Schwartz, 2013-08-21 *Sexual Subjects* a psychoanalytic book informed by gender theory queer theory and feminism addresses the tensions inherent in writing about lesbians and sexuality in the postmodern age Adria Schwartz masterfully intertwines clinical anecdotes with engaging theoretical questions that examine the construction of important categories of identity woman feminist mother lesbian and

homo hetero bisexual Schwartz also addresses specific issues which are problematic but nonetheless meaningful to self identified lesbians such as roles in gender play lesbian bed death and raising non traditional families Written from a psychoanalytic and postmodern perspective this book is a significant contribution to the work done on the conceptualization of lesbian sexuality and identity

Gay and Lesbian Parenting Jack Drescher, Deborah Glazer, 2001-08-29 Find sources of support for raising a nontraditional family in a straight world The experience of parenting is commonly overlooked in psychological theory and lesbians and gay men are not typically considered as parents or parents to be Gay and Lesbian Parenting examines the psychological issues related to developing family and becoming parents for gay men and lesbians Instead of pathologizing gay and lesbian families it explores the emotional growth and development issues inherent in child rearing Traditionally coming out as gay or lesbian meant abandoning any hope of becoming a parent or keeping your children if you already had them But with the gayby boom in full swing more and more gay and lesbian couples are having new babies adopting children and continuing to raise the offspring of previous heterosexual relationships Although gay and lesbian parents still face unique challenges in building and rearing a family as well as the usual problems heterosexual couples encounter Gay and Lesbian Parenting unflinchingly examines these concerns and offers positive suggestions and ideas for dealing with the difficulties This life affirming book takes a look at the practical and emotional realities of raising children in nontraditional family structures including issues of kinship shared motherhood and possessiveness in lesbian couples legal issues entailed by the lack of marriage and legal kinship parenthood as a powerful force for personal growth and development fatherhood as a process of creating connectedness in the family community and place of worship original empirical research on the mental health of lesbians children the history of the gay and lesbian movement as it relates to child rearing Gay and Lesbian Parenting affirms the power of gay and lesbian couples to raise healthy happy children and to change and grow through their experience of parenting This book is also essential for mental health professionals from psychiatric nurses to psychiatrists who are working with the gay and lesbian community

From Psychoanalytic Bisexuality to Bisexual Psychoanalysis Esther Rapoport, 2019-05-09 This is the first book to assess bisexuality through a range of psychoanalytic and critical perspectives highlighting both the issues faced by bisexual people in contemporary society and the challenges that can be presented by bisexual clients within a clinical setting Examining bisexuality through the lenses of Lacanian Winnicottian and Relational psychoanalytic theories the book outlines the ways in which the concept is at once both dated and yet still tremendously important It includes case studies to explore the issue of widespread countertransference responses in the clinical setting in addition to using both bisexual theory and empirical research on biphobia to comment on the social pressures facing bisexual men and women and the resultant psychological effects Bisexual identities and practices have become increasingly visible in recent years and this important book addresses the lack of critical reckoning with the topic within the psychoanalytic community It will be of great interest to practicing psychoanalysts

and psychotherapists as well as to researchers across the fields of psychoanalysis and gender and sexuality studies

Lesbian Identity and Contemporary Psychotherapy Eda Goldstein, Lois Horowitz, 2013-05-13 Recent contributions to the psychoanalytic and psychotherapeutic literature have moved beyond traditional views of lesbianism but they have tended to address lesbian identity from one theoretical vantage point or another Rarely have new ideas been linked to the process issues that arise in actual clinical situations *Lesbian Identity and Contemporary Psychotherapy* undertakes this very task and in so doing documents the therapeutic gains that result from validating lesbian sexual identity and life experience Drawing on contemporary relational thinking and new perspectives on gender and sexuality Goldstein and Horowitz describe and illustrate an affirmative approach to clinical work with lesbians at various stages of the life cycle Adolescent young adult and family issues are all brought within their compass Making ample use of case vignettes they demonstrate the ways in which therapists can elicit their patients personal narratives of self acceptance as lesbians and coming out experiences work with the transference and countertransference dynamics subsequent to such disclosures and finally explore the collaborative process through which therapist and patient seek to understand their therapeutic interaction A range of life circumstances are brought within the authors refreshingly hands on clinical approach Special consideration is given to issues arising when lesbians date and initiate romantic relationships and to the relationship problems that develop in ongoing partnerships during the middle and later years The book concludes by discussing the issues faced by lesbian therapists in treating lesbian patients and in interacting with heterosexual colleagues An exemplary overview of newer views of lesbian identity and of the challenges of lesbian life *Lesbian Identity and Contemporary Psychotherapy* is equally valuable as an up to date relationally informed guide to clinical work with lesbian patients

LGBT Psychology and Mental Health Richard Ruth Ph.D., Erik Santacruz Ed.D., 2017-10-27 This cutting edge guide spotlights some of the most exciting emerging discoveries trends and research areas in LGBT psychology both in science and therapy *LGBT Psychology and Mental Health Emerging Research and Advances* brings together concise substantive reviews of what is new or on the horizon in science and in key areas of clinical practice It will equip professionals at institutions with mental health programs that deal with lesbian gay bisexual and transgender issues with information and insight to help psychologists mental health clinicians and counselors better serve the LGBT populations that increasingly are seeking their services The book begins with introductory chapters that present an overview of the field chronicle the relationship between the LGBT community and the field of psychology in past decades and identify emerging issues covered in the volume It then addresses subjects such as social psychology and LGBT populations health disparities and LGBT populations the evolution of developmental theory related to the LGBT populations emerging policy issues in LGBT health and psychology and recent efforts to make the field of psychology more trans inclusive and affirmative Chapters are also dedicated to examining contemporary LGBT affirmative psychoanalysis and treating addictions and substance abuse in the LGBT community The book concludes with chapters that address how the concept of

intersectionality can serve as a way to better understand LGBT members who possess multiple cultural identities and the unique stressors they experience in daily life The final chapter summarizes issues that bridge the contributions provided by the authors and it highlights current issues of focal concern in order to project future directions for the field of LGBT psychology in the next two decades
