Sexual Health And Erotic Freedom:

Sexual Health and Erotic Freedom Barnaby B. Barratt, 2005-08 What professionals are saying about Sexual Health and Erotic Freedom It is rare for a renowned sexologist to speak honestly as a sexual being Dr Barnaby Barratt has summoned the courage to tell us brilliantly not only about sex per se but about his own sexual journey because he has a mission He wants to liberate us intellectually emotionally spiritually and even politically by restoring our birthright the right to embodied sexual pleasure This is the most stunningly provocative subversive and touching book I have read in a long time It is compulsory reading for anyone who longs to feel more richly alive in his her own skin Peggy J Kleinplatz Ph D School of Psychology University of Ottawa Editor of New Directions in Sex Therapy A brave and important book Everyone who plans to be sexually active should read it Candida Royalle Erotic Film Director Author of How to Tell a Naked Man What To Do Dr Barratt has another winner Sexual Health and Erotic Freedom is an explosive book that cuts to the core of the divisiveness that is tearing at the fabric of contemporary American religious institutions and of our culture in general It is incisive insightful and helpful in its vision of health spirituality and erotic liberation William R Stayton ThD PhD Past President American Association of Sexuality Educators Counselors and Therapists Dr Barratt has written a provocative and courageous expos laying bare the societal forces that inhibit our sexuality and crush our capacity for unbridled joy Sexual Health and Erotic Freedom will stimulate challenge and inspire readers to examine long held assumptions about intimate pleasure in ways that may seem foreign even shocking to some yet are inescapably enlightening Best of all Dr Barratt opens doors to help readers reach a depth of erotic connection that may have seemed barely imaginable before Joy Davidson PhD Certified Sex Therapist and Author of Fearless Sex Barnaby Barratt offers us a strong manifesto for sexual liberation If we are indeed in a culture war where sex and exotic desire are primary targets Dr Barratt issues a clarion call for honesty and integrity in our sexual discourse SEXUAL HEALTH AND EROTIC FREEDOM confronts the sex fascism and shame based sex paranoia that seem to grip our politics and personal relationships with a radical courageous and reasoned case for freely and openly liberating our desires and expressing our true sexual selves Jeffrey Montgomery Executive Director Triangle Foundation Vice President Woodhull Freedom Foundation [Sex Without Consent](#) Shireen J Jejeebhoy, Iqbal Shah, Shyam Thapa, 2013-07-04 The pressing need to break the silence on non consensual sex among young people an issue shrouded by denial underreporting and stigma is self evident Despite the growing body of research regarding young people s sexual behaviours the study of coercive sexual experiences has generally been overlooked by both researchers and national programmes Available evidence has been scattered and unrepresentative and despite this evidence non consensual sex among young people is perceived to be a rare occurrence This volume dispels any such misconception It presents a disturbing picture of non consensual sex among girls as well as boys and among married as well as unmarried young women in a variety of settings This volume documents moreover the expanse of non consensual experiences that young people face from unwanted

touch to forced penetrative sex and gang rape Although the focus is on young females the volume also sheds light on the experience of young males as both victims and perpetrators This pioneering volume highlights key factors placing young people at risk whilst outlining the significant distinctive health and social implications they face Sex Without Consent also documents the unsupportive and sometimes abusive or negligent roles of families teachers health care providers and law enforcement agents outlines promising efforts intended to prevent non consensual sex or support survivors and argues for profound changes in norms and values that tolerate or encourage non consensual sex The editors based at the Population Council New Delhi the World Health Organization Geneva and Family Health International Virginia argue compellingly for a radical review and reform of existing programmes designed to prevent this kind of abuse and to support young survivors of sexual trauma in the developing world Addressing the magnitude determinants and consequences of sex without consent this volume provides evidence based directions for programming **Sex and Society** Marshall Cavendish Corporation,2010-09
