Sexual Life Between Blacks and Whites Beth Day Romulo,1972 **Sex, Love, Race** Martha Hodes,1999 Since the colonial era North America has been defined and continually redefined by the intersections of sex violence and love across racial boundaries Motivated by conquest economics desire and romance such crossings have profoundly affected American society by disturbing dominant ideas about race and sexuality Sex Love Race provides a historical foundation for contemporary discussions of sex across racial lines which despite the numbers of interracial marriages and multi racial children remains a controversial issue today The first historical anthology to focus solely and widely on the subject Sex Love Race gathers new essays by both younger and well known scholars which probe why and how sex across racial boundaries has so threatened Americans of all colors and classes Traversing the whole of American history from liaisons among Indians Europeans and Africans to twentieth century social scientists fascination with sex between Asian Americans and whites the essays cover a range of regions and of racial ethnic and sexual identities in North America Back cover **White on Black** Jan Nederveen Pieterse,1992-01-01 White on Black is a compelling visual history of the development of European and American stereotypes of black people over the last two hundred years Its purpose is to show the pervasiveness of prejudice against blacks throughout the western world as expressed in stock in trade racist imagery and caricature Reproducing a wide range of illustrations from engravings and lithographs to advertisements candy wrappings biscuit tins dolls posters and comic strips the book challenges the hidden assumptions of even those who view themselves as unprejudiced Jan Nederveen Pieterse sets Western images of Africa and blacks in a chronological framework including representations from medieval times from the colonial period with its explorers settlers and missionaries from the era of slavery and abolition and from the multicultural societies of the present day Pieterse shows that blacks have been routinely depicted throughout the West as servants entertainers and athletes and that particular countries have developed their own comforting black stereotypes about blacks Sambo and Uncle Tom in the United States Golliwog in Britain Bamboula in France and Black Peter in the Netherlands Looking at conventional portrayals of blacks in the nursery in sexual arenas and in commerce and advertising Pieterse analyzes the conceptual roots of the stereotypes about them The images that he presents have a direct and dramatic impact and they raise questions about the expression of power within popular culture and the force of caricature humor and parody as instruments of oppression **Human Sex and Sexuality** Edwin Benzel Steen,James Harold Price,1988-01-01 Clear concise coverage of sexual development anatomy sexual relations reproduction contraception pornography deviations much more New material on AIDS toxic shock etc Risks and Problem Behaviors in Adolescence Richard M. Lerner,Christine M. Ohannessian,2014-02-04 The articles in this volume illustrate how development is propelled by the bidirectional relations that occur between the person and all levels of the context The authors argue that adolescent life is embedded in a complicated developmental system involving multiple features of the individual e g biology emotions

personality and cognition and the multiple levels of his or her social ecology e g peers family school the workplace and the public policy and legal systems that structure and impact behavioural opportunities for and the actions of adolescents These articles have important implications for the design of interventions aimed at adolescent problem behaviours *Race Mixing* Renee Christine Romano,2009-06-30 Marriage between blacks and whites is a longstanding and deeply ingrained taboo in American culture On the eve of World War II mixed race marriage was illegal in most states Yet sixty years later black white marriage is no longer illegal or a divisive political issue and the number of such couples and their mixed race children has risen dramatically Renee Romano explains how and why such marriages have gained acceptance and what this tells us about race relations in contemporary America The history of interracial marriage helps us understand the extent to which America has overcome its racist past and how much further we must go to achieve meaningful racial equality **Racial and Cultural Minorities** George Eaton Simpson,J. Milton Yinger,2013-06-29 We need scarcely note that the topic of this book is the stuff of headlines Around the world political economic educational military religious and social relations of every variety have a racial or ethnic component One cannot begin to understand the history or contemporary situation of the United States the Soviet Union China Zimbabwe South Africa Great Britain Lebanon Mexico Canada indeed almost any land without careful attention to the influence of cultural and racial divisions Preparation of this new edition has brought a strong sense of déjà vu with regard both to the persistence of old patterns of discrimination even if in new guises and also to the persistence of limited and constraining explanations We have also found however rich new empirical studies new theoretical perspectives and greatly expanded activity and analyses from members of minority groups Although this edition is an extensive revision with reference both to the data used and the theoretical approaches examined we have not shifted from our basically analytical perspective We strongly support efforts to reduce discrimination and prejudice but these can be successful only if we try to understand where we are and what forces are creating the existing situation We hope to reduce the tendency to use declarations and condemnations of other persons actions as substitutes for an investigation of their causes and consequences **Magic white and black, or, The science of finite and infinite life** Franz Hartmann (Theosophist.),1888 *Bridging the Communication Gap Between Black and White* Alan S. Tiley,1974 **The Descent of Man, and Selection in Relation to Sex** Charles Darwin,1871 **Black and White** ,1895 *Sexual Life Between Blacks and Whites* ,1974 *Gender Roles* Janice W. Lee,2005 Gender encompasses biological sex but extends beyond it to the socially prescribed roles deemed appropriate for each sex by the culture in which we live The gender roles we each carry out are highly individualistic built on our biological and physical traits appearance and personality life experiences such as childhood career and education and history of sexual and romantic interactions Each element influences perceptions and expectations Gender related experiences influence and shape the ways we think about others and ourselves including self image behaviour mood social advancement and coping strategies This new book brings together leading international
