Sexual Physiology Russell Thacher Trall,2019-06-12 **Sexual Physiology** R.T. Trall,2014-03 This Is A New Release Of The Original 1866 Edition *Sexual Physiology* Russell Thacher Trall,1875 The Long Sexual Revolution Hera Cook,2004-02-05 In this book Hera Cook traces the path of sexuality in England and shows how its route was determined by the gradual exertion of control over fertility Most sexual activity had major economic and social costs the most fundamental of which was the physical cost of children upon women s bodies Around 1800 birth rates reached historical heights Using a combination of demographic and qualitative sources Dr Cook examines the connection between the struggle to lower fertility and the increasing repression of sexuality throughout the nineteenth century Contraception became a viable option in the early twentieth century The book charts the resulting slow relaxation of attitudes to sexuality and the remaking of heterosexual physical behaviour culminating in the sexual revolution of the 1960s **The Phrenological Journal and Science of Health** ,1885 Evolutionary Rhetoric Wendy Hayden,2013-02-14 In Evolutionary Rhetoric scholar Wendy Hayden provides a comprehensive examination of the relationship between scientific and feminist rhetorics in free love feminism studying the movement from its inception in the 1850s to its dark turn toward eugenics in the early 1900s Hayden organizes her provocative study by scientific discipline evolution physiology bacteriology embryology and heredity Each chapter explores how free love feminists adopted the evidence of that discipline in their arguments for increased sex education women s sexual rights reproductive freedom and the abolition of a marriage system that repressed the rights and the sexuality of women Hayden takes our conventional understanding of the relationship between nineteenth century feminism and science and expands it The author provides examples of the powerful words of free love feminists to show exactly how these exceptional women used science as a rhetorical platform to promote feminist and often radical social reforms Considering why the free love movement has not yet been studied Hayden also discusses how the recovery of this movement may impact larger goals in the recovery of women s rhetoric This important and timely study of a long forgotten movement adds to our understanding of the complexities of the history of feminism **The Herald of Health** ,1877 *The Publishers' Trade List Annual* ,1880 **Herald of Health** ,1875 Victorian Honeymoons Helena Michie,2006-12-21 A cultural history of the honeymoon in Victorian culture private accounts and fiction **How Sex Got Screwed Up: The Ghosts that Haunt Our Sexual Pleasure - Book Two** Jon Knowles,2019-06-28 The ghosts that haunt our sexual pleasure were born in the Stone Age Sex and gender taboos were used by tribes to differentiate themselves from one another These taboos filtered into the lives of Bronze and Iron Age men and women who lived in city states and empires For the early Christians all sex play was turned into sin instilled with guilt and punished severely With the invention of sin came the construction of women as subordinate beings to men Despite the birth of romance in the late middle ages Renaissance

churches held inquisitions to seek out and destroy sex sinners all of whom it saw as heretics The Age of Reason saw the demise of these inquisitions But it was doctors who would take over the roles of priests and ministers as sex became defined by discourses of crime degeneracy and sickness The middle of the 20th century saw these medical and religious teachings challenged for the first time as activists such as Alfred Kinsey and Margaret Sanger sought to carve out a place for sexual freedom in society However strong opposition to their beliefs and the growing exploitation of sex by the media at the close of the century would ultimately shape 21st century sexual ambivalence Book Two of this two part publication traces the history of sex from the Victorian Era to present day Interspersed with personal hauntings from his own life and the lives of friends and relatives Knowles reveals how historical discourses of sex continue to haunt us today This book is a page turner in simple and plain language about how sex got screwed up for millennia For Knowles if we know the history of sex we can get over it
