Sexual And Reproductive Neurorehabilitation:

Sexual and Reproductive Neurorehabilitation Mindy L. Aisen, 2013-03-09 This well written text thoroughly addresses two quality of life issues in patients with a variety of neurological disorders sexual and reproductive function The de vasta stating effects of a variety of neurological diseases are well known to both the lay and medical communities and are treated in numerous texts However as we continue to experience therapeutic breakthroughs in the tielfds of neurology and rehabilitation medicine physicians and patients must become more aware of the issues discussed in this text It is particularly important as emphasized throughout the chapters that the physician or therapist initiate conversations with the patients concerning both the possibility of parenting a child as well as the ability of the patient to enhance his her sexual functioning Commonly in the patient who is otherwise perfectly normal there is a reluctance to discuss these topics and couples often feel embarrassed to initiate a conversation with their physi cians This reluctance to initiate a discussion is even more apparent in patients with a variety of neurological disorders in which there are overriding fears concerning both function and survival as well as deep concerns about their own attractiveness and their sexual and repro ductive ability

Sexual and Reproductive Neurorehabilitation Mindy Aisen, 1997-05-21 This well written text thoroughly addresses two quality of life issues in patients with a variety of neurological disorders sexual and reproductive function The de vasta stating effects of a variety of neurological diseases are well known to both the lay and medical communities and are treated in numerous texts However as we continue to experience therapeutic breakthroughs in the tielfds of neurology and rehabilitation medicine physicians and patients must become more aware of the issues discussed in this text It is particularly important as emphasized throughout the chapters that the physician or therapist initiate conversations with the patients concerning both the possibility of parenting a child as well as the ability of the patient to enhance his her sexual functioning Commonly in the patient who is otherwise perfectly normal there is a reluctance to discuss these topics and couples often feel embarrassed to initiate a conversation with their physi cians This reluctance to initiate a discussion is even more apparent in patients with a variety of neurological disorders in which there are overriding fears concerning both function and survival as well as deep concerns about their own attractiveness and their sexual and repro ductive ability

Textbook of Neural Repair and Rehabilitation: Volume 2, Medical Neurorehabilitation Michael Selzer, Stephanie Clarke, Leonardo Cohen, Pamela Duncan, Fred Gage, 2006-02-16 In two freestanding but linked volumes Textbook of Neural Repair and Rehabilitation provides comprehensive coverage of the science and practice of neurological rehabilitation This volume Medical Neurorehabilitation can stand alone as a clinical handbook for neurorehabilitation It covers the practical applications of the basic science principles presented in volume 1 provides authoritative guidelines on the management of disabling symptoms and describes comprehensive rehabilitation approaches for the major categories of disabling neurological disorders Emphasizing the integration of basic and clinical knowledge this book and its companion are edited and written by leading international

authorities Together they are an essential resource for neuroscientists and provide a foundation for the work of clinical neurorehabilitation professionals *Sexual and Reproductive Neurorehabilitation* Mindy L Aisen,1997-05-21 Neurology and General Medicine Michael Jeffrey Aminoff,2008-01-01 Better understand your patients complete medical profile and provide the best possible care This one of a kind reference provides a practical look at neurological disease and how it affects and is affected by other disease It helps neurologists manage patients with co existing medical conditions and helps internists understand and treat the neurological manifestations of patients primary diseases A new emphasis on diagnosis and management including advances in pharmacology genetic based therapies and new imaging techniques makes this 4th Edition more clinically valuable than ever Focused content highlights the vital links between neurology and other medical specialties promoting a better understanding of all disciplines as well as enhancing patient care Comprehensive coverage of advances in pharmacology such as new antibiotics for infectious diseases helps you successfully manage a full range of diseases and disorders An interdisciplinary team of authors provides insight into the neurological aspects of the conditions you see in daily practice Easy to read chapters apply equally well to neurologists and non neurologists providing essential knowledge that covers the full spectrum of medical care Expanded chapters emphasize key diagnostic and therapeutic information including appropriate testing and treatments for neurological disease An emphasis on advances in pharmacology and new imaging techniques helps you better manage your patients and understand how new drugs or therapies will affect your patients and practice New chapters on auditory and vestibular disease ocular disease and cutaneous disease provide a well rounded look at the specialty Updated illustrations make complex concepts easier to understand and apply **Neuro Rehabilitation - A Multidisciplinary Approach** Mr. Rohit Manglik,2024-07-30 Presents a multidisciplinary perspective on neurorehabilitation covering physiotherapy occupational therapy speech language therapy and psychological interventions
