Francoeur, Patricia Koch, David Weis, 1999-08-01 Now available in a new paperback edition this survey is different in both breadth and scope from all other reports on sexuality in the United States It covers every topic imaginable from a multicultural point of view in order to reflect fully the complex society in which we live the biological psychological social and spiritual aspects of our sexual lives **Sexualities in Context** Rebecca

Plante, 2014-11-13 Written in an accessible and clear manner Sexualities in Context presents focused overviews and explorations of some of the most timely issues in the social construction of sex This brief text is the only book of its kind to address sexualities from a social perspective Plante's analysis of the context of sexuality sexual behaviors and identities is both intelligent and readable With contemporary topics such as hooking up sexual fantasies and bisexualities along with examples of how to apply critical thinking students are empowered to think outside their comfort zones and encouraged to explore the topic of sex in a new context **Psychology and the Internet** Jayne Gackenbach, 2011-10-10 The previous

edition provided the first resource for examining how the Internet affects our definition of who we are and our communication and work patterns It examined how normal behavior differs from the pathological with respect to Internet use Coverage includes how the internet is used in our social patterns work dating meeting people of similar interests how we use it to conduct business how the Internet is used for learning children and the Internet what our internet use says about ourselves and the philosophical ramifications of internet use on our definitions of reality and consciousness Since its publication in 1998 a slew of other books on the topic have emerged many speaking solely to internet addiction learning on the web or telehealth There are few competitors that discuss the breadth of impact the internet has had on intrapersonal interpersonal and transpersonal psychology Provides the first resource for looking at how the Internet affects our definition of who we are Examines the philosophical ramifications of Internet use and our definitions of self reality and work Explores how the Internet is used to meet new friends and love interests as well as to conduct business Discusses what represents normal behavior with respect to Internet use [The Continuum Complete International Encyclopedia of Sexuality](#) Robert T.

Sussman,Suzanne K. Steinmetz,Gary W.

Peterson,2013-06-29 To know where we are going as scholars educators and practitioners in the field of marriage and family life we first need to know where we have been A perusal of early texts on marriage and family life provides some thought provoking insights into the accuracy of the saying what goes around comes around It is interesting to note who has been considered to be in a position to provide information on marriage and family life Included in the eclectic collection of texts we reviewed were ministers whose focus was on spirituality doctors who emphasized medical aspects of child and adult health and public health professionals and home economists concerned with fighting disease who emphasized cleanliness order fighting germs and eliminating rodents and insects There are also philosophers who drew from ancient texts when discussing family life and a count who assembled a group of German intellectual elites to address various topics An insightful essay of this type is by Marta Karlweis 1926 in which she notes There is no other fetish that society holds to so firmly as the conception woman with all its usual associations of infantilism and dependence The child requires protection is a minor and consequently a serf but above all it possesses no spiritual existence Neither doctorates or other distinctions nor the right to vote have as yet been able to dispel this sweet idea of the childishness of woman which man cherishes p **Choice** ,1998

Taking Sides Robert T. Francoeur,William J. Taverner,2000 38 lively and thoughtful statements by articulate advocates on opposite sides of a variety of sexuality related questions Preface *The Perils of Masculinity* Andreas G.

Philaretou,2004-04-19 In this book Andreas G Philaretou uses autobiographical reflection to investigate the negative impact of traditional masculine gender socialization on men s lives Through an analysis that uses a feminist postmodern ideology of gender deconstruction and reconstruction Philaretou sheds new light on the understudied area of male hurt which is often experienced within the context of interpersonal relationships in dating marital and familial settings and tends to be manifested in the form of male sexual anxiety sexual addiction and relational abuse SIECUS Report ,1999 **The Lovemap Guidebook** John Money,1999 This book is written to appeal to the general reader with a personal curiosity about lovemaps in everyday life and relationships what makes us tick sexually as well as to the professional and academic reader

The book is therefore both humanistic and scientific. It uses historical and transcultural data as well as clinical data to examine a range of historical, ethical, legal, and religious issues as they relate to the love map.

BOOK JACKET **The Hastings Law Journal**, 2002 *Human Sexuality* Bryan Strong, Christine DeVault, 1997 Human Sexuality: Diversity in Contemporary America Bryan Strong, 2008

Human Sexuality: Diversity in Contemporary America is a pioneering text in many ways. The first text to achieve a full integration of cutting edge research with a contemporary, sex-positive approach, it also strives to represent the modern, diverse world that students encounter outside the classroom. Both within the text itself and throughout the exemplary art and photo program, the focus is on inclusion. Written by a leading sexuality researcher and experienced teachers of the human sexuality course, *Human Sexuality* has been lauded by students and instructors alike for providing the most integrated and non-judgmental view of sexual orientation available. This modern theme, along with the thorough coverage of sexuality and the media, engaging writing style, and biopsychosocial orientation, make the text a perennial best seller. The new sixth edition builds on these strengths and adds updated information, a new design, and a highly crafted resource program to make the book more useful than ever.

Understanding Human Sexuality Janet Hyde, John DeLamater, 2008

This trusted text examines the biological, psychological, and social science of human sexuality, provides practical information needed for everyday living, and familiarizes students with research methods used in sexuality. The author team features a unique combination of a psychologist and a sociologist, which gives this text a distinct interdisciplinary perspective. The thoroughly revised tenth edition of Hyde's *Understanding Human Sexuality* has new features focusing on Sex Research, Sexual Diversity, and the First Person, all in a briefer and better organized text. Hyde comes with access to SexSource Online, an online resource of quality video clips to accompany course material.

American Book Publishing Record Cumulative 1998 R. R. Bowker Publishing, 1999-03 **The Publishers Weekly**, 1998 **Human Sexuality in a World of Diversity** Spencer A. Rathus, Jeffrey S. Nevid, Lois Fichner-Rathus, 2005

The perfect balance between science and pedagogy, *Human Sexuality in a World of Diversity* 7e examines the rich diversity found in human sexuality and helps students develop their own opinions by promoting critical thinking skills, personal sexual health awareness, and responsible decision making. Firmly rooted in science, the text systematically encourages students to apply the research to their own lives.
