Sexuality and Its Discontents Jeffrey Weeks, 1985-01-01 Few topics evoke so much anxiety and pleasure pain and hope discussion and silence as sexuality Throughout the Christian era it has been a major moral preoccupation Since the eighteenth century it has also been the focus of scientific exploration and political activity But despite this obsessive concern we are still as baffled as our predecessors about the true meaning of sex In this book Jeffrey Weeks unravels the dense web of historical theoretical and political forces that have culminated in the contemporary crisis of sexual meanings and values The book begins with a powerful evocation of our present discontents and their potent signs the rise of the New Right the retreat of progressive forces and a wave of moral panics around sex It argues that this crisis is rooted in a tradition which has ascribed an inflated importance to sexuality whilst claiming a privileged access to truth The author then examines radical debates of recent years and asks whether they contain the potentiality for taking us beyond the existing boundaries of sexuality From this analysis emerges a controversial radical pluralist approach to sexuality built on an acceptance of diversity and choice from Google Books

Sexuality Jeffrey Weeks, 2022-12-30 Sexuality is the fifth revised and updated edition of the classic text for understanding human sexuality This new edition brings the arguments and evidence fully up to date and explores their implication for many topical controversies around LGBTQ rights the trans experience and gender fluidity same sex marriage sexual autonomy and consent and the meanings of sexual choice Since it was first published in the 1980s Sexuality has been at the cutting edge of the study of the social and historical meanings of sexuality Blending deep empirical knowledge with theoretical sophistication and an acute sensitivity to the politics of sexuality the book offers an informed framework for understanding the complexities of sexual life A key insight of the book is that the ways we think and speak about sexuality make a major contribution to the ways we live it Sexuality may

be rooted in biological possibilities but it is shaped and experienced through languages and meanings which are inevitably historical and social in nature The book explores with clarity and precision the invention and re invention of sexual meanings the question of what constitutes a true sex and the biological and social roots of sexual difference the challenges of diversity the re making of sexuality as a highly divisive political subject and the implications of the transformation of intimate life in the past few generations These are seen in the context of profound changes that are re fashioning the world especially globalisation cyber sex and the rise of new forms of agency including among women and LGBTQ people which have fed into new claims for sexual human rights This new edition of Sexuality will be an indispensable guide for students in the social sciences with an interest in the ever changing worlds of sexuality **Histories of Sexuality** Stephen Garton,2014-12-18

This book presents the first assessment of one of the most rapidly expanding fields of research the history of sexuality From the early efforts of historians to work out a model for sexual history to the extraordinary impact of French philosopher Michel Foucault to the vigorous debates about essentialism and social constructionism to the emergence of contemporary debates about historicism queer theory embodiment gender and cultural history we now have vast and diverse historical scholarship on sex and sexuality Histories of Sexuality highlights the key historical moments and issues pederasty and cultures of male passivity in ancient Greece and Rome the impact of early Christianity and ideals of renunciation on the sexual cultures of late antiquity the sustained existence of homosexual cultures in medieval and renaissance Europe the invention of homosexuality and heterosexuality in eighteenth century Europe and America the truth behind Victorian sexual repression the work of reformers and scientists such as Havelock Ellis Marie Stopes Stella Browne Margaret Sanger Alfred Kinsey William Masters and Virginia Johnson **Reader's Guide to Lesbian and Gay Studies** Timothy Murphy,2013-10-18 The Reader's Guide to Lesbian and Gay Studies surveys the field in some 470 entries on individuals Adrienne Rich arts and cultural studies Dance ethics religion and philosophical issues Monastic Traditions historical figures periods and ideas Germany between the World Wars language literature and communication British Drama law and politics Child Custody medicine and biological sciences Health and Illness and psychology social sciences and education Kinsey Report **Sexual Suspects - Influences of the Sexual Liberation on Lust, Sexuality and Family in John Irving's 'The World According to Garp'** Daniel

Heuermann,2005-10-13 Seminar paper from the year 2004 in the subject American Studies Literature grade 2.0 University of Paderborn course John Irving Selected Novels language English abstract John Irving's novel The World According to Garp gives the reader a view on the lives of its characters and as a part of it their attitudes towards lust and sexuality The description of these aspects is very direct and may be offensive for some more conservative persons Even for persons who tend to be liberal minded Irving's way of writing about sex can be uncommon although he uses lust and sexuality only to tell the story and not for sensational reasons It is strange that after forty years of sexual liberation or the so called sexual revolution so little seems to have changed and people still have these kinds of feelings when reading about sex being

described so directly. Despite the fact that people expected more from the sexual liberation in the 1960s and 1970s, there was indeed a change in attitude towards certain aspects such as premarital and extramarital sex. Studies in the United States in the 1970s revealed a gradual decrease over time in the percentage of respondents who said that premarital sex is always wrong. Another important change which derived from the liberation movement was the new female sexuality, especially concerning the sexual fulfilment of women before and during marriage. This is also proved by a decreasing support of the double standard where men are more or less allowed to be sexual active including premarital and even extramarital sex but women are not. You also have to consider the women's movement when thinking about female sexual liberation. Both sexual liberation and feminism somehow worked together hand in hand to achieve improvement for women's sexuality. In order to understand the gap between the new achievements and the nevertheless still existing resentments towards them, you need to know the situation prior to the 1960s when the above mentioned double standard and abstinence were in the focus of sexuality.

21st Century Sexualities Gilbert Herdt, Cymene Howe, 2007-04-11 Exploring sexuality in the twenty first century, this unique book collects together more than fifty timely and accessible contributions to create a wide ranging and compelling picture of contemporary American sexuality. Incorporating the latest cutting edge controversies, theory and methodological material from the major domains of sexual education, sexual health, sexual rights and globalization, this book includes a superb editorial overview that opens up the field for students and teachers alike. This anthology will be an invaluable supplement to all levels of students and researchers interested in sexuality across a range of disciplines including anthropology, sociology, gender and sexuality studies and politics. *Zeitschrift für Sexualforschung*, 2004 [Female Sexual Inversion](#) Chiara Beccalossi, 2011-10-26 An examination of how female same sex desires were represented in a wide range of Italian and British medical writings 1870-1920. It shows how the psychiatric category of sexual inversion was positioned alongside other medical ideas of same sex desires such as the virago, tribade, prostitute, fiamma and gynaecological explanations. **Lieber ist mir ein Bursch--** Rainer Guldin, 1995 [Körper, Sexualität und Moral](#) Andrea Gutenberg, 2009

Sexualität und Tod Franz Meier, 2002 Die Studie bearbeitet anhand der Themenverknüpfung Sexualität und Tod ein im engeren Sinne literaturwissenschaftliches, im weiteren Sinne kulturwissenschaftliches Problemfeld, das der Interdependenz literarischer und soziokultureller Phänomene im historischen Wandel. Den Untersuchungsbereich bildet die englische Kultur vom späten 18. bis zum ausgehenden 19. Jahrhundert bzw. die englische Schauer- und Sensationsliteratur dieser Zeit. Die Arbeit stellt aber auch allgemein die bisher umfassendste Behandlung der Themenverknüpfung Sexualität und Tod in Literatur und soziokulturellem Kontext dar. Methodisch geht die Untersuchung weit über traditionelle Motivgeschichte hinaus und verbindet Ansätze des Strukturalismus, Jakobson, Lodge, der Soziologie, Parsons, Meyer, Ort, der Psychologie, Freud und der Kulturtheorie. Bataille, Foucault. Inhaltlich untersucht sie zum einen die historischen Manifestationen und Wandlungen der Diskurse Sexualität und Tod und andererseits in einem ausführlichen textanalytischen Teil literarische Werke von Horace Walpole, M.
