Sexual Sites Seminal Attitudes:

Sexual Sites, Seminal Attitudes Sanjay Srivastava, 2004-03-20 Discussions on sexuality in the South Asian context have tended to focus largely on men's preoccupations through notions such as semen anxiety. Another restrictive framework is the excessive importance ascribed to religion in everyday life. The result has been a rather narrow debate on sexuality. By providing accounts of a myriad sites and meanings of sexuality, this remarkable volume broadens the debate on sexuality in South Asia. It combines perspectives from history, anthropology, and cultural and literary studies to provide an interdisciplinary exploration of the cultures of and the multiple meanings and contestations that gather around masculinities and sexualities. The collection is unique in the breadth of its theoretical concerns, its focus on hitherto marginalized sexual identities, and its novel juxtapositions of analyses of colonial discourses with those of postcolonised modernity. **Sexual Sites, Seminal Attitudes** Sanjay Srivastava, 2004

With Respect to Sex Gayatri Reddy, 2010-05-15 *With Respect to Sex* is an intimate ethnography that offers a provocative account of sexual and social difference in India. The subjects of this study are hijras or the third sex of India, individuals who occupy a unique liminal space between male and female, sacred and profane. Hijras are men who sacrifice their genitalia to a goddess in return for the power to confer fertility on newlyweds and newborn children, a ritual role they are respected for at the same time as they are stigmatized for their ambiguous sexuality. By focusing on the hijra community, Gayatri Reddy sheds new light on Indian society and the intricate negotiations of identity across various domains of everyday life. Further, by reframing hijra identity through the local economy of respect, this ethnography highlights the complex relationships among local and global sexual and moral economies. This book will be regarded as the definitive work on hijras, one that will be of enormous interest to anthropologists, students of South Asian culture, and specialists in the study of gender and sexuality. **(Hi)Stories of Desire** Rajeev Kumaramkandath, Sanjay Srivastava, 2020-02-20 Draws upon multi-disciplinary frameworks of analysis to provide an account of the making of sexual cultures in modern India. **Imagining Germany Imagining Asia** Veronika Fuechtner, Mary Rhiel, 2013 This collection of new essays explores how Germany's imagined Asia informed its national fantasies at crucial historical junctures. It will influence future scholarly explorations of Asian-German cultural transfer. The first collection of essays in the new field of Asian-German Studies, *Imagining Germany Imagining Asia* demonstrates that Germany and Asia have always shared cultural spaces. Indeed, since the time of the German Enlightenment, Asia served as the foil for fantasies of sexuality, escape, danger, competition, and racial and spiritual purity that were central to foundational ideas of a cohesive German national culture during crucial historical junctures such as fascism or reunification. By exploring the complex and varied phenomenon of German Orientalism, these essays argue that the relation between an imagined Germany and an imagined Asia defies the idea of a one-way influence, instead conceiving of their cultural transfers and synergies as multidirectional and mutually perpetuating. Examining literary and non-literary texts from the eighteenth century to the present, these essays cover a wide

range of topics and genres in disciplines including philosophy film and visual culture theater literary studies and the history of science Ideally positioned to shape further contributions *Imagining Germany Imagining Asia* will attract a wide range of readers interested in German Asian colonial postcolonial and transnational studies Contributors Sai Bhatawadekar Petra Fachinger Veronika Fuechtner Randall Halle David D Kim Hoi eun Kim Kamakshi Murti Perry Myers Mary Rhiel Qinna Shen Quinn Slobodian Chunjie Zhang Veronika Fuechtner is Associate Professor of German at Dartmouth College Mary Rhiel is Associate Professor of German at the University of New Hampshire *Subalternity and Difference* Gyanendra Pandey, 2013-03 Focusing on concepts that have been central to investigation of the history and politics of marginalized and disenfranchised populations this book asks how discourses of subalternity and difference simultaneously constitute and interrupt each other The authors explore the historical production of conditions of marginality and minority and challenge simplistic notions of difference as emanating from culture rather than politics They return thereby to a question that feminist and other oppositional movements have raised of how modern societies and states take account of and manage social economic and cultural difference The different contributions investigate this question in a variety of historical and political contexts from India and Ecuador to Britain and the USA The resulting study is of invaluable interest to students and scholars in a wide range of disciplines including History Anthropology Gender and Queer and Colonial and Postcolonial Studies
