Sexcrime An Anthology Of Subversive Erotica:

Queer Universes Wendy Gay Pearson, Veronica Hollinger, Joan Gordon, 2008-03-01 Contestations over the meaning and practice of sexuality have become increasingly central to cultural self definition and critical debates over issues of identity citizenship and the definition of humanity itself In an era when a religious authority can declare lesbians antihuman while some nations legalise same sex marriage and are becoming increasingly tolerant of a variety of non normative sexualities it is hardly surprising that science fiction in turn takes up the task of imagining a diverse range of queer and not so queer futures The essays in *Queer Universes* investigate both contemporary and historical practices of representing sexualities and genders in science fiction literature *Queer Universes* opens with Wendy Pearson's award winning essay on reading sf queerly and goes on to include discussions about sextrapolation in New Wave science fiction stray penetration in William Gibson's cyberpunk fiction the queering of nature in ecofeminist science fiction and the radical challenges posed to conventional science fiction in the work of important writers such as Samuel R Delany Ursula K Le Guin and Joanna Russ In addition *Queer Universes* offers an interview with Nalo Hopkinson and a conversation about queer lives and queer fictions by authors Nicola Griffith and Kelley Eskridge *Feminist Bookstore News*, 1999

Sexcrime Cecilia Tan, 2000 A woman performs S M on stage in a future where all sensual pain must be faked A man searches for a secret sex speakeasy in a high tech city An assassin finds herself irresistibly attracted to her victim An artist's model poses in a world where erotic expression is taboo Taking its title from Orwell's 1984 this collection explores the erotic heat and intensity that can come from love under repressive conditions In 12 futuristic stories it explores and celebrates the ways in which underground love and subversive sex can bring alive forbidden pleasures *The Publishers Weekly*, 1999

Alien Constructions Patricia Melzer, 2010-01-01 An incisive critical work that looks at Octavia Butler's writing the movies of the Matrix and Alien series and more through a feminist lens *Femspec* Feminist thinkers and writers are increasingly recognizing science fiction's potential to shatter patriarchal and heterosexual norms while the creators of science fiction are bringing new depth and complexity to the genre by engaging with feminist theories and politics This book maps the intersection of feminism and science fiction through close readings of science fiction literature by Octavia E Butler Richard Calder and Melissa Scott and the movies The Matrix and the Alien series Patricia Melzer analyzes how these authors and films represent debates and concepts in three areas of feminist thought identity and difference feminist critiques of science and technology and the relationship among gender identity body and desire including the new gender politics of queer desires transgender and intersexed bodies and identities She demonstrates that key political elements shape these debates including global capitalism and exploitative class relations within a growing international system the impact of computer industrial and medical technologies on women's lives and reproductive rights and posthuman embodiment as expressed through biotechnologies the body machine interface and the commodification of desire Melzer's investigation makes it clear that feminist writings and readings of science fiction are part

of a feminist critique of existing power relations and that the alien constructions cyborgs clones androids aliens and hybrids that populate postmodern science fiction are as potentially empowering as they are threatening *Fetish Fantastic* Cecilia Tan,1999 Tales of power and lust from the futuristic to the surreal that combine eroticism science fiction and S M **Not for Sale** Christine Stark,Rebecca Whisnant,2005-05-01 Including the latest research on prostitution and pornography this essay anthology shows how the sex industries harm those within them while undermining the possibilities for gender justice human equality and stable sexual relationships From sex industries survivors to social activists and theorists such as Taylor Lee Adriene Sere and Kristen Anderberg this volume assesses from a feminist perspective the racism poverty militarism and corporate capitalism of selling sex through strip clubs brothels mail order brides and child pornography
