Sexual Science And The Law:

Sexual Science and the Law Richard Green, 1992 Extensive study of areas in which law and jurisprudence are affected or not by new scientific understanding **Sexual Science** Orson Squire Fowler, 1870 **A Global History of Sexual Science, 1880-1960** Veronika Fuechtner, Douglas E. Haynes, Ryan M. Jones, 2018 Sex has no history but sexual science does Starting in the late nineteenth century scholars and activists all over the world suddenly began to insist that understandings of sex be based on science As Japanese and Indian sexologists influenced their German British and American counterparts and vice versa sexuality modernity and imaginings of exotified Others became intimately linked The first anthology to provide a worldwide perspective on the birth and development of the field A Global History of Sexual Science contends that actors outside of Europe in Asia Latin America and Africa became important interlocutors in debates on prostitution birth control or transvestitism Ideas circulated through intellectual exchange travel and internationally produced and disseminated publications Twenty scholars tackle specific issues including the female orgasm and the criminalization of male homosexuality to demonstrate how concepts and ideas introduced by sexual scientists gained currency throughout the modern world Licht- und Schattenbilder des New Yorker Lebens James Dabney McCabe, 1872 *Medicine, Science, and the Law*, 2002 **Law's Dream of a Common Knowledge** Mariana Valverde, 2009-02-09 If knowledge is power then the power of law can be studied through the lens of knowledge This book opens up a substantive new area of legal research knowledge production and presents a series of case studies showing that the hybridity and eclecticism of legal knowledge processes make it unfruitful to ask questions such as Is law becoming more dominated by science Mariana Valverde argues that legal decision making cannot be understood if one counterposes science and technology on the one hand to common knowledge and common sense on the other The case studies of law's flexible collage of knowledges range from determinations of drunkenness made by liquor licensing inspectors and by police through police testimony in indecency cases to how judges define the truth of sexuality and the harm that obscenity poses to communities Valverde emphasizes that the types of knowledge that circulate in such legal arenas consist of facts values and codes from numerous incompatible sources that combine to produce interesting hybrids with wide ranging legal and social effects Drawing on Foucaultian and other analytical tools she cogently demonstrates that different modes of knowledge and hence various forms of power coexist happily Law's Dream of a Common Knowledge underlines the importance of analyzing dynamically how knowledge formation works And it helps us to better understand the workings of power and resistance in a variety of contemporary contexts It will interest scholars and students from disciplines including law sociology anthropology history and science and technology studies as well as those concerned with the particular issues raised by the case studies Vita Sexualis Ralph M. Leck, 2016-03-30 Karl Ulrichs's studies of sexual diversity galvanized the burgeoning field of sexual science in the nineteenth century But in the years since his groundbreaking activism has overshadowed his scholarly achievements Ulrichs publicly

defied Prussian law to agitate for gay equality and marriage and founded the world's first organization dedicated to the legal and social emancipation of homosexuals Ralph M Leck returns Ulrichs to his place as the inventor of the science of sexual heterogeneity Leck's analysis situates sexual science in a context that includes politics aesthetics the languages of science and the ethics of gender Although he was the greatest nineteenth century scholar of sexual heterogeneity Ulrichs retained certain traditional conjectures about gender Leck recognizes these subtleties and employs the analytical concepts of modernist *vita sexualis* and traditional *psychopathia sexualis* to articulate philosophical and cultural differences among sexologists Original and audacious *Vita Sexualis* uses a bedrock figure's scientific and political innovations to open new insights into the history of sexual science legal systems and Western amatory codes **The Light in the East** John Fleetwood, 1874 **Sexual Science, Including Manhood, Womanhood, and Their Mutual Interrelations** Orson Squire Fowler, 1870 **Pathways of the Holy Land Or Palestine and Syria** James D.
