**James West Davidson**

## **Sexual Politics In America:**

Asian American Sexual Politics Rosalind S. Chou, 2012-06-07 *Asian American Sexual Politics* explores the topics of beauty self esteem and sexual attraction among Asian Americans The book draws on sixty in depth interviews to show how constructions of Asian American gender and sexuality tend to reinforce the social and political dominance for whites particularly white males even in the supposed post racial United States Drawing on established scholarship on the intersection of race gender and sexuality *Asian American Sexual Politics* shows how power dynamics shape the lives of young Asian Americans today Asian American women are often constructed as hyper sexual docile bodies while Asian American men are often racially castrated The book s interview excerpts show the range of frames through which Asian Americans approach the world as well as the counter frames they construct In the final chapter author Rosalind S Chou offers strategies for countering racialized and sexualized oppression This provocative book shows how persistent racism affects Asian

American body image self esteem and intimate relationships      **Black Sexual Politics** Patricia Hill Collins, 2004-08-02 In *Black Sexual Politics* one of America s most influential writers on race and gender explores how images of Black sexuality have been used to maintain the color line and how they threaten to spread a new brand of racism around the world today

American Political History John F. Marszalek, Wilson D. Miscamble, 1997 In 1995 more than 100 historians gathered at the University of Notre Dame for a conference convened to honour the American historian Vincent P De Santis This collection of essays from the conference aims to describe and define the state of political history at the end of the 20th century

*Petro-sexual Politics* Heather M. Turcotte, 2008      *Morality Politics in American Cities* Elaine B. Sharp, Yvette M. Alex-Assensoh, 2005 Topless bars casino gambling needle exchange programs for drug addicts there s no question morality issues remain front and center in urban politics Presenting a systematic analysis of culture war issues at the local level Elaine Sharp shows how American cities deal with these ongoing concerns Drawing on a sample of ten strategically chosen cities she explains differences in how municipalities respond to controversies surrounding sex business abortion clinics legalized gambling gay rights and drug use By analyzing the relative importance of subculture economics and institutional arrangements in the disputes she points the way toward richer and more complete understanding of how different cities respond differently to these hot button issues Far more than a statistical study *Morality Politics in American Cities* is a collection of fascinating stories of real people grappling with down to earth issues and real life drama richly informative case studies that will captivate students and interested citizens alike Mayors public health directors activists and others speak their minds about the pros and cons of these controversies Here are officials in one city confronting the Vatican over funding for abortion services those in another battling a local university over its refusal to provide health benefits to gay partners of faculty members and still others mounting a massive community sponsored attack on topless clubs These stories provide detailed evidence to support classifications needed for comparing cities experience with each of the five morality issues They

also corroborate inferences drawn from the comparisons by showing what considerations were in play as local officials grappled with these issues Overall the study shows that cultural factors usually dominate policymaking in local politics except when specific economic interests are at stake and also observes that county level governments are more important than previously thought in terms of morality issue decisions As provocative as it is informative *Morality Politics in American Cities* demonstrates that such issues same sex marriage for example are multidimensional and often difficult to resolve Its conclusions however contingent mark an important step in the ongoing process of understanding important differences in approaches to these issues and clearly show how moral conflicts continue to define American politics

**How to Read a Film** James Monaco, 1977      Seeing Nature Through Gender Virginia Scharff, 2003 Environmental history has traditionally told the story of Man and Nature Scholars have too frequently overlooked the ways in which their predominantly male subjects have themselves been shaped by gender *Seeing Nature through Gender* here reintroduces gender as a meaningful category of analysis for environmental history showing how women's actions desires and choices have shaped the world and seeing men as gendered actors as well In thirteen essays that show how gendered ideas have shaped the ways in which people have represented experienced and consumed their world Virginia Scharff and her coauthors explore interactions between gender and environment in history Ranging from colonial borderlands to transnational boundaries from mountaintop to marketplace they focus on historical representations of humans and nature on questions about consumption on environmental politics and on the complex reciprocal relations among human bodies and changing landscapes They also challenge the ecofeminist position by challenging the notion that men and women are essentially different creatures with biologically different destinies Each article shows how a person or group of people in history have understood nature in gendered terms and acted accordingly often with dire consequences for other people and organisms Here are considerations of the ways we study sexuality among birds of William Byrd's masking sexual encounters in his account of an eighteenth century expedition of how the ecology of fire in a changing built environment has reshaped firefighters own gendered identities Some are playful as in a piece on the evolution of snow bunnies to shred betties Others are dead serious as in a chilling portrait of how endocrine disrupters are reinventing humans animals and water systems from the cellular level out Aiding and adding significantly to the enterprise of environmental history *Seeing Nature through Gender* bridges gender history and environmental history in unexpected ways to show us how the natural world can remake the gendered patterns we've engraved on ourselves and on the planet

**Culture Wars and Local Politics** Elaine B. Sharp, 1999 This collection offers alternative explanations of local actions with a focus on conflict It features examples of experiences selected from various cities It examines how the responses of local governments to specific issues are influenced by such factors as political culture and institutions

Sexual Politics Shannon Gilreath, 2006 Gilreath's *Sexual Politics* is an update to the continuing debate over the place of gay people in American law politics and religion Gilreath navigates a number of complex issues

including the delicate balance between sexual privacy and public equality the entwining of religion and U S Law and politics and gay marriage     Nation of Nations James West Davidson,1998     *Feminism and the Politics of Literary Reputation* Charlotte Templin,1995 Soon after its publication in 1973 *Fear of Flying* brought Erica Jong immense popular success and media fame Alternately pegged sassy and vulgar Jong s novel embraced the politics of the women s liberation movement and challenged the definition of female sexuality Yet today more than twenty years and several books later literary reputation continues for the most part to elude Jong Typecast by her adversaries as a media seeking sensationalist Erica Jong has been unfairly side stepped by academia Charlotte Templin contends In this carefully researched study augmented by personal interviews with Jong Templin assembles and analyzes the medley of responses to Jong s books by reviewers critics writers academics and the media by liberals conservatives and feminists She examines the diverse opinions on the merit and relevance to contemporary life of *Fear of Flying* the invocation of a high culture low culture dichotomy to discredit *How to Save Your Own Life* the anatomy of literary success with Fanny Jong s reception in a postfeminist age and the trivialization of Jong s works that is inevitable with mass media exposure Templin also shows how antagonistic reviewers tend to identify Jong with her fictitious characters a practice more common when the author is a woman and judge her to be guilty of the sin of not being a proper woman In turn she shows how reviewers reveal something of their own values and ideological biases in their critiques and how literary reputations are built destroyed and altered over time The first book to make a detailed examination of the reputation of a woman writer *Feminism and the Politics of Literary Reputation* provides an excellent case study for the literary reception of women writers within a broad cultural context Templin s analysis offers valuable insight into the reception of women writers especially commercially successful women writers and dramatically illustrates the relation of literary reputation to popular appeal and cultural mores     **American Blacklist** Robert Justin Goldstein,2008 The first book to fully chronicle the origins evolution and demise of the McCarthy era program known as the Attorney General s List of Subversive Organizations originally conceived to ferret out disloyal federal employees but wielded as a controversial weapon that threatened the constitutional rights of ordinary citizens     **The Case for Gay Rights** David A. J. Richards,2005 As Americans wrestle with debates over traditional values defense of marriage and gay rights reason often seems to take a back seat to emotion In response legal scholar Richards reflects upon the constitutional and democratic principles relating to privacy intimate life free speech tolerance and conscience that underpin these often heated debates The distillation of Richards s thirty year advocacy for the rights of gays and lesbians his book provides a reflective treatise on basic human rights that touch all of our lives He places in context two key Supreme Court cases the 1986 *Bowers v Hardwick* decision and the 2003 *Lawrence v Texas* decision which overturned it Drawing upon his own experiences as a gay man Richards interweaves personal observations with philosophical political judicial and psychological insights to make a case that gays should be entitled to the same rights and protections that every American enjoys From publisher description

Pornography and Sexual Representation Joseph W. Slade, 2001 A three volume reference guide to the available literature concerning pornography and sexual representation in America

**Enduring Liberalism** Robert Booth Fowler, 1999  
 Enduring Liberalism pursues two objectives One it explores the political thought of public intellectuals and the general public since the 1960s Two it assesses contemporary and classic interpretations of American political thought in light of the study's findings

**BOOK JACKET** *The Supreme Court in American Politics* Howard Gillman, Cornell W. Clayton, 1999 For decades political scientists studying the Court have adopted behavioral approaches and focused on the relatively narrow question of how the justices' policy preferences influence their voting behavior This emphasis has illuminated important aspects of Supreme Court politics but it has also left unaddressed many other important questions about this unique and fascinating institution Drawing on the new institutionalism in the social sciences the distinguished contributors to this volume attempt to fill this gap by exploring a variety of topics including the Court's institutional development and its relationship to broader political contexts such as party regimes electoral systems social movements social change legal precedents political identities and historically evolving economic structures The book's initial chapters examine the nature of the Court's distinctive norms as well as the development of its institutional powers and practice A second section relates the development of Supreme Court politics to the historical development of other political institutions and social movements Concluding chapters explore how its decision making in particular areas of law or periods of time is influenced by and influences its socio political milieu These contributions offer provocative insights regarding the Court's role in maintaining or disrupting political and economic structures as well as social structures and identities tied to ideology class race gender and sexual orientation The Supreme Court in American Politics shows how we can develop an enriched understanding of this institution and open up exciting new areas of research by placing it in the broader context of politics in the United States

**African-American Women's Gender and Political Identities in Reconstruction South Carolina and Georgia, 1865-1870** Melissa M. Soto, 1994  
*Publications of the American Academy of Political and Social Science* American Academy of Political and Social Science, 1899

Hillary Rodham Clinton Gil Troy, 2006 Chronicles the life of former first lady Hillary Rodham Clinton focusing on her activities during the ten years leading up to her national prominence and her influence on her husband's presidential administration

*Like Our Very Own* Julie Berebitsky, 2000 A fascinating chapter in American social and cultural history Like Our Very Own offers compelling evidence of the role that adoption has played in our evolving efforts to define the meaning and nature of both motherhood and family
