gay and lesbian Christians      Sacred Marriages Martti Nissinen, Risto Uro, 2008 The title of this volume Sacred Marriages consciously plays with the traditional concept of sacred marriage but the plural form sacred marriages gives the reader an idea that something more is at stake here than a monomaniacal idea of manifestations deriving from a single prototype Following the guidelines of one of the contributors Ruben Zimmermann the editors tentatively define sacred marriage as a real or symbolic union of two complementary entities imagined as gendered in a religious context Sacred marriages plural then refers to various expressions of this kind of union in different cultures that seek to overcome to cite Zimmermann again the great dualism of human and cosmic existence The subtitle indicates that the contributors are primarily interested in different aspects of the divine human sexual metaphor that is the imagining and reenactment of a gendered relationship between the human and divine worlds This metaphor which is essentially about relationship rather than sexual acts can find textual ritual mythical and social expressions in different times and places Indeed the sacred marriage ritual itself should be considered not a manifestation of the sacralized power of sexuality experienced in sexual intercourse but one way of objectifying the divine human sexual metaphor      **Eros - Körper - Christentum** Stefan Orth, 2009      Journal of the History of Sexuality , 1993      **Faith and Praxis in a Postmodern Age** Ursula King, 1998 We live in a culture which has broadly rejected the possibility of absolute belief in one overriding truth And yet we are surrounded by people who do believe who indeed are often intensely religious but believe in different things This fragmentation of culture is a challenge to all major religions Given that we have to live together and given that many of our starting points are the same even if our interpretations are different how do we cope with the practical day to day task of living and thriving in the same socio political environment This key postmodern dilemma is addressed in this valuable collection of essays by all international team of writers In a postmodern age can we believe at all If we accept that we are no longer unique where does that leave Christian spirituality British South African and Jewish writers explore ways in which the question of religion impacts on political life in Britain South Africa and Israel      Journal of Theology for Southern Africa , 2006      **The New Interpreter's Bible** Abingdon Press, 1994 The New Interpreter sRM Bible brings the best in contemporary biblical scholarship into the service of the Church      **From Queer to Eternity** Peter Sweasey, 1997 This is not another book about why religion should accept lesbian gay and bisexual people Instead it moves off the defensive and asks why any self respecting queer would want to have anything to do with spirituality Answers come from a diverse collection of holy homos including Buddhists Christians Jews Neo Pagans and New Agers as well as queers who seek spirituality through drugs nature massage dance art and sex There are contributions from Rabbi Lionel Blue Reverend Richard Kirker Catherine Treasure Father Bernard Lynch Rabbi Sheila Shulman Fernando Guasch Reverend Jean White Maitreyabandhu and the Sisters of Perpetual Indulgence along with over sixty others      A Question of Sex? Deborah W. Rooke, 2007 Gender differences between men and women are not just a matter of sexual differentiation the roles that men and women play are also socially and culturally determined in ancient

Israel and post biblical Judaism as in every other context That is the theme of these ten studies The first part of the volume examines the gender definitions and roles that can be identified in the Hebrew Bible s legal and ritual texts The second part uses archaeological and anthropological perspectives to interrogate the biblical text and the society that formed it on issues of gender The third part explores similar gender issues in a range of material outside the Hebrew Bible from the Apocrypha through Josephus and Philo down to mediaeval Jewish marriage contracts ketubbot Among the questions here discussed are Why are men but not women required to bathe in order to achieve ritual purity after incurring certain types of defilement What understandings of masculinity and femininity underlie the regulations about incest Was ancient Israel simply a patriarchal society or were there more complex dynamics of power in which women as well as men were involved What do post biblical re interpretations of the female figures of Wisdom and Folly in Proverbs 1 9 suggest about heterosexual masculinity And what kind of rights did mediaeval Middle Eastern Jewish women have within their marriage relationships

*Challenging Invisibility* Karen Scheib, 2004-05 Scheib draws on her extensive research insights of gerontology sociology psychology and anthropology and her experience as a practical pastoral theologian to develop a new approach to pastoral care with older women a pastoral approach to aging that takes into account the social context as well as individual analysis and theological reflection She proposes a model of care and a set of practices that challenge women s invisibility and assist congregations in being good places to grow old BOOK JACKET
