicago's notorious South State Street Steward worked closely with Alfred Kinsey on his landmark sex research During the early 1960s Steward changed his name and identity once again this time to write exceptionally literate upbeat pro homosexual pornography under the name of Phil Andros Until today he has been known only

as Phil Sparrow but an extraordinary archive of his papers lost since his death in 1993 has provided Justin Spring with the material for an exceptionally compassionate and brilliantly illuminating life and times biography More than merely the story of one remarkable man Justin Spring's *Secret Historian* is a moving portrait of homosexual life long before Stonewall and gay liberation **Small Press Record of Books in Print**, 1990 **The Time of AIDS** Gilbert Herdt, Shirley

Lindenbaum, 1992-01-29 The widespread tragedy of the AIDS epidemic is forcing social scientists to change the way they think about and study subgroups within the majority culture How is the concept of culture relevant to the study of AIDS How can social science methods be used to uncover the epidemiology of this deadly disease And how can social scientists deploy what they learn to help solve the problems posed by AIDS The Time of AIDS explores and provides provocative insights on these three critical issues By examining research conducted with various cultural groups and in different countries the authors offer insight on how to identify the distinct way different communities respond to the threat of this disease These studies demonstrate that a single theory and method will not capture the importance of the AIDS epidemic but a close look at the culture and psychology of a society can inspire more effective ways of education intervention and arrest of the transmission of the virus Researchers and practitioners in anthropology psychology sociology and nursing will benefit from this enlightening volume Flesh Winston Leyland, 1982 True Homosexual Experiences from S T H Volume 2 A re issue of

the gay classic in the famous S T H series Men write with no holds barred about their most intimate sexual experiences Puts the sex back into homosexuality *Sexed Texts* Paul Baker, 2008-07 Sexed Texts explores the complex role that language plays in the construction of sexuality and gender two concepts that are often discussed separately although in practice are closely intertwined The book draws on a range of theoretical perspectives and published research including performativity theory feminism queer studies psychoanalytical theory Marxism social constructionism and essentialism Illustrative examples are taken from written spoken internet non verbal visual media scripted and naturally occurring texts Some of the questions addressed in the book include how do people construct their own and other's gendered or sexual identities through the use of language What is the relationship between language and desire In what ways do language practices help to reflect and shape different gendered sexed discourses as normal problematic or contested Taking a broadly deconstructionist perspective the book progresses from examining what are seen as preferable or acceptable ways to express gender and sexuality moving towards more tolerated identities practices and desires and finally arriving at marginalized and tabooed forms The book locates sexuality and gender as socially constructed and therefore examines language use in terms of socio historical factors linking changing conceptualisations of identity discourse and desire to theories surrounding regulation globalisation new technologies marketisation and consumerism Medical and Health Care Books and Serials in Print, 1997 Uniform Trade List Annual, 1977 **Mythomania** Bernard Welt, 1996 Contributions by Bernard Welt *AB Bookman's Yearbook*, 1985 **Materijali za istorijata na Makedonija**, 1982 *Medical Books and Serials in Print*, 1984
