Sexuality And The Christian Body Their Way Into The Triune God:

Sexuality and the Christian Body Eugene F. Rogers, Jr.,1999-08-25 God and the Body addresses the challenges to traditional Christianity by gay and lesbian Christians and their critics within the church This controversial book will be welcomed for the radical new insights it provides into Christian arguments about the body Rethinking the Trinity and Religious Pluralism Keith E. Johnson,2011-09-02 Founding his argument on a close reading of St Augustine s De Trinitate Keith Johnson critiques four recent attempts to construct a pluralistic theology of religions out of the orthodox doctrine of the Trinity Human Sexuality and the Nuptial Mystery Roy R. Jeal,2010-03-08 This collection of essays was originally presented at the St Margaret s Consultation on Doctrine Liturgy and Preaching held at St Margaret s Anglican Church in Winnipeg Canada in 2008 They consider human sexuality and marriage from a distinctly theological rather than polemical standpoint aiming to avoid frequently polarized debates The interesting commonality indicated in the articles is that sex and marriage are not about self fulfillment but are outwardly directed aimed toward the other person toward growth maturity and deepened spirituality for the benefit of the church for productive good and for children The first section explores theological and ethical issues surrounding human sexuality and aims toward understanding the nature of relationships in these contexts The second section explores the spiritual nature of marriage and the history of thinking on marriage and family within Christian theology For those interested in pursuing truly theological engagement with marriage and sexuality this collection is required reading Identität: Christ. Orthodox Tradition and Human Sexuality Thomas Arentzen,Ashley M. Purpura,Aristotle Papanikolaou,2022-11-15 Sex is a difficult issue for contemporary Christians but the past decade has witnessed a newfound openness regarding the topic among Eastern Orthodox Christians Both the theological trajectory and the historical circumstances of the Orthodox Church differ radically from those of other Christian denominations that have already developed robust and creative reflections on sexuality and sexual diversity Within its unique history theology and tradition Orthodox Christianity holds rich resources for engaging challenging questions of sexuality in new and responsive ways What is at stake in questions of sexuality in the Orthodox tradition What sources and theological convictions can uniquely shape Orthodox understandings of sexuality This volume aims to create an agora for discussing sex and not least the sexualities that are often thought of as untraditional in

Orthodox contexts Through fifteen distinct chapters written by leading scholars and theologians this book offers a developed treatment of sexuality in the Orthodox Christian world by approaching the subject from scriptural patristic theological historical and sociological perspectives Chapters devoted to practical and pastoral insights as well as reflections on specific cultural contexts engage the human realities of sexual diversity and Christian life From re thinking scripture to developing theologies of sex from eschatological views of eros to re evaluations of the Orthodox responses to science this book offers new thinking on pressing present day issues and initiates conversations about homosexuality and sexual diversity within Orthodox Christianity

Exploring the boundaries of bodiliness Sigrid Müller, Slavomir Dlužoš, Gerhard Marschütz, 2013 English summary Recent developments in technology have given rise to the impression that the boundaries imposed by our bodiliness can somehow be overcome The increasing philosophical interest in bodiliness as an unavoidable human condition can be seen as a response to this far too comfortable impression The essays in this volume address the topic of bodiliness from a theological point of view They show that our perceptions of and relationships with one another cannot be divorced from our bodily condition and that this existential reality affects significantly how we understand our relationship with God The contributions also address how we can best deal with the fragility of our bodily condition as well as the challenges that technological and medical procedures for altering the appearance and constitution of our bodies pose Special attention is given to how liturgical experience not only offers us a means to respond to these challenges but also to deepen our understanding of Christian communities as ineluctably bodily German description Die technologischen Entwicklungen unserer Zeit erwecken den Eindruck dass wir unseren Leib verbessern und seine Grenzen mit ihrer Hilfe überwinden können Das hohe philosophische Interesse an der leiblichen Verfasstheit des Menschen ist möglicherweise eine Gegenreaktion auf diese Entwicklung Dieser Band bietet theologische Perspektiven zu diesem Thema Die Beiträge vertreten ein integratives Verständnis vom Menschen zu dem Leiblichkeit als unabdingbare Charakteristik gehört Sie zeigen wie diese Leiblichkeit die Art und Weise bedingt wie wir uns wahrnehmen und miteinander in Beziehung treten und wie sich diese Grundbedingung auch auf unsere Beziehung zu Gott auswirkt Gegen eine einseitige Perspektive der Verbesserung des Körpers stellen die Autoren einen differenzierten Umgang mit dessen Verwundbarkeit Die Beiträger stellen die Bedeutung der Leiblichkeit für den Vollzug der Liturgie und für ein zeitgemässes Verständnis von christlicher Gemeinde und diakonischer Arbeit heraus
