

The background of the book cover is a detailed medieval manuscript illumination. It features a large central circular vignette (tondo) depicting a scene with several figures in medieval attire. Two figures in the foreground are embracing, while others are visible in the background. The scene is set against a gold leaf background. Surrounding this central vignette are smaller, rectangular vignettes in the corners, each showing a different scene, possibly related to the same narrative. The entire cover is decorated with intricate floral and geometric patterns in red, blue, and gold.

Sexuality In Medieval Europe Doing Unto Others:

Sexuality in Medieval Europe Ruth Mazo Karras, 2005 The best short introduction to medieval sexuality that I have read a remarkable book Vern Bullough *Reviews in History* Undergraduate and graduate students will find in Karras book an extremely helpful guide to what can be a confusing and perplexing body of scholarship Even established scholars are likely to find it enlightening as well as enjoyable James Brundage *Journal of Ecclesiastical History* An impressively synthetic and highly readable survey of current scholarship on medieval sexuality that will be of considerable use in undergraduate and postgraduate teaching Emma Campbell Signs Sexuality in medieval Europe has become a vital scholarly field that is now recognized as central to the study of the Middle Ages Using a wide collection of evidence from the late Antique period up until the fifteenth century this new edition of the standard overview on the topic demonstrates that medieval culture developed sexual identities that were quite different from the identities we think of today yet that were still in some ways ancestral to our own Challenging the way the Middle Ages have been treated in general histories of sexuality Ruth Mazo Karras shows how views at the time were conflicted and complicated there was no single medieval attitude towards sexuality any more than there is one modern attitude The well known lusty priest and the repressed penitent have their roles to play but set here in a wider context these figures take on fascinating new dimensions Focusing on acceptable marital sexual activity as well as what was seen as transgressive the chapters cover such topics as chastity the role of the church and non reproductive activity Combining an overview of research on the topic with original interpretations now updated with the latest scholarship and additional material from medieval Christian Europe Jewish medieval culture and the Islamic world Sexuality in Medieval Europe is essential reading for all those who study medieval history and culture or who have an interest in the way sexuality and sexual identity have been viewed in the past

known lusty priest and the repressed penitent have their roles to play but set here in a wider context these figures take on fascinating new dimensions Focusing on acceptable marital sexual activity as well as what was seen as transgressive the chapters cover such topics as chastity the role of the church and non reproductive activity Combining an overview of research on the topic with original interpretations now updated with the latest scholarship and additional material from medieval Christian Europe Jewish medieval culture and the Islamic world *Sexuality in Medieval Europe* is essential reading for all those who study medieval history and culture or who have an interest in the way sexuality and sexual identity have been viewed in the past

Sexuality in Medieval Europe Ruth Mazo Karras, Katherine E. Pierpont, 2023 Now in its fourth edition *Sexuality in Medieval Europe* provides a lively account of a society whose attitudes toward sexuality both were ancestral to and differed from contemporary ones The volume is structured not by types of sexual interactions or deviance but to reflect the difference in gendered experiences when sex is seen as an act one person does to another Sexual activity within and outside of marriage as well as sexual inactivity had different meanings based on gender social status religious affiliation and more This book considers these iterations of medieval sexuality in its effort to show there was no single medieval attitude towards sexuality With an emphasis on Christian Western Europe over the entire course of the Middle Ages it also includes comparative material on neighboring cultures at the time Alongside being reworked for further clarity and readability the fourth edition offers substantial new material on trans scholarship and methodological attempts to recoup a trans past changes in the treatment of sex work and its terminology and new material on Byzantine and Muslim culture *Sexuality in Medieval Europe* is an essential resource for all those who study medieval history medieval culture and the history of sexuality in Europe

Vormoderne Dieses Buch gibt erstmals einen weitgespannten Überblick über die Geschichte der europäischen Sexualkulturen von der Antike bis zur Frühen Neuzeit. Anhand zahlreicher Beispiele und Quellen zeigt Franz X. Eder, dass das Sexualleben in früheren Jahrhunderten einen elementaren Stellenwert für das Zusammenleben von Paaren und Gemeinschaften für die Selbst- und Fremdsicht der Individuen und für die Aufrechterhaltung der gesellschaftlichen, wirtschaftlichen und politischen Ordnung hatte. Er spannt dabei den Bogen von der Politisierung und Sozialisierung des Eros in der griechisch-römischen Antike über den skeptischen Umgang mit dem Sexuellen im frühen Christentum und die ambivalente Sexualwelt des Mittelalters bis zu deren Regulierung und Disziplinierung während und nach der Reformation.

Women and Gender in Medieval Europe Margaret Schaus, 2006 Publisher description Sexuality in the Middle Ages and the Early Modern Times Albrecht Classen, 2008 Biographical note Albrecht Classen University of Arizona Tucson USA The Routledge Companion to Cultural History in the Western World Alessandro Arcangeli, Jörg Rogge, Hannu Salmi, 2020-09-01 The Routledge Companion to Cultural History in the Western World is a comprehensive examination of recent discussions and findings in the exciting field of cultural history. A synthesis of how the new cultural history has transformed the study of history, the volume is divided into three parts: medieval, early modern, and modern, that emphasize the way people made sense of the world around them. Contributions cover such themes as material cultures of living, mobility and transport, cultural exchange and transfer, power and conflict, emotion and communication, and the history of the senses. The focus is on the Western world, but the notion of the West is a flexible one. In bringing together 36 authors from 15 countries, the book takes a wide geographical coverage, devoting continuous attention to global connections and the emerging trend of globalization. It builds a panorama of the transformation of Western identities and the critical ramifications of that evolution from the Middle Ages to the twenty-first century, that offers the reader a wide-ranging illustration of the potentials of cultural history as a way of studying the past in a variety of times, spaces, and aspects of human experience. Engaging with historiographical debate and covering a vast range of themes, periods, and places, The Routledge Companion to Cultural History in the Western World is the ideal resource for cultural history students and scholars to understand and advance this dynamic field.
